**Those Girls** Katherine J. Lehman 2011-09-27 Long before Carrie Bradshaw in Sex and the City, there was Mary Richards in The Mary Tyler Moore Show. Every week, as Mary flung her beret into the air while the theme song proclaimed, "You're gonna make it after all," it seemed that young, independent women like herself had finally arrived. But as Katherine Lehman reveals, the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn't as simple as the toss of a hat. Those

Girls is the first book to focus exclusively on struggles to define the “single girl” character in TV and film during a transformative period in American society. Lehman has scoured a wide range of source materials—unstudied film and television scripts, magazines, novels, and advertisements—to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women’s rights movement. Lehman’s book focuses on the “single girl”—an unmarried career woman in her 20s or 30s—to show how this character type symbolized sweeping changes in women’s roles. Analyzing films and programs against broader conceptions of women’s sexual and social roles, she uncovers deep-seated fears in a nation accustomed to depictions of single women yearning for matrimony. Yet, as television began to reflect public acceptance of career women, series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity—while movies like *Looking for Mr. Goodbar* cautioned viewers against carrying new-found freedom too far. Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen. She includes often-overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life. And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men*. This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores. Those Girls reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried, independent woman in America.

*Real Money Answers for Every Woman* Patrice C. Washington

2016-01-19 Now widely available, the popular, award-winning, self-published guide to help women get out of debt, rebuild their credit, and fulfill their financial dreams. Patrice Washington rationalized her excessive spending. “I work hard, I deserve this.” “I bought it on sale.” But at twenty-two, the recent college graduate was \$18,000 in debt and sinking fast. It was time to take control. Patrice educated herself about finance, adopted a new attitude toward money, and most importantly, adjusted her spending habits. By twenty-five she was debt free—and used the wisdom she gained to start her own successful real estate and mortgage brokerage—and by twenty-nine started her own financial counseling business. Patrice’s former bad spending habits aren’t unique, and women find themselves in financial hot water for a host of reasons. Women earn less than men and have to stretch those hard-earned dollars further. They contribute more to caregiving and aging parents, live longer, and many—including most African American women—are choosing to stay single. *Real Money Answers for Every Woman* teaches you how to take responsibility for your financial future, whether you’re just starting out or need a fresh start. In a handy Q & A format, it offers relatable and easy to understand and implement advice on everything from managing credit cards, home ownership, and student loans to affordable childcare and even negotiating for a higher salary. Following Patrice’s practical advice, you’ll learn to form “wealthy” habits, establish an “opportunity fund,” stop collecting STUFF that causes debt, and discover the freedom that comes from feeling financially secure.
