The Master Director Thomas K Shor 2019-02-20 "Maybe you shouldn't go back to Darjeeling. It might not be safe for you..." The lama was in the next room. It was 2 a.m. He was trying to calm his attendants. I think the boys wanted to kill me. This was my last day with Gurudev. In this riveting true story, when Thomas K. Shor, an adventuring American writer with an ear for unusual stories, wanders into a Himalayan mountain village and into the life of an enigmatic spiritual master known as Gurudev he has no idea of what he is getting into. As Gurudev, a Tibetan Buddhist lama, lavishes the author with presents and invites him into his inner circle--thereby offering him, and us, a unique glimpse into a master's life and his teachings--it seems destiny is at work. But what happens when it turns out the master has close ties with the local dictator and his henchmen and Shor finds himself being hosted at some of their houses? How is he to reconcile the religion of love with the violence of politics? Gurudev's 'engaged Buddhism' not only stretches common notions of morality, but also spins Shor's moral compass. Ultimately, the author flees Darjeeling under physical threat and abandons the writing of this book--until now. **THE MASTER DIRECTOR**, richly illustrated with over 60 photos, probes the limits of charisma and skepticism, devotion and doubt. And throughout, Shor's captivating story treads the fine line of openness without credulity, and questioning without prejudice. While the warnings are many

against mixing religion and politics, they combine in this entertaining tale set in the politically tumultuous foothills of India's eastern Himalayas to reveal profound insights into the nature of both the human and the divine.

Tree Dreams Kristin Kaye 2018-04-10 When seventeen-year-old Jade Reynolds witnesses a violent clash between a protesting tree sitter and a local logger, she runs as far as she can from the battles that plague her home and from the mysteries of the redwood forest. But the ancient redwoods are embedded in her psyche—she feels their call even in the dark and forgotten back alleys of Portland, Oregon where she's hiding out. She soon becomes entangled with a lovable misfit and a band of radical slackers, environmentalists, and anarchists, and finds herself living 100 feet high in the canopy of a redwood grove, trying to decide whose side she's on: the logging community she's known her entire life or the environmentalists who are risking their lives for the future of the forest. To find a way beyond the division between Us and Them, Jade turns to the ancient trees themselves—and the thread-thin web that connects us all. *Tree Dreams* is an eco-literary, coming of age novel relevant for teenagers and adults alike, for this rite of passage asks the same of us all—whatever our age or life stage, we each must discover our one true voice, and learn how to offer it to the world.

Protection of Himalayan Biodiversity Ananda Mohan Bhattarai 2013-04-29 Beginning with the ecological, economic, social and legal facets of biodiversity issues and challenges facing the

Himalayan region, the book discusses the Convention on Biological Diversity and subsequent developments. A pioneering work on the protection of the Himalayan biodiversity, it uses tools upheld by international environmental law and examines exhaustively the possibility of evolving regional partnerships for the protection of the Himalayas. The debate between the technology-rich First World and the bio-rich Third World is studied in detail, with a focus on issues of access and benefit-sharing. The book also examines the gaps in existing and evolving national laws and policies on the protection of biodiversity, and in doing so, envisages a framework of regional laws on the subject.

A Story of Karma Michael Schauch 2020-09-29 A deeply personal travel memoir that combines alpine adventure, family connections, and spiritual encounters in two very different worlds: a Himalayan village and Vancouver, Canada. In 2012, Michael Schauch and his wife, Chantal, undertook an expedition deep in the Himalaya of northern Nepal, into a remote valley that had been closed off to outsiders for decades. They led a team of artists (a photographer, a musician, and a painter), with the objective of

capturing a moment in time through their unique lenses. As a mountaineering fanatic, Michael had a second (and less conspicuous) goal to climb an unknown mountain he had only identified through a photograph. What unfolded in the mountains forced him to question his values and his own identity, and eventually resulted in meeting a little girl, which was the most profound encounter of his life. Little did either know that from that moment they would completely change the trajectory of each other's life. *A Story of Karma* recounts this journey, and the years that follow as Karma (the little girl), and Michael and Chantal grow their lives together amidst the confusing dichotomies and backdrop of Karma's 17th-century Himalayan village; the impoverished and polluted Kathmandu; and the modern world of Vancouver, Canada.

BEING A BUDDHIST NUN Kim Gutschow 2009-06-30 They may shave their heads, don simple robes, and renounce materialism and worldly desires. But the women seeking enlightenment in a Buddhist nunnery high in the folds of Himalayan Kashmir invariably find themselves subject to the tyrannies of subsistence, subordination, and sexuality. Ultimately, Buddhist monasticism reflects the very world it is supposed to renounce. Butter and barley prove to be as critical to monastic life as merit and meditation. Kim Gutschow lived for more than three years among these women, collecting their stories, observing their ways, studying their lives. Her book offers the first ethnography of Tibetan Buddhist society from the perspective of its nuns. Gutschow depicts a gender hierarchy where nuns serve and monks direct, where monks bless the fields and kitchens while nuns toil in them. Monasteries may retain historical endowments and significant political and social power, yet global flows of capitalism, tourism, and feminism have begun to erode the balance of power between monks and nuns. Despite the obstacles of being considered impure and inferior, nuns engage in everyday forms of resistance to pursue their ascetic and personal goals. A richly textured picture of the little known culture of a Buddhist nunnery, the book offers moving narratives of nuns struggling with the Buddhist discipline of detachment. Its analysis of the way in which

gender and sexuality construct ritual and social power provides valuable insight into the relationship between women and religion in South Asia today.

The Ghost Moths Harry Farthing 2021-02-09 Whilst searching a windswept mountainside for the fabled ghost moth fungus, a young Tibetan boy unearths a mysterious relic. Moments later

the People's Liberation Army of China marches into his isolated village in the valley below and begins to dismantle an ancient way of life. As the brutal oppression grows, the boy's precious find becomes first a symbol of hope for the villagers then a tool of survival for a people and a religion. It must be preserved at all costs. On the Ganges George Black 2018-07-17 Journey along one of the world's greatest rivers and catch a glimpse into the lives and cultures of the people who live along its banks The Ganges flows through northern India and Bangladesh for more than 1,500 miles before emptying into the Bay of Bengal. It is sacred to Hindus who worship Ganga, the river goddess. But it has also long been a magnet for foreigners, some seeking to unravel its mysteries and others who have come in search of plunder. In *On the Ganges*, George Black, who chronicled the exploration of the American West and the creation of Yellowstone National Park in *Empire of Shadows*, takes readers on an extraordinary journey from the glaciers of the Himalayas to the sacred city of Varanasi to the "hundred mouths" of the Ganges Delta. On the Ganges, parts of which originated from a New Yorker article published last year, introduces us to a vivid and often eccentric cast of characters who worship

the river, pollute it, and flock to it from all over the world in search of enlightenment and adventure. Black encounters those who run the corrupt cremation business, workers who eke out a living in squalid factories, religious fanatics, and Brits who continue to live as if the Raj had never ended. By the end of his journey, Black has given us a memorable picture of the great river, with all its riddles and contradictions, both sacred and profane, giving the last word to a man scavenging for the gifts left by pilgrims: "There are good days and there are bad days. It all depends. Everything is in the hands of our mother, Ma Ganga."

Beyond the Sky and the Earth Jamie Zeppa 2011-01-28 In the tradition of Iron and Silk and Touch the Dragon, Jamie Zeppa's memoir of her years in Bhutan is the story of a young woman's self-discovery in a foreign land. It is also the exciting début of a new voice in travel writing. When she left for the Himalayan kingdom of Bhutan in 1988, Zeppa was committing herself to two years of teaching and a daunting new experience. A week on a Caribbean beach had been her only previous trip outside Canada; Bhutan was on the other side of the world, one of the most isolated countries in the world known as the last Shangri-La, where little had changed in centuries and visits by foreigners were restricted. Clinging to her bags full of chocolate, hair conditioner and Immodium, she began the biggest challenge of her life, with no idea she would fall in love with the country and with a Bhutanese man, end up spending nine years in Bhutan, and begin a literary career with her account of this transformative journey. At her first posting in a remote village of eastern Bhutan, she is plunged into an overwhelmingly different culture with squalid Third World conditions and an impossible language. Her house has rats and fleas and she refuses to eat the local food, fearing the rampant deadly infections her overly protective grandfather warned her about. Gradually, however, her fear vanishes. She adjusts, begins to laugh, and is captivated by the pristine mountain scenery and the kind students in her grade 2 class. She also begins to discover for herself the spiritual serenity of Buddhism. A transfer to the government college of Sherubtse, where the housing conditions are comparatively luxurious and the students closer to her own age, gives her a deeper awareness of Bhutan's challenges: the lack of personal privacy, the pressure to conform, and the political tensions. However, her connection to Bhutan intensifies when she falls in love with a student, Tshewang, and finds herself pregnant. After a brief sojourn in Canada

to give birth to her son, Pema Dorji, she marries Tshewang and makes Bhutan her home for another four years. Zeppa's personal essay about her culture shock on arriving in Bhutan won the 1996 CBC/Saturday Night literary competition and appeared in the magazine. She flew home to accept the prize, where people encouraged her to pursue her writing. Her letters from Bhutan also featured on CBC's Morningside. The book that grew out of this has been published in Canada and the United States to ecstatic reviews, followed by British, German, Dutch, Italian and Spanish editions. Although cultural differences finally separated Jamie and Tshewang in 1997 while she was writing the book and she returned to Canada, she will always feel at home in Bhutan. Zeppa shares her compelling insights into this land and culture, but *Beyond the Sky and the Earth* is more than a travel book. With rich, spellbinding prose and bright humour, it describes a personal journey in which Zeppa acquires a deeper understanding of what it means to leave one's home behind, and undergoes a spiritual transformation.

A Glimpse of Eternal Snows Jane Wilson-Howarth 2012 Set against the backdrop of one of the most colorful countries in the world, *A Glimpse of Eternal Snows* is an inspiring story of courage, love and a family's determination to give their child the best life possible. In pulsating, polluted Kathmandu and an idyllic village on a river island at the foot of the Himalayas, 'Doctor Jane' and her engineer husband Simon hope to make a difference: Jane to fulfil her vision to heal and advocate for the poor, Simon to avert the floods that threaten to devastate the land every monsoon season. The Nepali people are accepting of whatever fate flings at them and here the family find sanity, compassion and joy with baby David, who in England was little more than an 'interesting case'. This is a tale of Himalayan highs and monsoon lows, of cultural complexities, unexpected wildlife and rugged terrain, of vivid color, superstition and spicy smells.

The Journey Home Radhanath Swami 2010-09-01 The story of one man's journey from his youth in suburban Chicago to an adult in spiritual India and a world of mystics, yogis, and gurus. Within this extraordinary memoir, Radhanath Swami weaves a colorful tapestry of

adventure, mysticism, and love. Readers follow Richard Slavin from the suburbs of Chicago to the caves of the Himalayas as he transforms from young seeker to renowned spiritual guide. *The Journey Home* is an intimate account of the steps to self-awareness and also a penetrating glimpse into the heart of mystic traditions and the challenges that all souls must face on the road to inner harmony and a union with the Divine. Through near-death encounters, apprenticeships with advanced yogis, and years of travel along the pilgrim's path, Radhanath Swami eventually reaches the inner sanctum of India's mystic culture and finds the love he has been seeking. It is a tale told with rare candor, immersing the reader in a journey that is at once engaging, humorous, and heartwarming. Praise for *The Journey Home* "Here is an inspiring chapter of "our story" of spiritual pilgrimage to the East. It shows the inner journey of awakening in a fascinating and spellbinding way." —Ram Dass, author, *Be Here Now* "He tells his story with remarkable honest—the temptations of the 1970s, his doubts, hopes, and disappointments, the culture shock, and the friendships found and lost . . . Add a zest of danger, suspense, and surprise, and Radhanath Swami's story is a deep, genuine memoir that reads like a novel." —Brigitte Sion, assistant professor of Religious Studies, New York University

Qvamp@QueerHorror.com says: "A very unusual find. This book contains an amazing amount of information about the Hindu spirituality. If you are a gay vampire fan and interested in Eastern mythology, this book is highly recommended. . . I recommend this book (and find it refreshing) because of its unique take on the vampire mythos." Steven LaVigne says in the White Crane Journal: "Schindler has joined Stoker, Rice, and others with his mesmerizing novel. . . However, Schindlers tome goes several steps further. . . Blood of the Goddess explores in effectively hallucinatory passages the gay side of Krishna and the dwarf as a magical, mythic being. He probes religious aspects on penis worship as he utilizes his yogic training and learning on Indias culture to draw us into a deeply philosophical novel. . . Blood of the Goddess is a terrific achievement in the realm of the vampire novel."

A New Time for Mexico Carlos Fuentes 2013-05-18 From time immemorial, Mexico's legendary beauty has been matched by intense historical drama. Mayan mythmakers, Aztec emperors, Spanish conquistadors, Yankee and French invaders, dictators and peasant revolutionaries are still vivid influences on Mexico's present. In this stunning collection of essays, first published in Britain in 1997, Carlos

Fuentes examines Mexico as it faces a new time. Torn between tradition and modernity, impatient with an exhausted political system but unsure how and with what to replace it, Mexicans are struggling to make the transition from authoritarian to democratic politics. Fuentes' bold and timely study discusses the origins and nature of the unforeseen events that have transformed Mexico's politics and society: the 1994 rebellion in Chiapas, the subsequent rash of assassinations, the break between Presidents Salinas and Zedillo, and continual traumas for democratic self-rule.

Himalayan Lust Sadhguru 2009 Every year, a group of Isha meditators sets out on a tour of the Himalayas. Accompanying them on this journey is Sadhguru - a spiritual master considered by many to be one of the foremost living yogis on the planet. This is a book for those who stayed behind. It is a chance to make a pilgrimage on the page, travelling through the unpredictable but fascinating terrain of the master's words. Amalgamating discourses and conversations from several yajnas, it is a blend of the specific and the timeless. This book is not just about the Himalayas. And yet, the book would never have happened without the Himalayas. The mountains play a vital role in the text, alternately as context and catalyst, mood and metaphor. Without them, some of the questions in this book would never have been asked. Even if they sometimes seem tangential to the line of enquiry, they remain a powerful subterranean presence, eventually becoming the very bedrock of this book.

Confessions of a Recovering

Environmentalism and Other Essays Paul Kingsnorth 2017-08-01 A provocative and urgent essay collection that asks how we can live with hope in "an age of ecocide" Paul Kingsnorth was once an activist—an ardent environmentalist. He fought against rampant development and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on "sustainability" rather than the defense of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of

sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, *Confessions of a Recovering Environmentalist* gathers the wave-making essays that have charted the change in Kingsnorth's thinking. In them he articulates a new vision that he calls "dark ecology," which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. This iconoclastic, fearless, and ultimately hopeful book, which includes the much-discussed "Uncivilization" manifesto, asks hard questions about how we've lived and how we should live.

Search For Destiny : A Spiritual Adventure In The Himalayas

Stephen Knapp 2005-01-01
[A Search in Secret Egypt](#) Paul Brunton 2015-11-24 In this book, philosopher Paul Brunton (1898-1981) encounters the mysteries and magic of Egypt in the 1930s, including an eerie yet illuminating night spent alone inside the Great Pyramid. Alongside his explorations of ancient Egypt's monuments and gods, Brunton encounters a variety of occultists, fakirs, and dervishes, and even manages to become initiated into the deadly art of snake charming. His frank interviews with Muslim leaders remain relevant today, and his description of the Hajj reflects the beauty and inspiring faith of Mohammad's true followers. Brunton's journey to discover the furthest reaches of what the mind and body are capable of--and to distinguish various forms of yoga and magic from true spirituality--lead him to the myth of Osiris and to the mystery that is the Sphinx itself. In the end, Brunton turns his attention to his own spiritual path, connecting all of his experiences into a single discovery: that we are more than the body and that the freedom of our spirit can be experienced here and now. This new edition has been updated to incorporate Brunton's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. "Paul Brunton was a great original and got to a place of personal evolution that illumines the pathways of a future humanity." --Jean Houston, author of *A Passion for the Possible* and *A Mythic Life* "Any serious man or woman in search of spiritual ideas will find a surprising challenge and an authentic

source of inspiration and intellectual nourishment in the writings of Paul Brunton."-- Jacob Needleman, author of What is God? [Freedom in Exile](#) Dalai Lama 1991-06-21 In this astonishingly frank autobiography, the Dalai Lama reveals the remarkable inner strength that allowed him to master both the mysteries of Tibetan Buddhism and the brutal realities of Chinese Communism.

His newly found satguru, orders him to have his "Naadi Palm Reading" done in the near by city of Pune, India. Against his own wishes, he goes and discovers a link to the past and his future. He learns about his destiny and what he is supposed to do with the remaining days of his life. He is even told when he is going to die. This is only the beginning of a series of internal and external changes that take place, as he continues his journey. He is stuck down by a major heart attack in Mumbai and has to return back to California. He undergoes open heart surgery and finds himself transported to India after his heart

is stopped on purpose, while he is put on a heart and lung machine. He meets ancient holy men and is given a vision of his future and his purpose. The book is a series of short stories of his real life experiences, some involving time spent with his satguru. These all unfold as his "heart" is physically, spiritually and emotionally changed. This is truly a story of spiritual evolution. The opening up of the heart to love and the power of forgiveness. It is a spell binding, sacred adventure. The author takes you along with him as he learns and experiences life anew and gains new understandings. The author has several personal encounters with the great avatar Babaji and has some miraculous healings because of those. This is an inspiring book for mystical, spiritual seekers. It is like "Indiana Jones" Meets the Guru! Each story connects the energy together, as we all travel along with Rev. Bill, as he explores inner space. The book reads like a thriller mystery except it is all true. These are the personal encounters of a real life mystic and spiritual seeker.
