World's Greatest Books for Personal Growth (Success Kit) (Set of 3 Books) DALE CARNEGIE 2022-03-21 How to Stop Worrying and Start Living♥ is one of the best selling self-help books ever published. ☐☐ Add one hour a day to your waking life and find and be one's own self. ☐☐ In this book, popular self-help motivational books writer Dale Carnegie has shared his personal experiences, wherein he was mostly unsatisfied and worried about lot of life situations. But with time he changed his perspective of looking at things and opted positive thinking in his life. In his book, he has told the readers about different ways that can lead them to happier and stress-free life. With a set of practical formulas, the book teaches you certain life lessons to make your present and future happier than ever. It is divided into few sections such as how to eliminate fifty-percent of business worries immediately, avoid fatigue and keep looking young, reduce financial worries, add one hour a day to your waking life and find and be one's own self. Swami Vivekananda was never concerned with world-negating spirituality distanced from the din and bustle of daily living. He was intensely perturbed by the endless suffering of mankind and discovered that the root of all suffering lies in ignorance, disharmony, divisiveness and confinement of consciousness within finitudes. His esoteric experience of Advaita philosophy of vedanta offered him a unique panacea. In the light of his experience of cosmic consciousness he found a bridge between science and spirituality, between religions and between the mundane and divine. From absolutely secular, scientific and experiential philosophy he developed the concept of practical vedanta as a formula of living. Zen and the Art of Poker Larry Phillips 1999-11-01 Inside the intriguing world of poker lies a fascinating exercise in strategy and extreme concentration--many of the same principles that underpin the one-thousand-year-old philosophy of Zen spirituality. Zen and the Art of Poker is the first book to apply Zen theories to America's most popular card game, presenting tips that readers can use to enhance their game. Among the more than one hundred rules that comprise this book, readers will learn to:* Make peace with folding* Use inaction as a weapon* Make patience a central pillar of their strategy* Pick their times of confrontationUsing a concise and spare style, in the tradition of Zen practices and rituals, Zen and the Art of Poker traces a parallel track connecting the two disciplines by giving comments and inspirational examples from the ancient Zen masters to the poker masters of today.

The Holiest of the Holies (THOTH), the Last Testament Maitreya (Joseph Emmanuel) 2013-06-20 For thousands of years humanity has longed for a truth, revelation, or knowledge that explains the unity of God behind all mystical experiences, previous revelations, and religions of the world, and the truth behind the universe (science). There have been mystical explanations of God from those claiming they have experienced the truth by direct contact with Spirit. There are also those who have founded great religions of the world. However, a great confusion still reigns among spiritualists, religions of the world, and the many different branches within each religion. If you study this Book carefully, with a sincere mind and an Open Heart, it will be revealed to you that the major religions on earth are not contradictory and separated at all. In fact they are complementary and were sent to earth systematically by One God. When this is understood, the Path to Salvation (Eternal Divine Path) is known! This book is the main writing of Maitreya

The Secret Message of Jesus Brian D. McLaren 2007-04-01 When Brian McLaren began offering an alternative vision of Christian faith and life in books such as *A New Kind of Christian* and *A Generous Orthodoxy*, he ignited a firestorm of praise and condemnation that continues to spread across the religious landscape. To some religious conservatives, McLaren is a dangerous rebel without a doctrinally-correct cause. Some fundamentalist websites have even claimed he's in league with the devil and have consigned him to flames. To others though, Brian is a fresh voice, a welcome antidote to the staleness, superficiality, and negativity of the religious status quo. A wide array of people from Evangelical, Catholic, and Mainline Protestant backgrounds claim that through his books they have begun to rediscover the faith they'd lost or rejected. And around the world, many readers say that he has helped them find-for the first time in their lives-a faith that makes sense and rings true. For many, he articulates the promise of what is being called "emerging Christianity." In *The Secret Message of Jesus* you'll find what's at the center of Brian's critique of conventional Christianity, and what's at the heart of his expanding vision. In the process, you'll meet a Jesus who may be altogether new to you, a Jesus who is... Not the crusading conqueror of religious broadcasting; Not the religious mascot of partisan religion; Not heaven's ticket-checker, whose words have been commandeered by the church to include and exclude, judge and stigmatize, pacify and domesticate. McLaren invites you to discover afresh the transforming message of Jesus-an open invitation to radical change, an enlightening revelation that exposes sham and ignites hope, an epic story that is good news for everyone, whatever their gender, race, class, politics, or religion. "Pastor and best-selling author McLaren revisits the gospel material from a fresh-and at times radical-perspective . . . He does an excellent job of capturing Jesus' quiet, revolutionary style." --Publishers Weekly (starred review) "Here McLaren shares his own ferocious journey in pondering the teachings and actions of Jesus. It is McLaren's lack of salesmanship or agenda that creates a refreshing picture of the man from Galilee who changed history." --Donald Miller, Author of *Blue Like Jazz* "In this critical book, Brian challenges us to ask what it would mean to truly live the message of Jesus today, and thus to risk turning everything upside down." --Jim Wallis, Author of *God's Politics* and editor of *Sojourners* "Compelling, crucial and liberating: a book for those who seek to experience the blessed heat of Christianity at its source." --Anne Rice, Author of *Christ the Lord: Out of Egypt*

Religious Potential of the Child 6 to 12 Years Old 2020-04-09 This volume is the long-awaited continuation of *The Religious Potential of the Child* (from 3 to 6 years old). The author, Sofia Cavaletti, founder of the Catechesis of the Good Shepherd, describes an approach to the religious education of children according to the methods of Maria Montessori, which has gained worldwide attention. In this book she draws on her long experience with children from diverse cultures and environments to describe the vital religious needs of the older child (6 to 12 years old). *The Catechesis of the Good Shepherd* for the older child builds on the foundation in Scripture and liturgy offered to the younger child (3 to 6 years old). The theme of the covenant between God and humankind, first revealed to the people of Israel, is expanded to include the dimension of time: all of history, from creation to the parousia. For the older child, awareness of participation in this covenant relationship leads spontaneously to a sense of moral responsibility, and of engagement with the cosmos in all its manifestations. This book will be a great help to educators and catechists who seek to understand the characteristics of the older child, particularly the child's relationship with the mystery of God.

The Ancient Secret of the Flower of Life Drunvalo Melchizedek 1999-04 Here, Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. You may see them sparkle around some of these provocative ideas: Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life.

Secrets from the Parables G. W. Keasler 2007-11 From Bible teaching we sometimes go away with more Questions than Answers. Do you ever wonder why the Bible says 'many are called, but few are chosen'? This has to do with the 5 Ages now understood for the first time since Jesus taught the parable of the Laborers. In the parable of the fig tree there are 3 seasons of not bearing fruit, find out what the 4th season is and why that's important. We will look at, date and relate the 5 Ages to the roles of people in the

Millennium. Also find out how the story of Noah given as a picture of a sudden catastrophe exactly compares to the last 7 years, AKA the tribulation. Millions have asked questions for 2,000 years that perhaps only this book answers. This book will show God ordained, clearly defined Ages (Creation, Covenant, Church, Consecration, Chosen). We will date these Ages and see the time frame we are in today. The message Jesus is giving in parables is that we are at the end of the timeframe God has given to the Gentiles.

Story of Two Boys Donald F. Megnin 2015-07-10 This book centers on the influence of each boy in his historical period having been born the product of the rape of their mothers and the subsequent different life experiences each boy had as a consequence of how their mothers were treated during their early childhood experiences. Jesus was fortunate in having a father who took an interest in him and helped him in every way he could become the man he became. Gottlieb, on the other hand, had a tragic beginning, barely surviving the ordeal of not having a legitimate father and facing the constant harassment of a society that rejected the illegal children from unmarried mothers. The outcome for the life of each boy proved to be what he himself had decided to do with the life that he had!

Snodgrass 2018-02-16 Winner of the 2009 Christianity Today Award for Biblical Studies, *Stories with Intent* offers pastors and students a comprehensive and accessible guide to Jesus' parables. Klyne Snodgrass explores in vivid detail the historical context in which these stories were told, the part they played in Jesus' overall message, and the ways in which they have been interpreted in the church and the academy. Snodgrass begins by surveying the primary issues in parables interpretation and providing an overview of other parables—often neglected in the discussion—from the Old Testament, Jewish writings, and the Greco-Roman world. He then groups the more important parables of Jesus thematically and offers a comprehensive treatment of each, exploring both background and significance for today. This tenth anniversary edition includes a substantial new chapter that surveys developments in the interpretation of parables since the book's original 2008 publication.

Life of Christ Robert Geis 2013-03-08 *Life of Christ* bridges the gap between commentaries and devotional accounts of Christ's ministry. Applying the requisite analytical tools, it addresses the question, is His life worth studying?

The Waiting Father Helmut Thielicke 2015-03-26 *The Waiting Father* is a collection of sermons by Helmut Thielicke, the great German preacher and theologian, which offer deep insights into the spiritual message of Jesus's fifteen major parables. They were originally preached in Michaelskirche, Hamburg, in the mid-1950s. Thielicke approaches the parables in novel ways. In treating the prodigal son, for instance, he concentrates more on the loving father than the rebellious son, emphasizing the centrality of forgiveness. Similarly, when discussing the pharisee and the publican he shows that the publican is guilty of spiritual pride and arrogance, drawing attention to the dangers for the faithful. Both among expositions of the parables and among books for preachers, *The Waiting Father* stands in a class of its own. Great scholars are usually poor preachers, and great scholars are rarely good preachers, but Thielicke manages to combine distinguished scholarship with fine preaching.

The Hidden Parables Todd Michael 2008-09-04 The secret and empowering messages contained within Christ's thirty parables—an astonishing and practical blueprint for the life you are destined for. In *The Hidden Parables*, Dr. Todd Michael unveils a hidden layer of meaning within the thirty enigmatic parables spoken by Christ that shows that the parables are not a random collection of stories but a unified system of knowledge. This integrated system of knowledge describes how to use the spiritual law of thought forms—of controlled intentions—to create more beneficial, more miraculous circumstances in our personal lives. The information it presents is clear and very useful. Moreover, this system bears an uncanny symmetry with many of today's leading-edge ideas from quantum physics. In *The Hidden Parables*, the parables are meticulously retranslated, retaining the expressiveness of the original Greek and giving the reader a literal understanding of the words of Jesus. Those aspects of Christ's words that are sometimes considered confounding are freshly revealed for their penetrating insights into human existence and for the hands-on methodology they provide for a greater self-understanding and for leading a more fulfilling life. *Master Key System - Law of Attraction* Charles F. Haanel 2017-05-21 The "Master Key" is here given to the world as a means of tapping the great cosmic intelligence and attracting from it that which corresponds to the ambitions, and aspirations of each reader. Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought therefore is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. "The Master Key" instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. "The Master Key" explains and guides the process... Used as thus instructed "The Master Key" will make of the reader a greater, better personality, and equipped with a new power to achieve any worthy personal purpose and a new ability to enjoy life's beauty and wonder. Magic Of Believing - Law of Attraction Dr. Robert C. Worstell 2017-05-20 Did you know the solutions to any perceived problems have been hidden in plain sight for you? You can have limitless freedom, prosperity, happiness, and good health just for asking. The trick is to know how to ask. Claude Bristol ran upon these answers as a youth, but couldn't put them to use until he survived World War I and the dire necessity of those conditions forced him to decide to apply what he already knew - in earnest. And he had his own success, for a time. Then the Great Depression hit. He saw that the business he served as Vice President was on the verge of going under - not because of the external events of the time, but because of the fears and anxieties of the staff themselves. "The Magic of Believing" resulted - and became an instant bestseller. What he talks about in his books could be found by anyone. But you can get a head start by buying and reading it yourself. A Medley of Short Stories Donald F. Megnin 2010-08-24 "Between the first and last series of stories the reader will find an amalgam of thoughts, experiences, maturation, and influences which have affected the life of the author. While some of the stories are humorous, tragic, rancorous or filled with questions the reader might ask himself/ herself, it is hoped that a new set of insights have been provided to give meaning to their lives. What drives persons to question their beliefs, growth, human examples and what has produced the type of person he/she has become? Everyone has grown up with persons who have influenced them more than they knew at the time of their encounter. It may only be years later that they may recognize who, what, and why they have experienced the vagaries of life unique to themselves. Even as a person's finger prints are unique and so uniquely differentiated that there are no two sets of finger prints alike among human beings, each one of us has his/her own unique lifetimes which no one else may have had. There are segments of a person's life which may resonate in terms of experiences, persons, events and places truly unique to themselves, but unduplicated in the same forms as those of their neighbors. A Medley of Short Stories attempts to illustrate how unique the totality of a person's life can be from beginning to end: from birth to death, from childhood to adulthood, from tragedy to success depending upon what a person makes of the lifetime experiences which everyone has but not everyone can turn to his or her advantage. It is the hope of the author to provide an insight and stimulus to the reader's reevaluation of his/her life which will assist in evaluating the heights and depths to which their own lives have evolved or are evolving in the course of their lifetimes."

Secrets of the Parables Culver Wold 1997-01-01

Secrets from Heaven: Hidden Treasure of Faith in the Parables and Conversations of Jesus Fr Sebastian Walshe 2020-05 The greatest teacher who ever lived, Jesus knew how to reach his audience where they were at. Whether preaching to a group in parable or holding an intimate conversation, he had an unequalled ability to get across the message that his listeners needed to hear. His teachings in the Gospels speak no less directly to us today. But so rich in meaning are the words of our incarnate God, so layered and profound his messages, that often we fail to do more than scratch their surface. And over time, our habit of superficial encounter with the Word can become self-perpetuating. In *Secrets from Heaven*, Fr. Sebastian Walshe helps you break free from stale and familiar takes on the Gospel, giving you new eyes to see and new ears to hear the inexhaustible depths of Christ's wisdom. The Parable of the Sowers, the Good Samaritan, the Prodigal Son, the woman caught in adultery - all these and more come alive in fresh ways, revealing significant details and nuances, scriptural/historical connections, and testaments to Christ's rhetorical and pedagogical genius that you've never noted before. You'll marvel at Jesus' skill as an evangelist; but more importantly, you'll be powerfully moved to faith and love just as those who heard him in person long ago. Nothing Jesus taught was truly "secret" - he revealed the Father for all the world to see. But that doesn't mean his revelation is simplistic. Read *Secrets from Heaven* and go deeper into the saving mysteries of his life and words.

Right Parables, Wrong Perspectives Sam Tsang 2015-09-15 Jesus' parables in Luke weren't only addressing his audience. Rather, Luke used them to address his audience. In so doing, the worlds of both Jesus and Luke had many ways to understand these parables. This book explores some of those ways based on the way Jesus and Luke told these stories, as well as the first century backgrounds. The ultimate goal is to help both people who lead Bible studies and preach in the church to grasp firmly Luke's message for us today.

Preaching Parables Steven J. Voris 2008 This text is the first to systematically look at the type and style of parables as a genre across literary and religious lines to help readers understand and use the unique transformational process themselves.

Revealing Matthew's Secrets Jason D. Lacross 2017-01-05 Come with me as we go through the book of Matthew and discover secrets that have been kept for almost two thousand years. See the prophecies and parables in a new light in this one of a kind commentary that contains wisdom and truth found in every book of the Hebrew Scriptures. As we go chapter by chapter, you will learn more about the prophets that are quoted in the New Testament and learn how God describes Himself and things He wants you to know about his future plans. This book aims to put the words of the Creator in their original context in order to

answer many of the questions left by the New Testament authors. Do you have unanswered questions burning in your soul? Were you discouraged from asking them? Would you like to know what the Creator says about asking questions? Has He set a limit on what you might ask? Indeed, the Holy One declares that your questions can range from the beginning of creation to the present day, and from one end of the heavens to the other. A person seeking answers is a person seeking to know their Creator. In fact, the Holy One reveals that we will find Him when we seek Him with our whole heart. "Indeed, ask now concerning the former days which were before you, since the day that God created man on the earth, and inquire from one end of the heavens to the other." Deuteronomy 4:32 "Then shall ye call upon me, and ye shall go and pray unto me, and I will hearken unto you. And ye shall seek me, and find me, when ye shall search for me with all your heart." Jeremiah 29:12-13 Moses tells us that we must know the difference between the Holy One's laws and false teachings. "then you shall investigate and search out and inquire thoroughly." Deuteronomy 13:14 Investigating, searching, and inquiring thoroughly is the only way to know your Creator as it says, "Be still, and know that I am God" Psalm 46:10 "For the commandment is a lamp; and the law is light; and reproofs of instruction are the way of life," Proverbs 6:23 Thus says the LORD, "Stand by the ways and see and ask for the ancient paths, Where the good way is, and walk in it; And you will find rest for your souls." Jeremiah 6:16 "Gather the people together, men and women, and children, and thy stranger that is within thy gates, that they may hear, and that they may learn, and fear the Lord your God, and observe to do all the words of this law:" Deuteronomy 31:12 This book of the law shall not depart out of thy mouth; but thou shalt meditate therein day and night, that thou may observe to do according to all that is written therein," Joshua 1:7 The goal of this book is to use the Hebrew Scriptures to examine the text in the book of Matthew and teachings found therein. The words of the Creator are found in the Hebrew Scriptures (also known as the Tanach, or Old Testament). The authors of the New Testament agree that the Hebrew Scriptures are the authority when they quote from it to support their writings. For these reasons, I have decided to use the Hebrew Scriptures as the standard and measuring rod to judge any claims and teachings in the New Testament. The commentary in this book contains quotes from every book in the Hebrew Scriptures. I have done this to show that the work is complete and consistent. I chose not to randomly take scripture out of context or misquote it in order to make a point. Instead, I aimed to keep my personal commentary to a minimum and let the words of the Creator speak clearly through the Hebrew Scriptures.

The Measure of Christ's Love Catherine Dove 2018-05-04 This series is a channeled, secular, scientific, sacred, teaching; a resuscitator for the soul. A path of contentment through love, gratitude, joy, and BEING. When you step up, Spirit steps in. If you enjoyed Conversations with God or A Course in Miracles, you will love the purity of these teachings as they are in the same genre. This first book in our series is an introduction to our work and can even be considered a handbook-for those questioning their religious roots or on the precipice of change as well as for the advanced serious seeker-and this is why we cover a lot of topics to satisfy various levels of consciousness with the promise of more in-depth teachings to come. This book brings forth the divine intentions of the ascended master Jesus and the meaning behind his teachings and clarifies major misinterpretations, offering highlights of Jesus' extraordinary life, from infancy to his final hours. Jesus' answers will forever change your view as Biblical mysteries are unveiled in a clear, practical, non-dogmatic, and authentic format as these ancient teachings are brought in to the reasoning of the modern world. Exactly how does he account for the so-called missing years? Why did he speak in parables and what is the connecting thread sewn through the fabric of all of his messages? Jesus addresses reincarnation and answers many of life's most compelling queries as you expand your knowledge of the mysteries without leaving your chosen faith or path. If you ever questioned the measure of Christ Jesus' love, embark on this sacred journey with him and your spiritual awareness will be heightened as you explore and access the Christ within, accelerating your evolution to Christhood. The authors' goals are to open minds and hearts to raise consciousness by sharing these secular, sacred, concepts and scientific techniques for finding one's inner truth to live fully in the present. Catherine is an oracle conveying Jesus' messages of unconditional love and mercy to the world. Vera states, "We do not tell anyone what to believe. Besides, a belief does not make a truth; intentions, core values, and how we treat one another, including animals, are what truly matters, not the labels we wear. If only folks could see their connectedness with everyone not limited by self-imposed boundaries, prejudice, or country borders. Do not support teachings

that promote an angry God or are based in fear, the latter is limitation and wasted energy that ignites emotional discord.

Parables of Parenthood Andrew Taylor-Troutman 2014-01-22 Jesus told simple stories about common items; yet his parables profoundly address our hearts and minds. We offer an interpretation, not only about what we read, but also what we think and feel. Parables of Parenthood presents modern biblical scholarship in an accessible writing style in order to model how these ancient stories continue to enrich life in the twenty-first century. Andrew Taylor-Troutman closely analyzes each parable with deep appreciation before applying these interpretations to his life, because he believes the genius of the parables offers a glimpse of the kingdom of heaven in our everyday experience. By interpreting from the author's head and heart, Parables of Parenthood gives new luster to well-known, narrative gems about sowing seeds and lost sheep through personal insights about anxiety and hope. Lessons about wise builders and wicked tenants are illustrated with anecdotes about a baby's food and a grandmother's rocking chair. Through interpretations of other parables, moments as diverse as a beach trip and an ultrasound appointment invite movement from fear to faith. Through the combination of his informed Bible study and practical life experience, Taylor-Troutman empowers readers to connect the teachings of Jesus to our world in comforting and challenging ways.
