Ten Thousand Joys & Ten Thousand Sorrows Olivia Ames Hoblitzelle 2010-09-30 "Ten Thousand Sorrows & Ten Thousand Joys offers a vision of lives well-led, and of love in the thick of crisis and loss. Beyond inspiring."-Daniel Goleman, author of Emotional Intelligence "This beautiful book is unlike any other personal account of living with Alzheimer's disease that I have ever read . . . it offers patients and families practical insights into how they can live their lives more fully amidst the heartbreak of a mind-robbing illness."- Paul Raia, Director of Patient Care and Family Support, Alzheimer's Association, Massachusetts Chapter "A story of courage, love, and growing wisdom in the face of Alzheimer's."-Joseph Goldstein, author of One Dharma, Founder / Director of Insight Meditation Society In this profound and courageous memoir, Olivia Ames Hoblitzelle describes how her husband's Alzheimer's diagnosis at the age of seventy-two challenged them to live the spiritual teachings they had embraced during the course of their life together. Following a midlife career shift, Harrison Hoblitzelle, or Hob as he was called, a former professor of comparative literature at Barnard, Columbia, and Brandeis University, became a family therapist and was ordained a Dharmacharya (senior teacher) by Thich Nhat Hanh. Hob comes to life in these pages as an incredibly funny and brilliant man who never stopped enjoying a good philosophical conversation-even as his mind, quite literally, slipped away from him. And yet when they first heard the diagnosis, Olivia and Hob's initial reaction was to cling desperately to the life they had had. But everything had changed, and they knew that the only answer was to greet this last phase of Hob's life consciously and lovingly. *Ten Thousand Joys & Ten Thousand Sorrows* provides a wise and compassionate vision for maintaining hope and grace in the face of life's greatest challenges. (This memoir was originally self-published as *The Majesty of Your Loving*.)

Joy in the Morning Robert Scott Jones 2012-06 Life for the main character, Daniel Howard, begins with his birth in New Orleans in 1902. His father is a prominent Methodist preacher from a successful and influential Creole family -"the Howard's." the family motto is, "work, save, educate." His mother operates a no-name school for children who cannot attend regular school during the day. His paternal grandmother, Grandma Howard, chiefly commands the Howard family business interests. She is extremely color conscious, preferring the lighter hue and Creole heritage. In his pre-teen years, Daniel Howard is often in trouble for being sighted on Bourbon or Basin Streets tap dancing and yearning to play the piano in the blues clubs and juke joints. Through his lens the reader is introduced to his view of New Orleans to include, the

lively scenes in the French Quarters; Mardi Gras; Voodoo; Congo Square; and, life in a vibrant port city among many other experiences. His maternal grandmother, "Nana", heads the maternal side of his family. Nana is a widow and illiterate and resides in a tin roofed former slave cabin outside of New Orleans. She is an extremely religious woman and ekes out a meager living as a maid. She is also the local midwife, and tends to the sick with herb potions. She still grieves that her son, Lester, was dragged from her cabin one dark night and lynched. After graduating from college, he is recruited to teach in a small-impoverished town in the Mississippi Delta where despite his hopes and desire to make a difference, hardships and humiliations await him and his new bride, Miss Emma.

Orientalism and Representations of Music in the Nineteenth-Century British Popular Arts Claire Mabilat 2017-07-05

Representations of music were employed to create a wider 'Orient' on the pages, stages and walls of nineteenth-century Britain. This book explores issues of orientalism, otherness, gender and sexuality that arise in artistic British representations of non-European musicians during this time, by utilizing recent theories of orientalism, and the subsidiary (particularly aesthetic and literary) theories both on which these theories were based and on which they have been influential. The author uses this theoretical framework of orientalism as a form of othering in order to analyse primary source materials, and in conjunction with musicological, literary and art theories, thus explores ways in which ideas of the Other were transformed over time and between different genres and artists. Part I, The Musical Stage, discusses elements of the libretti of popular musical stage works in this period, and the occasionally contradictory ways in which 'racial' Others was represented through text and music; a particular focus is the depiction of 'Oriental' women and ideas of sexuality. Through examination of this collection of libretti, the ways in which the writers of these works filter and romanticize the changing intellectual ideas of this era are explored. Part II, Works of Fiction, is a close study of the works of Sir Henry Rider Haggard, using other examples of popular fiction by his contemporary writers as contextualizing material, with the primary concern being to investigate how music is utilized in popular fiction to represent Other non-Europeans and in the creation of orientalized gender constructions. Part III, Visual Culture, is an analysis of images of music and the 'Orient' in examples of British 'high art', illustration and photography, investigating how the musical Other was visualized.

Spiritual Bypassing Robert Augustus Masters, Ph.D. 2010-09-07 Spiritual bypassing—the use of spiritual beliefs to avoid dealing with painful feelings, unresolved wounds, and developmental needs—is so pervasive that it goes largely unnoticed. The spiritual ideals of any tradition, whether Christian commandments or Buddhist precepts, can provide easy justification for practitioners to duck uncomfortable feelings in favor of more seemingly enlightened activity. When split off from fundamental psychological needs, such actions often do much more harm than good. While other authors have touched on the subject, this is the first book fully devoted to spiritual bypassing. In the lineage of Chögyam Trungpa's landmark *Cutting Through Spiritual Materialism*, *Spiritual Bypassing* provides an in-depth look at the unresolved or ignored psychological issues often masked as spirituality, including self-judgment, excessive niceness, and emotional dissociation. A longtime psychotherapist with an engaging writing style, Masters furthers the body of psychological insight into how we use (and abuse) religion in often unconscious ways. This book will hold particular appeal for those who grew up with an unstructured new-age spirituality now looking for a more mature spiritual practice, and for anyone seeking increased self-awareness and a more robust relationship with themselves and others.

Ten Thousand Tries Amy Makechnie 2021-07-13 A middle school soccer whiz's determination to keep things from changing is tested when his father's ALS symptoms worsen in this "heart-tugging and uplifting" (Kirkus Reviews, starred review) story about growing up and facing loss, perfect for fans of *Shouting at the Rain*. Twelve-year-old Golden Maroni is determined to channel his hero, soccer superstar Lionel Messi, and become captain of his soccer team and master of his eighth grade universe...especially since his home universe is spiraling out of orbit. Off the field, Golden's dad, once a pro soccer player himself, is now battling ALS, a disease that attacks his muscles, leaving him less and less physically able to control his body every day. And while Mom says there's no cure, Golden is convinced that his dad can beat this, just like any opponent, they just have to try. Golden knows that if you want to perfect a skill you have to put ten thousand tries in, so he's convinced if he can put that much effort in, on and off the field, he can stop everything from changing. But when his dad continues to decline and his constant pushing starts to alienate his friends and team, Golden is forced to confront the idea that being master of your universe might not mean being in control of everything. What if it means letting go of the things you can't control so you can do the most good for the things you can?

The Mikado to Matilda Thomas S. Hischak 2020-06-15 In *The Mikado to Matilda: British Musicals on the New York Stage*, Thomas Hischak provides an overview of British musicals that made their way to Broadway, covering their entire history up to the present day. This is the first book to look at the British musical theatre with reference to those London musicals that were also produced in New York City. The book covers 110 British musicals, ranging from 1750 to the present day, including the popular Gilbert and Sullivan comic operettas during the Victorian era, the Andrew Lloyd Webber mega-musicals of the late twentieth century, and today's biggest hits such as *Matilda*. Each London musical is discussed first as a success in England and then how it fared in America. The plots, songs, songwriters, performers, and producers for both the West End and the Broadway (or Off Broadway) production are identified and described. The discussion is sometimes critical, evaluating the musicals and why they were or were not a success in New York. *The Lady's Magazine & Museum of the Belles-lettres, Music, Fine Arts, Drama, Fashions, Etc* 1837
