

Ten Lost Years 1939

Unveiling the Magic of Words: A Report on "**Ten Lost Years 1939**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Ten Lost Years 1939**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.

From Dust to Digital Maja Kominko 2015-02-16
Much of world's documentary heritage rests in vulnerable, little-known and often inaccessible archives. Many of these archives preserve information that may cast new light on historical phenomena and lead to their reinterpretation. But such rich collections are often at risk of being lost before the history they capture is recorded. This volume celebrates the tenth anniversary of the Endangered Archives Programme at the British Library, established to document and publish online formerly inaccessible and neglected archives from across the globe. From Dust to Digital showcases the historical significance of the collections identified, catalogued and digitised through the Programme, bringing together articles on 19 of the 244 projects supported since its inception. These contributions demonstrate the range of materials documented — including rock inscriptions, manuscripts, archival records, newspapers, photographs and sound archives — and the wide geographical scope of the Programme. Many of the documents are published here for the first time, illustrating the potential these collections have to further our understanding of history.

Ten Years Gone Jonathan Dunsky 2021-04-08
On the dusty streets of post-war Tel Aviv, a crafty killer roams free... Israel, 1949 - Private detective Adam Lapid knows how it feels to lose everything. His whole family died in Auschwitz. He barely survived. Now he spends his nights haunted by nightmares and his days solving cases the police won't handle. Hired to find a missing boy, Adam thinks the case is hopeless.

But he can't turn down a mother searching for her only child. What Adam doesn't realize is that this case will soon put him in mortal danger. For at the root of the mystery lies a double murder that has stayed unsolved for ten long years. Adam must untangle a web of lies and betrayal to get to the truth. And he'd better watch his back because some of the suspects are willing to kill to keep their dark secrets buried.

Right Here, Right Now Stephen J. Harper 2019-09-03
Including a new and insightful afterword by the author, Stephen J. Harper, Canada's 22nd Prime Minister, draws on a decade of experience as a G-7 leader to help leaders in business and government understand, adapt, and thrive in an age of unprecedented disruption. The world is in flux. Disruptive technologies, ideas, and politicians are challenging business models, norms, and political conventions everywhere. How we, as leaders in business and politics, choose to respond matters greatly. Some voices refuse to concede the need for any change, while others advocate for radical realignment. But neither of these positions can sustainably address the legitimate concerns of disaffected citizens. Right Here, Right Now sets out a pragmatic, forward-looking vision for leaders in business and politics by analyzing how economic, social, and public policy trends—including globalized movements of capital, goods and services, and labour—have affected our economies, communities, and governments. Harper contends that Donald Trump's surprise election and governing agenda clearly signal that political, economic, and social institutions must be more responsive to legitimate concerns about public policy, market

regulation, immigration, and technology. Urging readers to look past questions of style and gravitas, Harper thoughtfully examines the substantive underpinnings of how and why Donald Trump was able to succeed Barack Obama as President of the United States, and how these forces are manifesting themselves in other western democracies. Analyzing international trade, market regulation, immigration, technology, and the role of government in the digital economy, Harper lays out the case for pragmatic leadership as a proven solution to the uncertainty and risk that businesses and governments face today.

Making Do Denyse Baillargeon 2014-05-27

Annotation Interviews Montreal francophone women who were already married at the beginning of the 1930s, to reveal their strategies for coping with poverty. Their recollections shed light on the impact of the economic crisis on women's household duties during the Depression, and give insight on their lives and the living conditions of the working class.

Last Boat Out of Shanghai Helen Zia

2020-02-18 The dramatic real life stories of four young people caught up in the mass exodus of Shanghai in the wake of China's 1949

Communist revolution—a heartrending precursor to the struggles faced by emigrants today. “A true page-turner . . . [Helen] Zia has proven once again that history is something that happens to real people.”—New York Times

bestselling author Lisa See NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE CHRISTIAN SCIENCE MONITOR •

FINALIST FOR THE PEN/JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY

Shanghai has historically been China's jewel, its richest, most modern and westernized city. The bustling metropolis was home to sophisticated intellectuals, entrepreneurs, and a thriving middle class when Mao's proletarian revolution emerged victorious from the long civil war.

Terrified of the horrors the Communists would wreak upon their lives, citizens of Shanghai who could afford to fled in every direction. Seventy years later, members of the last generation to fully recall this massive exodus have revealed their stories to Chinese American journalist Helen Zia, who interviewed hundreds of exiles about their journey through one of the most

tumultuous events of the twentieth century. From these moving accounts, Zia weaves together the stories of four young Shanghai residents who wrestled with the decision to abandon everything for an uncertain life as refugees in Hong Kong, Taiwan, and the United States. Benny, who as a teenager became the unwilling heir to his father's dark wartime legacy, must decide either to escape to Hong Kong or navigate the intricacies of a newly Communist China. The resolute Annuo, forced to flee her home with her father, a defeated Nationalist official, becomes an unwelcome exile in Taiwan. The financially strapped Ho fights deportation from the U.S. in order to continue his studies while his family struggles at home. And Bing, given away by her poor parents, faces the prospect of a new life among strangers in America. The lives of these men and women are marvelously portrayed, revealing the dignity and triumph of personal survival. Herself the daughter of immigrants from China, Zia is uniquely equipped to explain how crises like the Shanghai transition affect children and their families, students and their futures, and, ultimately, the way we see ourselves and those around us. Last Boat Out of Shanghai brings a poignant personal angle to the experiences of refugees then and, by extension, today. “Zia's portraits are compassionate and heartbreaking, and they are, ultimately, the universal story of many families who leave their homeland as refugees and find less-than-welcoming circumstances on the other side.”—Amy Tan, author of *The Joy Luck Club*

Three Minutes in Poland Glenn Kurtz 2014-11-18

Traces the author's research and work to find the survivors of Nasielsk, Poland after finding a film made by his grandfather just before the town was destroyed by the Nazis.

Tin Can Sailor Susan Cosentino 2000-06-09

More than eight hundred sailors served aboard the Sterett during her hazardous and demanding duties in World War II. This is the story of those men and their beloved ship, recorded by a junior officer who served on the famous destroyer from her commissioning in 1939 to April 1943, when he was wounded at the Battle of Tulagi.

Peppered with the kind of vivid, authentic details

that could only be provided by a participant, the book is the saga of a gallant fighting ship that earned a Presidential Unit Citation for her part in the Third Battle of Savo Island, where she took on a battleship, cruiser, and destroyer and was the last to leave the fray. Calhoun's gripping and colorful account tells what it was like to be there during those furiously fought, close-range engagements. When published in hardcover in 1993, the book was widely praised as a good read loaded with rich and interesting details.

Out of the Shadows Brereton Greenhous 1996-07-26 First published in 1977 this accessible general overview of Canada's contribution to the Second World War and of the war's effect on Canada's evolution. This revised edition incorporates new information, particularly in the realms of intelligence and cipher, allowing new interpretations of policies and operations. It also makes new judgements on Canadian generalship.

Those Angry Days Lynne Olson 2014-01-14 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND KIRKUS REVIEWS From the acclaimed author of *Citizens of London* comes the definitive account of the debate over American intervention in World War II—a bitter, sometimes violent clash of personalities and ideas that divided the nation and ultimately determined the fate of the free world. At the center of this controversy stood the two most famous men in America: President Franklin D. Roosevelt, who championed the interventionist cause, and aviator Charles Lindbergh, who as unofficial leader and spokesman for America's isolationists emerged as the president's most formidable adversary. Their contest of wills personified the divisions within the country at large, and Lynne Olson makes masterly use of their dramatic personal stories to create a poignant and riveting narrative. While FDR, buffeted by political pressures on all sides, struggled to marshal public support for aid to Winston Churchill's Britain, Lindbergh saw his heroic reputation besmirched—and his marriage thrown into turmoil—by allegations that he was a Nazi sympathizer. Spanning the years 1939 to 1941, *Those Angry Days* vividly re-creates the rancorous internal squabbles that gripped the

United States in the period leading up to Pearl Harbor. After Germany vanquished most of Europe, America found itself torn between its traditional isolationism and the urgent need to come to the aid of Britain, the only country still battling Hitler. The conflict over intervention was, as FDR noted, “a dirty fight,” rife with chicanery and intrigue, and *Those Angry Days* recounts every bruising detail. In Washington, a group of high-ranking military officers, including the Air Force chief of staff, worked to sabotage FDR's pro-British policies. Roosevelt, meanwhile, authorized FBI wiretaps of Lindbergh and other opponents of intervention. At the same time, a covert British operation, approved by the president, spied on antiwar groups, dug up dirt on congressional isolationists, and planted propaganda in U.S. newspapers. The stakes could not have been higher. The combatants were larger than life. With the immediacy of a great novel, *Those Angry Days* brilliantly recalls a time fraught with danger when the future of democracy and America's role in the world hung in the balance. Praise for *Those Angry Days* “Powerfully [re-creates] this tenebrous era . . . Olson captures in spellbinding detail the key figures in the battle between the Roosevelt administration and the isolationist movement.”—*The New York Times Book Review* “Popular history at its most riveting . . . In *Those Angry Days*, journalist-turned-historian Lynne Olson captures [the] period in a fast-moving, highly readable narrative punctuated by high drama.”—Associated Press

The Bar U & Canadian Ranching History S. M. Evans 2004 For much of its 130-year history, the Bar U Ranch can claim to have been one of the most famous ranches in Canada. Its reputation is firmly based on the historical role that the ranch has played, its size and longevity, and its association with some of the remarkable people who have helped develop the cattle business and build the Canadian West. The long history of the ranch allows the evolution of the cattle business to be traced and can be seen in three distinct historical periods based on the eras of the individuals who owned and managed the ranch. These colourful figures, beginning with Fred Stimson, then George Lane, and finally Pat Burns, have left an indelible mark on

the Bar U as well as Canadian ranching history. The Bar U and Canadian Ranching History is a fascinating story that integrates the history of ranching in Alberta with larger issues of ranch historiography in the American and Canadian West and contributes greatly to the overall understanding of ranching history.

The Depression Years on the Canadian

Prairies - Causes and Effects Marco Müller

2006-07-21 Seminar paper from the year 2002 in the subject American Studies - Culture and Applied Geography, grade: 2,0, University of Bonn, course: 'The History of the Canadian Prairie West', language: English, abstract: On October 29, 1929, the New York stock market collapsed. Within a couple of days, thousands of people had lost their life savings and were destitute. The "Black Friday" affected almost the whole world. What followed was later referred to as the The Great Depression, The Depression Years or even The Ten Lost Years. The period ended with the outbreak of the Second World War in September 1939. It was a decade of despair, anger and broken dreams. This essay will give a glimpse into what happened during those years, especially on the Prairie Provinces Alberta, Saskatchewan and Manitoba. I will try to explain why those years were so hard particularly for the people living on the Western Provinces. I will not only present facts about what happened and how it could happen but also how people tried to deal with it and made the best out of their situation. Thus, this essay is also based on recordings of men, women and children who had to face the Depression Years. Apart from the introduction, this essay is divided into two parts: Section A explains how the Great Depression could emerge, and describes it in terms of politics and economics. Section B focuses on how people were affected by the Depression. What exactly did the families and individuals suffer from? How did they try to manage their situation? How did the Great Depression make an impact on the people's self-esteem in terms of hope, despair, anger and self-abandonment? These questions will be discussed in the second part of this essay.

To Lose a Battle Alistair Horne 2007-06-28 In 1940, the German army fought and won an extraordinary battle with France in six weeks of lightning warfare. With the subtlety and

compulsion of a novel, Horne's narrative shifts from minor battlefield incidents to high military and political decisions, stepping far beyond the confines of military history to form a major contribution to our understanding of the crises of the Franco-German rivalry. To Lose a Battle is the third part of the trilogy beginning with The Fall of Paris and continuing with The Price of Glory (already available in Penguin).

No Simple Victory Norman Davies 2008-08-26

One of the world's leading historians re-examines World War II and its outcome A clear-eyed reappraisal of World War II that offers new insight by reevaluating well-established facts and pointing out lesser-known ones, No Simple Victory asks readers to reconsider what they know about the war, and how that knowledge might be biased or incorrect. Norman Davies poses simple questions that have unexpected answers: Can you name the five biggest battles of the war? What were the main political ideologies that were contending for supremacy? The answers to these questions will surprise even those who feel that they are experts on the subject. Davies has established himself as a preeminent scholar of World War II. No Simple Victory is an invaluable contribution to twentieth-century history and an illuminating portrait of a conflict that continues to provoke debate.

A Frozen Hell William R. Trotter 2013-06-13 In 1939, tiny Finland waged war-the kind of war that spawns legends-against the mighty Soviet Union, and yet their epic struggle has been largely ignored. Guerrillas on skis, heroic single-handed attacks on tanks, unfathomable endurance, and the charismatic leadership of one of this century's true military geniuses-these are the elements of both the Finnish victory and a gripping tale of war.

Hoboemia and the Crucifixion Machine Todd McCallum 2014-12-28 In the early years of the Great Depression, thousands of unemployed homeless transients settled into Vancouver's "hobo jungle." The jungle operated as a distinct community, in which goods were exchanged and shared directly, without benefit of currency. The organization of life was immediate and consensual, conducted in the absence of capital accumulation. But as the transients moved from the jungles to the city, they made innumerable

demands on Vancouver's Relief Department, consuming financial resources at a rate that threatened the city with bankruptcy. In response, the municipality instituted a card-control system—no longer offering relief recipients currency to do with as they chose. It also implemented new investigative and assessment procedures, including office spies, to weed out organizational inefficiencies.

McCallum argues that, threatened by this "ungovernable society," Vancouver's Relief Department employed Fordist management methods that ultimately stripped the transients of their individuality. Vancouver's municipal government entered into contractual relationships with dozens of private businesses, tendering bids for meals in much the same fashion as for printing jobs and construction projects. As a result, entrepreneurs clamoured to get their share of the state spending. With the emergence of work relief camps, the provincial government harnessed the only currency that homeless men possessed: their muscle. This new form of unfree labour aided the province in developing its tourist driven "image" economy, as well as facilitating the transportation of natural resources and manufactured goods. It also led eventually to the most significant protest movement of 1930s' Canada, the On-to-Ottawa Trek. *Hobohemia and the Crucifixion Machine* explores the connections between the history of transiency and that of Fordism, offering a new interpretation of the economic and political crises that wracked Canada in the early years of the Great Depression.

Lost on a Mountain in Maine Donn Fendler 2013-12-23 Based on the true account of a boy's harrowing journey through the vast wilderness of the Katahdin Mountains, *Lost on a Mountain in Maine* is a gripping survival story for all ages. Twelve-year-old Donn Fendler steps away from his Boy Scout troop for only a minute, but in the foggy mountains of Maine, a minute is all it takes. After hours of trying to find his way back, a nervous and tired Donn falls down an embankment, making it impossible for him to be found. One sleepless night goes by, followed by a second . . . and before Donn knows it, almost two weeks have passed, leaving him starving, scared, and delirious. With rainstorms, black bears, and his fear of being lost forever, Donn's journey is a

physically, mentally, and emotionally charged story told from the point of view of the boy who lived it. Don't miss this thrilling survival story, a proven high-interest winner that pulls in readers the way *Hatchet*, *My Side of the Mountain*, and the *I Survived* books do.

Japanese Tourism and Travel Culture Sylvie Guichard-Anguis 2008-11-27 This book examines Japanese tourism and travel, both today and in the past, showing how over hundreds of years a distinct culture of travel developed, and exploring how this has permeated the perceptions and traditions of Japanese society. It considers the diverse dimensions of modern tourism including appropriation and consumption of history, nostalgia, identity, domesticated foreignness, and the search for authenticity and invention of tradition. Japanese people are one of the most widely travelling peoples in the world both historically and in contemporary times. What may be understood as incipient mass tourism started around the 17th century in various forms (including religious pilgrimages) long before it became a prevalent cultural phenomenon in the West. Within Asia, Japan has long remained the main tourist sending society since the beginning of the 20th century when it started colonising Asian countries. In 2005, some 17.8 million Japanese travelled overseas across Europe, Asia, the South Pacific and America. In recent times, however, tourist demands are fast growing in other Asian countries such as Korea and China. Japan is not only consuming other Asian societies and cultures, it is also being consumed by them in tourist contexts. This book considers the patterns of travelling of the Japanese, examining travel inside and outside the Japanese archipelago and how tourist demands inside influence and shape patterns of travel outside the country. Overall, this book draws important insights for understanding the phenomenon of tourism on the one hand and the nature of Japanese society and culture on the other.

Ten Lost Years, 1929-1939 Barry Broadfoot 2013-04-23 Hundreds of ordinary Canadians tell their own stories in this book. They tell them in their own words, and the impact is astonishing. As page after page of unforgettable stories rolls by, it is easy to see why this book sold 300,000 copies and why a successful stage play that ran

for years was based on them. The stories, and the 52 accompanying photographs, tell of an extraordinary time. One tells how a greedy Maritime landlord ho tried to raise a widow's rent was tarred and gravelled; another how rape by the boss was part of a waitress's job. Other stories show Saskatchewan families watching their farms turn into deserts and walking away from them; or freight-trains black with hoboes clinging to them, criss-crossing the country in search of work; or a man stealing a wreath for his own wife's funeral. Throughout this portrait of the era before Canada had a social safety net, there are amazing stories of what Time magazine called "human tragedy and moral triumph during the hardest of times." In the end, this is an inspiring, uplifting book about bravery, one you will not forget.

1939: Lost World of Fair David Gelernter
1996-05-01

Before We Were Yours Lisa Wingate 2017-06-06
THE BLOCKBUSTER HIT—Over two million copies sold! A New York Times, USA Today, Wall Street Journal, and Publishers Weekly Bestseller "Poignant, engrossing."—People • "Lisa Wingate takes an almost unthinkable chapter in our nation's history and weaves a tale of enduring power."—Paula McLain Memphis, 1939. Twelve-year-old Rill Foss and her four younger siblings live a magical life aboard their family's Mississippi River shantyboat. But when their father must rush their mother to the hospital one stormy night, Rill is left in charge—until strangers arrive in force. Wrenched from all that is familiar and thrown into a Tennessee Children's Home Society orphanage, the Foss children are assured that they will soon be returned to their parents—but they quickly realize the dark truth. At the mercy of the facility's cruel director, Rill fights to keep her sisters and brother together in a world of danger and uncertainty. Aiken, South Carolina, present day. Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and compels her to take a journey through her family's long-hidden history, on a path that will ultimately lead either

to devastation or to redemption. Based on one of America's most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate's riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. Publishers Weekly's #3 Longest-Running Bestseller of 2017 • Winner of the Southern Book Prize • If All Arkansas Read the Same Book Selection

The German War Nicholas Stargardt
2015-10-13 A groundbreaking history of what drove the Germans to fight -- and keep fighting -- for a lost cause in World War II In The German War, acclaimed historian Nicholas Stargardt draws on an extraordinary range of firsthand testimony -- personal diaries, court records, and military correspondence -- to explore how the German people experienced the Second World War. When war broke out in September 1939, it was deeply unpopular in Germany. Yet without the active participation and commitment of the German people, it could not have continued for almost six years. What, then, was the war the Germans thought they were fighting? How did the changing course of the conflict -- the victories of the Blitzkrieg, the first defeats in the east, the bombing of German cities -- alter their views and expectations? And when did Germans first realize they were fighting a genocidal war? Told from the perspective of those who lived through it -- soldiers, schoolteachers, and housewives; Nazis, Christians, and Jews -- this masterful historical narrative sheds fresh and disturbing light on the beliefs and fears of a people who embarked on and fought to the end a brutal war of conquest and genocide.

Great Depression Veronica B. Wilkins 2020
"Learn about the causes, main events, key players, and lasting impacts of the Great Depression"--

Ten Lost Years, 1929-1939 Barry Broadfoot
1982

The Other Side of the Bridge Mary Lawson
2006-09-26 From the author of the beloved #1 national bestseller Crow Lake comes an exceptional new novel of jealousy, rivalry and the dangerous power of obsession. Two

brothers, Arthur and Jake Dunn, are the sons of a farmer in the mid-1930s, when life is tough and another world war is looming. Arthur is reticent, solid, dutiful and set to inherit the farm and his father's character; Jake is younger, attractive, mercurial and dangerous to know – the family misfit. When a beautiful young woman comes into the community, the fragile balance of sibling rivalry tips over the edge. Then there is Ian, the family's next generation, and far too sure he knows the difference between right and wrong. By now it is the fifties, and the world has changed—a little, but not enough. These two generations in the small town of Struan, Ontario, are tragically interlocked, linked by fate and community but separated by a war which devours its young men—its unimaginable horror reaching right into the heart of this remote corner of an empire. With her astonishing ability to turn the ratchet of tension slowly and delicately, Lawson builds their story to a shocking climax. Taut with apprehension, surprising us with moments of tenderness and humour, *The Other Side of the Bridge* is a compelling, humane and vividly evoked novel with an irresistible emotional undertow.

Hitler: Downfall Volker Ullrich 2020-09-01 A riveting account of the dictator's final years, when he got the war he wanted but led his nation, the world, and himself to catastrophe—from the author of *Hitler: Ascent* "Skillfully conceived and utterly engrossing." —The New York Times Book Review In the summer of 1939, Hitler was at the zenith of his power. Having consolidated political control in Germany, he was at the helm of a newly restored major world power, and now perfectly positioned to realize his lifelong ambition: to help the German people flourish and to exterminate those who stood in the way. Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes, including the mass genocide of millions, which was conducted not only with the aid of the SS, but with the full knowledge of German leadership. Yet despite a series of stunning initial triumphs, Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies. Now, Volker Ullrich, author of *Hitler: Ascent 1889-1939*, offers fascinating new insight into Hitler's character and personality. He

vividly portrays the insecurity, obsession with minutiae, and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures. When he ultimately realized the war was not winnable, Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory. A masterful and riveting account of a spectacular downfall, Ullrich's rendering of Hitler's final years is an essential addition to our understanding of the dictator and the course of the Second World War.

Since Yesterday Frederick Lewis Allen 2021-11-09 *Since Yesterday* is Frederick Lewis Allen's sequel to *Only Yesterday*. *Only Yesterday* is an informative and popular tell-all history book about American life in the 1920s. *Since Yesterday* turns this same witty and empathetic energy towards the Great Depression and 1930s America. Excerpt: "Ever since, in *Only Yesterday*, I tried to tell the story of life in the United States during the nineteen-twenties I have had it in the back of my mind that someday I might make a similar attempt for the nineteen-thirties. I began work on the project late in 1938 and had it three-quarters done by the latter part of the summer of 1939, though I did not yet know how the story would end."

The Lost Pamphlets, and Booklets, of A. A. Between 1935 To 1939 Carl Palmieri 2015-05-31 A collection of booklets, pamphlets and articles that were copied and passed around to A.A. groups in the early years most of the pamphlets, and booklets can still be seen at different groups around the US, Canada and Europe. A few are offered for sale at group location across the world, It is estimated that 90 to 95% of the 12 step participants have never seen or heard of these life saving / Altering books. At the back of the book are three of the groups offering different booklets. Our goal is that through the publication of these booklets, the miracle will stay alive for many people

Ordinary Russians Barry Broadfoot 2013-12-31 Barry Broadfoot's *Ordinary Russians* artfully recounts the author's 1987 month-long trip to the Soviet Union. Skillfully combining his own impressions with the storied experiences of Russians from all walks of life, including a trapper, a policewoman, a poet, and fishermen,

Broadfoot presents a society in the midst of rapid change.

Sharing the Past J.A. Weingarten 2019-09-05
Sharing the Past is an unprecedentedly detailed account of the intertwining discourses of Canadian history and creative literature. When social history emerged as its own field of study in the 1960s, it promised new stories that would bring readers away from the elite writing of academics and closer to the everyday experiences of people. Yet, the academy's continued emphasis on professional distance and objectivity made it difficult for historians to connect with the experiences of those about whom they wrote, and those same emphases made it all but impossible for non-academic experts to be institutionally recognized as historians. Drawing on interviews and new archival materials to construct a history of Canadian poetry written since 1960, *Sharing the Past* argues that the project of social history has achieved its fullest expression in lyric poetry, a genre in which personal experiences anchor history. Developing this genre since 1960, Canadian poets have provided an inclusive model for a truly social history that indiscriminately shares the right to speak authoritatively of the past.

Mein Kampf Adolf Hitler 2021-03-19 'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The

beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

Ten Lost Years, 1929-1939 Barry Broadfoot 1980

Sacred Fire Kalonymus Kalmish Shapira 2002-08-22 Sacred Fire: Torah from the Years of Fury (1939-1942) consists of commentaries on each weekly Torah portion. It also includes a number of lengthy sermons delivered on the major Jewish Festivals as well as a few discourses alluding to people loved and lost. Because writing is not permitted on the Sabbath, these "words of Torah" were transcribed from memory, after the Sabbath or festival had ended. Although the pages of Sacred Fire are not stained with the names of its author's tormentors, there are numerous references to historical events through which parallels can be drawn. Rabbi Shapira often refers, for example, to the binding of Isaac and the martyrdom of Rabbi Akiba. Sacred Fire forms a religious, spiritual response to the Holocaust that speaks from the heart of the darkness. In doing so, it may well form the basis for what could one day become Judaism's formal liturgical response to the events that occurred during those years of fury.

Next Year Country Barry Broadfoot 2013-07-23
Barry Broadfoot's oral histories brought Canada's past to vivid life. In *Next-Year Country*, he travelled across the prairie provinces, speaking to ordinary farmers, labourers, immigrants, and others who recall the challenges and achievements they faced as they settled and helped to build western Canada during the first half of the twentieth century. What emerges is a collection of anecdotes that celebrate the courage, independence, and indomitable spirit of westerners.

To be a Cowboy Barbara Holliday 2003
Spanning a period from the late 1800s to the mid-1900s, *To Be a Cowboy* recounts the dreams

and realities of Otto Christensen, a Denmark immigrant and his son Oliver.

Out of the Shadows William Alexander Binny Douglas 1977

The Dominion of Youth Cynthia Comacchio 2008-10-08 Adolescence, like childhood, is more than a biologically defined life stage: it is also a sociohistorical construction. The meaning and experience of adolescence are reformulated according to societal needs, evolving scientific precepts, and national aspirations relative to historic conditions. Although adolescence was by no means a “discovery” of the early twentieth century, it did assume an identifiably modern form during the years between the Great War and 1950. *The Dominion of Youth: Adolescence and the Making of Modern Canada, 1920 to 1950* captures what it meant for young Canadians to inhabit this liminal stage of life within the context of a young nation caught up in the self-formation and historic transformation that would make modern Canada. Because the young at this time were seen paradoxically as both the hope of the nation and the source of its possible degeneration, new policies and institutions were developed to deal with the “problem of youth.” This history considers how young Canadians made the transition to adulthood during a period that was “developmental”—both for youth and for a nation also working toward individuation. During the years considered here, those who occupied this “dominion” of youth would see their experiences more clearly demarcated by generation and culture than ever before. With this book, Cynthia Comacchio offers the first detailed study of adolescence in early-twentieth-century Canada and demonstrates how young Canadians of the period became the nation’s first modern teenagers.

Inferno Max Hastings 2011-11-01 From one of our finest military historians, a monumental work that shows us at once the truly global reach of World War II and its deeply personal consequences. World War II involved tens of millions of soldiers and cost sixty million lives—an average of twenty-seven thousand a day. For thirty-five years, Max Hastings has researched and written about different aspects of the war. Now, for the first time, he gives us a magnificent, single-volume history of the entire

war. Through his strikingly detailed stories of everyday people—of soldiers, sailors and airmen; British housewives and Indian peasants; SS killers and the citizens of Leningrad, some of whom resorted to cannibalism during the two-year siege; Japanese suicide pilots and American carrier crews—Hastings provides a singularly intimate portrait of the world at war. He simultaneously traces the major developments—Hitler’s refusal to retreat from the Soviet Union until it was too late; Stalin’s ruthlessness in using his greater population to wear down the German army; Churchill’s leadership in the dark days of 1940 and 1941; Roosevelt’s steady hand before and after the United States entered the war—and puts them in real human context. Hastings also illuminates some of the darker and less explored regions under the war’s penumbra, including the conflict between the Soviet Union and Finland, during which the Finns fiercely and surprisingly resisted Stalin’s invading Red Army; and the Bengal famine in 1943 and 1944, when at least one million people died in what turned out to be, in Nehru’s words, “the final epitaph of British rule” in India. Remarkably informed and wide-ranging, *Inferno* is both elegantly written and cogently argued. Above all, it is a new and essential understanding of one of the greatest and bloodiest events of the twentieth century.

Respectable Citizens Lara A. Campbell 2009-10-21 High unemployment rates, humiliating relief policy, and the spectre of eviction characterized the experiences of many Ontario families in the Great Depression. *Respectable Citizens* is an examination of the material difficulties and survival strategies of families facing poverty and unemployment, and an analysis of how collective action and protest redefined the meanings of welfare and citizenship in the 1930s. Lara Campbell draws on diverse sources including newspapers, family and juvenile court records, premiers’ papers, memoirs, and oral histories to uncover the ways in which the material workings of the family and the discursive category of ‘respectable’ citizenship were invested with gendered obligations and Anglo-British identity. *Respectable Citizens* demonstrates how women and men represented themselves as entitled to make specific claims on the state, shedding new

light on the cooperative and conflicting relationships between men and women, parents and children, and citizen and state in 1930s Canada.

The Big Book of Alcoholics Anonymous (Including 12 Steps, Guides and Prayers) Bill W.
