

# Terror In Casablanca

This is likewise one of the factors by obtaining the soft documents of this **Terror In Casablanca** by online. You might not require more grow old to spend to go to the book establishment as with ease as search for them. In some cases, you likewise realize not discover the message Terror In Casablanca that you are looking for. It will entirely squander the time.

However below, with you visit this web page, it will be so entirely easy to acquire as without difficulty as download lead Terror In Casablanca

It will not receive many time as we explain before. You can reach it though work something else at house and even in your workplace. suitably easy! So, are you question? Just exercise just what we have the funds for below as without difficulty as review **Terror In Casablanca** what you considering to read!

Breathless to Casablanca James Douglas 2002 On its way home from a mission in the Mediterranean, the US aircraft carrier Theodore Roosevelt is about to be ambushed by Bin Golem, a ruthless terrorist with ties to the al-Qaeda network. The carrier's only hope of avoiding certain disaster is CIA special agent Stan Polinsky, an unlikely hero engaged in a furious race against the clock to stop the terrorists from executing their devious plan.

**Africa 2017-2018** Francis Wiafe-Amoako 2017-08-17 The World Today Series: Africa provides students with vital information on all countries on the African continent through a thorough and expert overview of political and economic histories, current events, and emerging trends. Each country is examined through the following sections: Basic Facts; Land and People; The Past: Political and Economic History; The Present: Contemporary Issues; and The Future. In addition to country chapters, the book features extended essays on Africa's Historical Background and the Colonial Period. The combination of factual accuracy and up-to-date detail along with its informed projections make this an outstanding resource for researchers, practitioners in international development, media professionals, government officials, potential investors and students. The content is thorough yet perfect for a one-semester introductory course or general library reference. Available in both print and e-book formats and priced low to fit student and library budgets.

**The Age of Sacred Terror** Daniel Benjamin 2003-10-14 Winner of the 2004 Arthur Ross Book Award from the Council on Foreign Relations From two of the world's foremost experts on the new terrorism comes the definitive book on the rise of al-Qaeda and America's efforts to combat the most innovative and dangerous terrorist group ever. Daniel Benjamin and Steven Simon trace the growth of radical Islam from its medieval origins and, drawing on their years of counter-terrorism work at the National Security Council, provide essential insights into the thinking of Usama bin Laden and his followers. With unique authority, they analyze why America was unable to defend itself against this revolutionary threat on September 11, 2001, why bin Laden's apocalyptic creed is gaining ground in the Islamic world, and what the United States must do to stop the new terror.

Suicide Terror Ophir Falk 2009-07-15 "Ophir Falk and Henry Morgenstern have compiled a book that should be read by anyone who is serious about winning the war on terror. By painstakingly analyzing the empirical data, they help us better understand the nature of our enemies and why they employ these barbaric tactics. Most crucially, they offer important insights on how terrorism can be effectively confronted and ultimately defeated. In so doing, they have performed an invaluable service for all those who are committed to winning this crucial battle."—Benjamin Netanyahu, Prime Minister of Israel  
FIRSTHAND ACCOUNTS AND ANALYSES FROM FRONTLINE PERSONNEL AND EXPERTS IN THE WAR AGAINST TERROR Based on U.S. and Israeli experiences and detailed interviews with frontline personnel, *Suicide Terror* enables policymakers, first responders, and students of homeland security to understand and deal with the growing threat of suicide terror. It analyzes recent suicide attacks as well as our current vulnerabilities and high-risk scenarios for future attacks. Following the expert authors' advice, readers learn possible measures to prevent an attack. Moreover, they learn how to prepare for and implement an effective and quick response to minimize casualties and losses in the event of an attack. Following an overview and historical review of suicide terror, the book covers: Global jihad Israel's confrontation with

suicide terrorism America's experience with suicide bombings Internationalization of suicide terrorism High-risk scenarios and future trends Methods for confronting suicide terror Medical management of suicide terrorism Using eyewitness accounts, the text re-creates the look and feel of actual terrorism incidents. Detailed case studies help readers get into the minds of suicide terrorists in order to understand how to best prevent and confront these very dangerous threats. This book is a definitive study of suicide terror, synthesizing the experience of well-known Israeli and American experts who have dealt with it firsthand. Anyone responsible for understanding, preventing, and confronting this devastating threat should read this book and consider its recommendations with all seriousness.

*Cities in a Time of Terror: Space, Territory, and Local Resilience* H.V. Savitch 2014-12-18 This book is about urban terror - its meaning, its ramifications, and its impact on city life. Written by a well-known expert in the field, "Cities in a Time of Terror" draws on data from more than a thousand cities across the globe and traces the evolution of urban terrorism between 1968 and 2006. It explains what kinds of cities have become prime targets, why terrorism has become increasingly lethal, and how its inspiration has changed from secular to religious. The author describes urban terrorism as an attempt to use the city's own strength against itself, forcing it to implode, and delineates three basic logics of terrorist choices for targeting cities. The book also includes a discussion of local resilience - the city's capacity to bounce back from attack - and suggests how that can be sustained. Examples from New York, London, Jerusalem, Istanbul, Moscow, Paris, and Madrid illustrate the book's central themes.

**The Mind of a Terrorist** Kaare Sørensen 2016-06-07 With the Pacing of a Thriller, a Veteran Journalist's Account of the Terrorist behind the Mumbai Attacks and a Planned Attack in Europe David Headley, the American-Pakistani also known as Daood Gilani, lived a double life. One day he would stroll through Central Park in his tailored Armani suit as a true New Yorker, and the next he would browse in the bazaar in Lahore wearing traditional Pakistani clothes. One day he would drink champagne at the most extravagant clubs; on another he would prostrate himself in prayer in remote Pakistan and pledge fidelity to Allah. Born in 1960, the son of an American mother and Pakistani father, with one blue eye and one brown, Headley grew up between East and West. He was attracted to both worlds, even working as an informant for the US government, until one day he found he had to choose between the place of his birth and a radical form of Islam preaching global jihad. This is the disturbing story of the mastermind behind the 2008 attacks in Mumbai that killed 166 people—who two months later flew to Copenhagen to plan another act of terror with the help of al-Qaeda sleeper cells in Europe. Veteran journalist Kaare Sørensen has reconstructed his movements and planning in a tense feat of reportage. His account, based on extensive reporting, eyewitness interviews, and documentation including wiretaps, court transcripts, and emails by Headley accessed from a chat room cache of nine thousand messages, offers unprecedented insight into the mind of the terrorist. The author has provided updates and a new preface for the English-language edition.

*Sponsoring Sufism* F. Muedini 2015-07-15 *Sponsoring Sufism* argues that governments are sponsoring Sufism not only because they see it as an 'apolitical' movement that won't challenge their existing authority, but also that ties to Sufi orders gives them religious credibility, something they seek as they face the rise of Islamist parties.

*Very Mercenary* Rayo Casablanca 2009-03-31 From the author of *6 Sick Hipsters* comes a razor-sharp,

darkly satirical, brilliantly warped new novel about murder, love, torture, art, ninjas, ambition, drugs. . .and everything in between. Leigh Tiller has just been kidnapped. The beautiful, ineffably cool New York socialite is being held by a group of mentally ill terrorists who've demanded millions in ransom from Leigh's wealthy father. There's just one problem: Kip Tiller doesn't want Leigh back. He wants her dead. And he's hired The Serologist--a psychotic, patchwork-scarred hit man--to make sure it happens. Leigh's unlikely savior is Laser Mechanic, the coolly brilliant leader of the guerrilla art collective, Strategic Art Defense. Now, Laser, his team of highly trained artists, and Leigh are on their way to Las Vegas, running from The Serologist and the cops. . .and into a head-on collision with several contract killers--the Gashes, vicious girl bikers, the Black Sultans, adolescent gang-bangers, and the Bisons, a pair of sadistic, meth-addled brothers--looking to make a fast fortune. The outcome will be bloody, brutal, bizarre--and utterly unexpected. . . Praise for Rayo Casablanca and Six Sick Hipsters "Thoroughly amusing and utterly demented." --Owen King, author of We're All In This Together "A wild, poignant, twisted, bitterly funny page turner." --Jason Starr, author of The Follower "A wild ride of a novel." --Jeff Parker, author of Ovenman and The Back of the Line "Mad as a bag of artistic squirrels. With guns. Very brilliant and very original." --Allan Guthrie, author of Savage Night "Anarchy as art, rampaging hitmen, and some serious Daddy Issues fuel Rayo Casablanca's violent, savvy, and propulsive Very Mercenary. Think Andy Warhol meets The Monkey Wrench Gang and you're getting the picture. Casablanca's writing cuts hard, fast, and deep as a buzzsaw. Reader beware: you're going to bleed." --Craig Davidson, author of The Fighter

**Terrorism As Crime** Mark S. Hamm 2007-03-01 Car bombing, suicide bombing, abduction, smuggling, homicide, and hijacking are all profoundly criminal acts. In *Terrorism as Crime* Mark S. Hamm presents an understanding of terrorism from a criminological point of view, arguing that the most successful way to understand, detect, prosecute and deter these acts is to use conventional criminal investigation methods. Whether in Oklahoma City or London, *Terrorism as Crime* demonstrates that criminal activity is the lifeblood of terrorist groups and that there are simple common denominators at work that can remove the mystery surrounding many of these terrorist groups. Once understood the vulnerabilities of these organizations can be exposed. This important volume focuses in on six case studies of crimes committed by jihad and domestic right wing groups, including biographies of more than two dozen terrorists along with descriptions of their organizations, strategies, and terrorist plots. *Terrorism as Crime* offers an original and significant framework for explaining international and domestic terrorism, as well as how future acts might be detected or exposed.

**Foreign Policy Aspects of the War Against Terrorism** Great Britain. Parliament. House of Commons. Foreign Affairs Committee 2005-04-05 This is the sixth report in a series on this subject. Topics covered in this report are: the ongoing threat from terrorism; the multilateral framework (UN and EU); human rights (including Guantánamo Bay, and use of evidence obtained through torture); Iraq; the Maghreb (specifically, Algeria, Morocco and Libya); the Middle East peace process; Afghanistan; and non-proliferation. The Committee emphasises the complex inter-relatedness of the areas investigated in this and its other reports, and stresses that Government foreign policy in the war against terrorism must reflect this reality.

**Countering Terrorist and Criminal Financing** Scott N Romaniuk 2023-11-09 *Countering Terrorist and Criminal Financing* provides an up-to-date overview and critical analysis of terrorism financing, focusing on tactics and practical measures directed at preventing money laundering and countering the flow of terrorism funding. In doing so, the book details some of the major doctrines, outlining policies of states and key regional and global partnerships in Europe, Asia, North America, South America, the Middle East, and Africa. Chapters bring together a diverse range of expert scholars and practitioners who specialise in theoretical principles, utilising empirical research and an analysis of the cross-national networks and cross-group collaborations that underpin the illicit activities that fund such groups. The book serves as the most current and comprehensive resource in the area of countering the financing of terrorism and organised crime—incorporating regional and group-specific approaches, challenges, and consequences. This focus encompasses legal measures, social policies, and military operations and security force responses by states and non-state actors to assemble the most up-to-date counter-terrorist financing information into a single volume.

**Dictionary of American Naval Fighting Ships** United States. Naval History Division 1959

**The Whorehouse of the World** Paul W. Brown 2004 Invasions Goering's Panzers and Luftwaffe an exploding volcano whores and pimps VD the first penicillin "pros" and short arm inspections the history of syphilis terror and romance amateur obstetrics hijacking a British whiskey ship grand opera starvation typhus black markets a plague of locusts a Moroccan orgy Blood and Guts Patton the Anzio Beachhead and Anzio Annie. This is the tale of a "rear echelon bastard" who was not always in the rear. He learned the tough trade of unloading ships in Casablanca under professional stevedores who disliked college boys. He marveled at the amount of stuff it took to supply an American army: tanks, jeeps and locomotives, thousands of bombs and other high explosives, cases of maps (all marked "top secret", cases of condoms, complete hospitals, typewriters and paper clips, mules and mule shoes. In Naples in the winter of 1943 he witnessed starvation, disease and widespread whoring, devastating air raids, the stink of poverty and widespread despair. He wondered at the toughness of the Neapolitans, their love of opera and their skills in thievery and survival. He won a lottery for Stateside leave. Then VE day intervened and the Army changed his orders to the Pacific! He stalled that with an emergency leave to get married. During the honeymoon the A-bomb was dropped and he was discharged from the Army in time to start medical school.

**Terror in Casablanca** Deborah Gleissner 2004-10 Lizzie was a strong willed precocious five years old and she was "Daddy's Girl." This true story takes Lizzy and her family to Casablanca, Morocco, where her father was stationed in the United States Air Force. Learning the language and customs of the French-Arabic people was difficult at best. For Lizzie's mother Sarah, it was this lack of knowledge that nearly ended her young daughter's life. The story starts in England where Lizzie's mother and father were married, and ultimately peaks in Casablanca, Morocco. This is the story of the consequence of ignorance and the radicalism of religion.

**Unholy Terror** John R. Schindler Al-Qa'ida: in the 80s they were in Afghanistan, supported by America and fighting the Russians. In the new century they have metastasized throughout the world's geopolitical body. Where were they in the 90s? *Unholy Terror* provides the answer, with all its terrifying implications for our world today. This book provides the missing piece in the puzzle of al-Qa'ida's transformation from an isolated fighting force into a lethal global threat: the Bosnian war of 1992 to 1995. John R. Schindler reveals the unexamined role that radical Islam played in that terrible conflict--and the ill-considered contributions of American policy to al-Qa'ida's growth. His book explores a truth long hidden from view: that, like Afghanistan in the 1980s, Bosnia in the 1990s became a training ground for the mujahidin. *Unholy Terror* at last exposes the shocking story of how bin Laden successfully exploited the Bosnian conflict for his own ends--and of how the U. S. Government gave substantial support to his unholy warriors, leading to blowback of epic proportions.

**Terrorism Documents of International and Local Control** 2008-07-29 "Volume 91 addresses the currently controversial topic of federal government intelligence-gathering that the U.S. conducts as part of its war on terror. Since Congressional hearings on this topic are normally closed to the public, many researchers possess only a limited knowledge of U.S. intelligence laws and practices. Professor Doug Lovelace here uses his own military expertise to provide researchers with commentary and documents that clarify the present state of U.S. intelligence law."--Publisher's website.

**Terrorism in the Maghreb** Anneli Botha 2008 Despite the recent interest in terrorism in northern Africa - particularly after the Salafist Group for Combat and Preaching (GSPC) announced its official alignment to al-Qaeda and changed its name to al-Qaeda in the Land of the Islamic Maghreb (AQLIM) - the threat of terrorism to the three countries under review (Algeria, Morocco and Tunisia) has been a reality since their independence in the 1950s and 1960s. A historical assessment is essential to understand the magnitude of the threat, the underlying causes and the role-players. It is only when one appreciates the complexities in each of the three countries that one can explain the latest developments, including the name change and the role of Algerian, Moroccan and Tunisian nationals in transnational terrorism.

**Bureaucratizing Islam** Ann Marie Wainscott 2017-09-14 How have states in the Middle East and North Africa responded to the War on Terror? While much scholarship has focused on terrorism in the region, there is need for critical studies of Middle Eastern states' counter-terrorism policies. This book addresses that need by investigating Morocco's unique approach to counter-terrorism: the bureaucratization of religion. Morocco's strategy is unique in the degree to which it relies on reforms that seek to make the

country's religious institutions into tools for rewarding loyalty and discouraging dissent from religious elites. Through these measures they have limited opposition through an enduring form of institutional control, accommodating some of the country's most virulent critics. This book will be of great use to researchers and scholars of Middle Eastern politics, and it will also appeal to those policymakers interested in security studies and counter-terrorism policies.

*Terrorism in Africa* John Davis 2012-07-10 The study, *Terrorism in Africa: The Evolving Front in the War on Terrorism*, represents a research endeavor aimed at increasing scholarly discourse on the ever-expanding threat of terrorism and terrorist related violence in the region. It offers the most wide-ranging analysis of the sub-national and transnational terrorists groups that have made Africa the second most violent region in the world.

#### **Dictionary of American Naval Fighting Ships** 1981

*Africa 2018-2019* Francis Wiafe-Amoako 2018-10-04 Africa provides students with vital information on all countries on the African continent through a thorough and expert overview of political and economic histories, current events, and emerging trends.

*Political, Social and Religious Studies of the Balkans* General Editor: Raphael Israeli, Jerusalem, Israel 2021-01-08 Since the end of the Bosnia War in 1995, a tradition was embraced by the West of vilifying the Serbs as the villains, and the Muslims as their victims. This necessitated the military intervention of the U.S. and NATO on the Muslim side, which caused an untold travesty of justice to the Serbs. For indeed, there was enough blame to go around to condemn all parties in that war, including Serbs, Croats, and Muslims, of committing massacres and huge abuses of the other parties. To single out the Serbs as the bad guys simply distorts the facts. This collective volume, which is the product of a Commission of Inquiry, worked 18 months on this project, redressing the balance based on a meticulous and well-documented report about the process of this inquiry, step by step.

*Morocco* Marvine Howe 2005-06-30 In *Morocco*, Marvine Howe, a former correspondent for The New York Times, presents an incisive and comprehensive review of the Moroccan kingdom and its people, past and present. She provides a vivid and frank portrait of late King Hassan, whom she knew personally and credits with laying the foundations of a modern, pro-Western state and analyzes the pressures his successor, King Mohammed VI has come under to transform the autocratic monarchy into a full-fledged democracy. Howe addresses emerging issues and problems--equal rights for women, elimination of corruption and correction of glaring economic and social disparities--and asks the fundamental question: can this ancient Muslim kingdom embrace western democracy in an era of deepening divisions between the Islamic world and the West?

*The Casablanca Man* Dr James C Robertson 2013-09-13 Michael Curtiz (1888-1962) was without doubt one of the most important directors in film history, yet he has never been granted his deserved recognition and no full-scale work on him has previously been published. *The Casablanca Man* surveys Curtiz' unequalled mastery over a variety of genres which included biography, comedy, horror, melodrama, musicals, swashbucklers and westerns, and looks at his relationship with the Hollywood studio moguls on the basis of unprecedented archive research at Warner Brothers. Concentrating on Curtiz' best-known films - *Casablanca*, *Angels With Dirty Faces*, *Mildred Pearce* and *Captain Blood* among them - Robertson explores Curtiz' practical creative struggles and his friendships and rivalries with other film celebrities including Errol Flynn, Bette Davis and James Cagney, and his discovery of future stars. *Casablanca Man* is the first comprehensive critical exploration of Curtiz' entire career and, linking his European work and his subsequent American work into a coherent whole, Robertson firmly re-establishes Curtiz' true standing in the history of cinema.

*International Legal Dimension of Terrorism* Pablo Antonio Fernández Sánchez 2009 Includes annex: The Huelva Declaration for an Alliance of Civilizations against Terrorism.

**Between Feminism and Islam** Zakia Salime 2011 How feminists and Islamists have constituted each other's agendas in Morocco

*Africa 2012* J. Tyler Dickovick 2012-08-09 The World Today Series: Africa provides necessary information on all the countries on the African continent, providing an overview of political and economic histories, current events, and emerging trends. Published annually, this work covers the latest changes and news in

African affairs. Each country is examined in terms of several categories: Basic Facts, Land and People, The Past: Political and Economic History, The Present: Contemporary Issues, and The Future. In addition to country chapters, the book features extended essays on Africa's Historical Background and The Colonial Period, as well a new essay this year on Africa in 2012. With its combination of factual accuracy and detail set alongside informed projections about the future of Africa's many diverse and distinctive countries, the book is designed as an authoritative resource for students, researchers, practitioners in international development, media, government officials, and potential investors.

*More Freedom, Less Terror?* Dalia Dassa Kaye 2008-09-24 A key tenet of U.S. foreign policy has been that promoting democracy reduces terrorism; however, scant empirical evidence links democracy to terrorism, positively or negatively. This study explores the relationship between the two by examining the effects of liberalization processes on political violence in six Arab cases.

**Unfunding Terror** Jimmy Gurulé 2010-01-01 Jimmy Gurulé knows how to bankrupt terrorists like few others do. As Undersecretary of the Treasury for Enforcement, he spearheaded the fight against al-Qaeda's global bank accounts, helping to earn the highest grade awarded on the 9/11 Commissioners report card. As an author, he performs once again. *Unfunding Terror* provides policymakers and laymen alike a clear roadmap on how to keep terrorists out of the global financial system. Timothy J. Roemer, Center for National Policy, former US Congressman and member of the National Commission on Terrorist Attacks Upon the United States (9/11 Commission) Jimmy Gurulé has given us a superbly comprehensive and well-written assessment of why, regarding terrorism, Deep Throat's principle is bang on: follow the money. R. James Woolsey, venture partner, VantagePoint, and former Director of Central Intelligence, US A detailed study by a true scholar-practitioner, *Unfunding Terror* explains the legal response to terror finance in language accessible to both the expert and layman. Required reading. Matthew Levitt, Director, Stein Program on Counterterrorism and Intelligence, The Washington Institute for Near East Policy and former Deputy Assistant Secretary of the Treasury for Intelligence and Analysis, US Professor Gurulé is comprehensive: he describes the problem (terrorist funding by those in the free world), analyzes the legal responses (make it a crime, freeze terrorist assets, impose regulations on financial institutions), critiques the administration's and international community's efforts to unfund terrorists (political rhetoric, not in fact backed up with effective strategies or implementation), and outlines concrete legal and administrative remedies. Would that they to whom the recommendations are addressed act on them quickly. Too much is at stake to let terrorists, who condemn the West as corrupt, get their funding to attack the US and its allies from the West itself. That would be a form of social suicide. G. Robert Blakey, Notre Dame Law School, US The September 11, 2001 terrorist attacks that claimed the lives of 2,973 innocent civilians required as much as \$500,000 to stage. At the time, al Qaeda was operating on an annual budget of between \$30 and \$50 million. However, despite the obvious fact that terrorists need money to terrorize, preventing the financing of terrorism was not a priority for the United States or the international community prior to 9/11. Jimmy Gurulé, former Under Secretary for Enforcement in the US Department of the Treasury, provides the first book-length, comprehensive analysis of the legal regime that evolved following the terrorist attacks. The book begins with a discussion of how shutting down the pipelines of funding is as important as dismantling the terrorist cells themselves. Next, the book covers the various means and methods used by terrorist groups to raise money, and examines how money is transferred globally to finance their lethal activities. The principal components of the legal strategy to disrupt the financing of terrorism are then discussed and evaluated. Unfortunately, the author concludes that the legal regime has met with mixed results, and finds that the sense of urgency to deprive terrorists of funding that existed following 9/11 has since dissipated. As a result, international efforts to freeze terrorist assets have dramatically declined. Moreover, the US Department of Justice has suffered several embarrassing and disappointing legal defeats in prosecuting major terrorist financiers. The author provides numerous recommendations to Congress, the Executive Branch, and the UN Security Council for strengthening the legal regime to deny terrorists the money needed to wage global jihad, acquire weapons of mass destruction, and launch another terrorist attack on the scale of 9/11. *Unfunding Terror* fills an important gap in the literature and will be essential reading for counter-terrorism experts, law enforcement and national se

**Building Terrorism Resistant Communities** S. Ekici 2009 "Proceedings of the NATO Advanced

Research Workshop on Together against Terrorism: Building Terrorism Resistant Communities, Washington D.C., USA, 26-27 September 2008."--T.p. verso.

Morocco Jamil Dakwar 2004

*Encyclopedia of Terrorism [2 volumes]* Peter Chalk 2012-11-21 A valuable, up-to-date reference tool for understanding the latest developments in national and international terrorism—one of the most pressing security challenges facing the world today. Terrorism has emerged as one of the main foreign and national policy challenges of the 21st century. Encyclopedia of Terrorism provides comprehensive coverage of the events, individuals, groups, incidents, and trends in terrorism in the modern era. This essential work presents accurate, concise, and crucial information on developments since the watershed events of September 11, 2001, providing readers with an invaluable reference tool for understanding major developments that have occurred in domestic and international terrorism. The work is fully cross-referenced to provide a comprehensive research tool for high school students, academics, security analysts, and other readers interested in the study of terrorism.

Exploring Terrorist Targeting Preferences Martin C. Libicki 2007-03-09 Governments spend billions to protect against terrorism. Might it help to understand what al Qaeda would achieve with each specific attack? This book examines various hypotheses of terrorist targeting: is it (1) to coerce, (2) to damage economies, (3) to rally the faithful, or (4) a decision left to affiliates? This book analyzes past attacks, post hoc justifications, and expert opinion to weigh each hypothesis.

**The Evolution of the Global Terrorist Threat** Bruce Hoffman 2014-10-28 Examining each major terrorist act and campaign of the decade following September 11, 2001, internationally recognized scholars launch original studies of the involvement of global terrorist leaders and organizations in these incidents and the planning, organization, execution, recruitment, and training that went into them. Their work relays the changing character of al-Qaeda and its affiliates since the invasion of Afghanistan and Iraq and the sophisticated elements that, despite the West's best counterterrorism efforts, continue to exert substantial and sustained control over terrorist operations. Through case studies of terrorist acts occurring both within and outside the West, the volume's contributors investigate al-Qaeda as it adapts to the strategies of Operation Enduring Freedom and subsequent U.S.-led global counterterrorism campaigns. They explore whether Osama bin Laden was indeed reduced to a mere figurehead before his death or whether he successfully exercised global command over al-Qaeda's activities. Did al-Qaeda become a loose collection of individuals and ideas following its expulsion from Afghanistan, or was it reborn as a transnational organization powered by a well-articulated ideology? What is the preeminent terrorist threat we face today, and what will it look like in the future? This anthology pinpoints the important patterns and strategies that will best inform counterterrorism in a new century.

*The Ghost of Casablanca* Matthew Hughston 2012-04-24 The entire world regularly sees injustice, hedonism, and immorality. The anger swells hot within us yet so few are crazy enough to try and make a difference. How damaged does one have to be to actually fight the dealers, thugs, and pimps in a way the police cannot? What does it take to make a vigilante? Ask Eddie Schaffer. It is 2003. Decades after killing a man trying to rape his mother, Eddie is fueled by both the terrorist attacks of 9/11 and a prostitution circuit which disfigures its young women. When enough is enough, he makes the choice to rebuild his aimless life, focus his frustrations with the help of an old friend and fight back. But his methods become controversial and he takes things too far. Are his ethics strongly in place, or have the dark events of his life skewed his perception of right and wrong? Is his brutal persona just as bad as the bad guys? Will he save himself and his loved ones from a new foe threatening the entire continent? Mysterious, philosophical, political, and

violent, Hughston's premiere novel is an anti-hero adventure with elements of noir, moving like a high-paced action film, asking: What does the world really need?

Morocco Eric Goldstein 2004 Morocco has made impressive strides in human rights over the last fifteen years., but has been no exception to the global backsliding in the protection of civil liberties and basic freedoms in the name of counter-terrorism.

**Africa 2022-2023** Francis Wiafe-Amoako 2022-08-15 The World Today Series: Africa provides students with vital information on all countries on the African continent through a thorough and expert overview of political and economic histories, current events, and emerging trends. Each country is examined through the following sections: Basic Facts; Land and People; The Past: Political and Economic History; The Present: Contemporary Issues; and The Future. In addition to country chapters, the book features extended essays on Africa's Historical Background and the Colonial Period. The combination of factual accuracy and up-to-date detail along with its informed projections make this an outstanding resource for researchers, practitioners in international development, media professionals, government officials, potential investors and students. The content is thorough yet perfect for a one-semester introductory course or general library reference. Available in both print and e-book formats and priced low to fit student and library budgets.
