The inspirational routes in this larger format book range right across the Snowdonia National Park and are divided into 8 geographical regions: Snowdon and Moel Eilio, the Glyderau, the Carneddau, Eifionydd, Siabod and the Moelwynion, Rhinogydd (the Harlech Dome), Migneint and the Arans and Cadair Idris and the Tarrens. All routes are graded, from moderate to strenuous, and illustrated with Harvey map extracts, topo diagrams by Mark Richards and lots of stunning photographs. Some routes include mild scrambling or long days in rugged country, and many can be enjoyed all year round. The walks have been chosen to encourage you to try something new in this much-loved region, while at the same time offering clear descriptions of classic routes for those new to Snowdonia.

**The Lancashire Cycleway** Jon Sparks 2017-02-23 The 265 mile (425km) Lancashire Cycleway showcases the idyllic scenery of England's historic Red Rose County. Comprising of two distinct loops that intersect at Whalley in the Ribble Valley, the Northern Loop contrasts the quiet lanes and peaceful countryside of northwestern Lancashire with the thrill of the open moors of the Forest of Bowland AONB; the Southern weaves its way between the villages and towns in the south of the county, an area rich in social history. Easily accessible from the region's rail network, the route - which is all on-road - can be cycled either as a tour or a series of day rides. This guidebook presents the Lancashire Cycleway in 11 stages of 16.5 - 30.9 miles (26.6 - 49.7km), plus two short connections to link the loops to the major regional stations at Lancaster and Wigan, as well as 17 varied day rides for those wishing to explore the county further. Detailed route description and 1:100,000 mapping is presented alongside a wealth of information on local points of interest

and facilities, and the magnificent colour photography offers a small taste of what the routes have to offer. The guide also includes useful advice for those new to cycling or cycle touring.

8000 metres Alan Hinkes 2014-02-13 In this stunning large-format book, British mountaineer Alan Hinkes describes for the first time in one place his experiences of climbing all 14 of the peaks over 8000m: the world's highest mountains, in the Himalaya and Karakoram. While the photographs - despite being taken in impossible conditions - capture the beauty and majesty of the mountain landscapes of the roof of the world, the text describes the minute-by-minute struggle to survive in 'the death zone', let alone climb to the summits, often solo and in roaring winds and Arctic temperatures. As well as reflecting on the Yorkshire childhood and first Alpine ascents that got him to his first 8000m summit attempt, and the life that he has led and plans to lead since becoming the first Briton to reach all the 8000ers, Alan recalls the climbing companions he met along the way, several of whom have died in their beloved mountains, the trek-ins, the base camps, the setbacks and the triumphs. A book to challenge and inspire mountain-lovers everywhere.

Walking in the Forest of Bowland and Pendle Terry Marsh 2012-02-15 A guidebook to 40 circular walks in in two of Lancashire's largest Areas of Outstanding Natural Beauty - the Forest of Bowland, an area of 310 square miles, and the 'bewitching' countryside of Pendle to the south. The walks range between 3 and 12.5 miles in length and are all illustrated with extracts of OS mapping. The diverse range of routes include four Marilyns - Ward's Stone, Pendle Hill, Longridge Fell and Fair Snape Fell. The walks are spread across the region, with bases including Caton, Dunsop Bridge, Slaidburn, Clitheroe and Pendle. All the walks are punctuated with snippets of information on the natural and cultural history of the region, from witches to wildflowers. The Forest of Bowland and Pendle provide vastly differing terrain - from the lush farmlands of the Ribble valley to the more rugged rough pastures of the Forest of Bowland uplands and the huge boggy uplifts of the main Bowland massif itself.
