The Search for Alexander 1980 Published with the cooperation of the Greek Ministry of Culture and Science.

Alexander the Great Thomas R. Martin 2012-09-28 This book explains what made Alexander 'Great' according to the people and expectations of his time and place.

Alexander Hamilton Ron Chernow 2005-03-29 The #1 New York Times bestseller, and the inspiration for the hit Broadway musical Hamilton! Pulitzer Prize-winning author Ron Chernow presents a landmark biography of Alexander Hamilton, the Founding Father who galvanized, inspired, scandalized, and shaped the newborn nation. "Grand-scale biography at its best—thorough, insightful, consistently fair, and superbly written . . . A genuinely great book." —David McCullough "A robust full-length portrait, in my view the best ever written, of the most brilliant, charismatic and dangerous founder of them all." —Joseph Ellis Few figures in American history have been more hotly debated or more grossly misunderstood than Alexander Hamilton. Chernow's biography

gives Hamilton his due and sets the record straight, deftly illustrating that the political and economic greatness of today's America is the result of Hamilton's countless sacrifices to champion ideas that were often wildly disputed during his time. "To repudiate his legacy," Chernow writes, "is, in many ways, to repudiate the modern world." Chernow here recounts Hamilton's turbulent life: an illegitimate, largely self-taught orphan from the Caribbean, he came out of nowhere to take America by storm, rising to become George Washington's aide-de-camp in the Continental Army, coauthoring The Federalist Papers, founding the Bank of New York, leading the Federalist Party, and becoming the first Treasury Secretary of the United States. Historians have long told the story of America's birth as the triumph of Jefferson's democratic ideals over the aristocratic intentions of Hamilton. Chernow presents an entirely different man, whose legendary ambitions were motivated not merely by self-interest but by passionate patriotism and a stubborn will to build the foundations of American prosperity and power. His is a Hamilton far more human than we've encountered before—from his shame about his birth to his fiery aspirations, from his intimate relationships with childhood friends to his titanic feuds with Jefferson, Madison, Adams, Monroe, and Burr, and from his highly public affair with Maria Reynolds to his loving marriage to his loyal wife Eliza. And

never before has there been a more vivid account of Hamilton's famous and mysterious death in a duel with Aaron Burr in July of 1804. Chernow's biography is not just a portrait of Hamilton, but the story of America's birth seen through its most central figure. At a critical time to look back to our roots, Alexander Hamilton will remind readers of the purpose of our institutions and our heritage as Americans.

Many Worlds in One Alex Vilenkin 2007-07-10 A Leading Figure in the Development of the New Cosmology Explains What It All Means Among his peers, Alex Vilenkin is regarded as one of the most imaginative and creative cosmologists of our time. His contributions to our current understanding of the universe include a number of novel ideas, two of which—eternal cosmic inflation and the quantum creation of the universe from nothing—have provided a scientific foundation for the possible existence of multiple universes. With this book—his first for the general reader—Vilenkin joins another select group: the handful of first-rank scientists who are equally adept at explaining their work to nonspecialists. With engaging, well-paced storytelling, a droll sense of humor, and a generous sprinkling of helpful cartoons, he conjures up a bizarre and fascinating new worldview that—to paraphrase Niels Bohr—just might be crazy enough to be true.

Search Engine Society Alexander Halavais 2017-11-27 Search engines have become a key part of our everyday lives. Yet there is growing concern with how algorithms, which run just beneath the surface of our interactions online, are affecting society. This timely new edition of Search Engine Society enlightens readers on the forms of bias that algorithms introduce into our knowledge and social spaces, drawing on recent changes to technology, industries, policies, and research. It provides an introduction to the social place of the search engine and addresses crucial questions such as: How have search engines changed the way we organize our thoughts about the world, and how we work? To what extent do politics shape search, and does search shape politics? This book is a must-read for those who wish to understand the future of the social internet and how search shapes it.

Alexander and the Terrible, Horrible, No Good, Very Bad Day Judith Viorst 2009-09-22 Recounts the events of a day when everything goes wrong for Alexander. Suggested level: junior, primary.

Marcel Proust's Search for Lost Time Patrick Alexander 2009-09-22 An accessible, irreverent guide to one of the most admired—and entertaining—novels of the past century: *Remembrance of Things Past*. There is no other guide like this; a user-friendly and enticing entry into the marvelously enjoyable world of Proust. At seven volumes, three thousand pages, and more than four hundred characters, as well as a towering reputation as a literary classic, Proust's novel can seem daunting. But though begun a century ago, in 1909, it is in fact as engaging and relevant to our times as ever. Patrick Alexander is passionate about Proust's genius and appeal—he calls the work “outrageously bawdy and extremely funny”—and in his guide he makes it more accessible to the general reader through detailed plot summaries, historical and cultural background, a guide to the fifty most important characters, maps, family trees, illustrations, and a brief biography of Proust. Essential for readers and book groups currently reading Proust and who want help keeping track of the huge cast and intricate plot, this

Reader's Guide is also a wonderful introduction for students and new readers and a memory-refresher for long-time fans.

Alexander, Who Used to Be Rich Last Sunday Judith Viorst

2012-04-24 Anthony has two dollars and three quarters and one dime and seven nickels and eighteen pennies. Nicholas has one dollar and two quarters and five dimes and five nickels and thirteen pennies. Alexander has...bus tokens. And even when he's rich, pretty soon all he has is bus tokens. He was rich. Last Sunday. Grandma Betty and Grandpa Louie came and gave Anthony and Nicholas and Alexander each a dollar. Alexander was saving his. Maybe for a walkie-talkie. And then there was bubble gum, some bets with Anthony and Nicholas (that Alexander lost), a snake rental, a garage sale, and all kinds of other things to spend money on. And now all he has is bus tokens. When he used to be rich last Sunday.

Book of Alexander Mark Carew 2018-10-15 A post-modern puzzle about self and identity. Alexander embarks on a remarkable experiment, the likes of which no one has attempted before: to find who he is by writing a book as if he were a watching detective. With Penny, Alexander is a gadfly, mucking her about, unable to see past her beauty; but with Melanie, he has met his match. It is remarkable how quickly the mood shifts from talk of big questions (religion, God, beauty, how mirrors lie) to the perfectly ordinary nuances between a couple.

The Conquests of Alexander the Great Waldemar Heckel 2012-03-29

In this book, Waldemar Heckel traces the rise and eventual fall of one of the most successful military commanders in history. In 325 BCE, Alexander and his conquering army prepared to return home, after overcoming everything in their path: armies, terrain, climate, all invariably hostile. Little did they know that within two years their beloved king would be dead and their labours seemingly wasted. Tracing the rise and eventual fall of one of the most successful military commanders in history, Heckel engagingly and with great detail shows us how Alexander earned his appellation, The Great.

Alexander the Great Philip Freeman 2011-10-18 In the first authoritative

biography of Alexander the Great written for a general audience in a generation, classicist and historian Philip Freeman tells the remarkable life of the great conqueror. The celebrated Macedonian king has been one of the most enduring figures in history. He was a general of such skill and renown that for two thousand years other great leaders studied his strategy and tactics, from Hannibal to Napoleon, with countless more in between. He flashed across the sky of history like a comet, glowing brightly and burning out quickly: crowned at age nineteen, dead by thirty-two. He established the greatest empire of the ancient world; Greek coins and statues are found as far east as Afghanistan. Our interest in him has never faded. Alexander was born into the royal family of Macedonia, the kingdom that would soon rule over Greece. Tutored as a boy by Aristotle, Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns. Shortly after taking command of the army, he launched an invasion of the Persian empire, and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present-day Pakistan and the plains of India. Alexander spent nearly all his adult life away from his homeland, and he and his men helped spread the Greek language throughout western Asia, where it would become the lingua franca of the ancient world. Within a short time after Alexander's death in Baghdad, his empire began to fracture. Best known among his successors are the Ptolemies of Egypt, whose empire lasted until Cleopatra. In his lively and authoritative biography of Alexander, classical scholar and historian Philip Freeman describes Alexander's astonishing achievements and provides insight into the mercurial character of the great conqueror. Alexander could be petty and magnanimous, cruel and merciful, impulsive and farsighted. Above all, he was ferociously, intensely competitive and could not tolerate losing—which he rarely did. As Freeman explains, without Alexander, the influence of Greece on the ancient world would surely not have been as great as it was, even if his motivation was not to spread Greek culture for beneficial purposes but instead to unify his empire. Only a handful of people have influenced history as Alexander did, which is why he

continues to fascinate us.

Conqueror and Hero Stephen Krensky 1981 Outlines the life of Alexander, a charismatic individual who was simultaneously the king of Macedonia, pharaoh of Egypt, and emperor of Persia.

The Search for Alexander 1980

The Lost Book of Alexander the Great Andrew Young 2022-01-27 A Reconstruction of Ptolemy I's History of Alexander's Conquests, a Primary Source Cited in Later Books That Disappeared More Than One Thousand Years Ago Alexander the Great is well known as one of the first great empire builders of the ancient world. Among those fellow Macedonian officers who accompanied Alexander in his epic conquests from Greece to India was Ptolemy Lagides. Ptolemy served alongside Alexander from the Persian defeat at the Battle of Issus in modern-day Turkey and the journey to find the oracle that proclaimed Alexander to be Zeus incarnate, to the Battle of the Hydaspes River in 326 BC that opened India to the West. Following Alexander's death, Ptolemy gained control of Egypt where he founded the dynasty in his name, created the great library of Alexandria, and was patron of the mathematician Euclid. Sometime during his rule in Egypt, Ptolemy wrote a history of Alexander's conquests. Although it is probable that Ptolemy enhanced his own importance, sources indicate that it was regarded as an accurate and even-handed account of the campaigns of Alexander. However, Ptolemy's book was lost--perhaps with the destruction of the library he

founded--and not even an original fragment has survived. His book, however, was acknowledged as a primary source of information for later Roman historians. In *The Lost Book of Alexander the Great*, Andrew Young explores the world of ancient writings about the Macedonian leader in order to determine whether any of Ptolemy's writings can be recovered. Inspired by Stephen Greenblatt's distinguished biography of Shakespeare, *Will in the World*, and written for the general reader, the author uses literary forensics to suggest which parts of later books about Alexander the Great, most notably the account by Arrian of Nicomedia, might be the words of Ptolemy. In addition to separating later Roman sensibilities from the original Greek of Ptolemy, the author re-creates the famous library of Alexandria, and takes the reader along on Alexander's conquests as closely as we can to how Ptolemy may have recounted them.

The Life of Alexander the Great Plutarch 2004-04-13 In 336 b.c. Philip of Macedonia was assassinated and his twenty-year-old son, Alexander, inherited his kingdom. Immediately quelling rebellion, Alexander extended his father's empire through-out the Middle East and into parts of Asia, fulfilling the soothsayer Aristander's prediction that the new king "should perform acts so important and glorious as would make the poets and musicians of future ages labour and sweat to describe and celebrate him." *The Life of Alexander the Great* is one of the first surviving attempts to memorialize the achievements of this legendary king, remembered today as the greatest military genius of all time. This exclusive Modern Library edition, excerpted from Plutarch's *Lives*, is a riveting tale of honor, power, scandal, and bravery written by the most eminent biographer of the ancient world.

The Search for Alexander Nicholas M. Yalouris 1980

SOMA Gian Quasar 2010 Sarcasm, murder and international intrigue relentlessly cling to SOMA from its beginnings in a Roman cafe until its end under the streets of modern Alexandria. On the way, Dr. John Monsieur finds himself the partner of a notorious snitch, the Earwig. He also becomes attached to a pestering newswoman who insists on helping him. He dodges a bloated, ruthless collector, and uncovers two dead

Greeks, a strange cult, and a Persian who agrees to spare his life if he takes him in as a partner. Before it's all over 5 people are dead, nobody is what they appear to be, and in such a group of distrust the most surprising discovery is made in an ancient marble tomb.

In the Footsteps of Alexander the Great Michael Wood 1997 "The story of Alexander the Great's 22 000-mile expedition from Greece to India and his conquest of most of the known world is an extraordinary tale of bravery and cruelty, endurance and excess, chivalry and greed. [More than two] thousand years later, historian and author Michael Wood endeavours to retrace the ... conqueror's epic route, using only the ancient historians as his guide. ..."--Back cover.

The Search for Alexander 1982

Alexander the Great Paul Cartledge 2005-11-01 Alexander the Great is the towering hero of the classical world: a fearless general, the conqueror of the Persians, and the visionary ruler of a vast empire. In this seminal biography, Paul Cartledge, one of the world's foremost scholars of ancient Greece, gives us the most reliable and intimate portrait of the man himself. Cartledge brilliantly evokes Alexander's remarkable political and military accomplishments, cutting through the myths to show why he was such a great leader. He explores our endless obsession with Alexander and gives us insight into both his capacity for brutality and his sensitive grasp of international politics. As he brings Alexander vividly to life, Cartledge also captures his enduring impact on world history and culture.

In The Footsteps Of Alexander The Great Michael Wood 2015-10-08 Michael Wood retraces Alexander the Great's amazing journey from Greece to India, searching for the truth behind the legend and experiencing the tremendous scale of his achievements. Using the ancient historians as his guides, Wood follows Alexander's journey as closely as possible, crossing deserts and rivers, from Turkey to war-torn Afghanistan. As the journey progresses, he recreates the drama of Alexander's epic marches and bloody battles. All along the way he finds proof of the survival of the legends surrounding Alexander, a leader whose life has excited the world's imagination for the 2,000 years. 'Wood

tells a glorious story with some very dark shadows.' New York Times 'Wood is a perceptive, entertaining and enthusiastic companion.' Sunday Times 'Wood is a lively storyteller.' The Washington Post

Remembered Tamera Alexander 2007-06-01 The threat of war--and a final request--send Véronique Girard from France to a distant and uninviting country. In the Colorado Territory, she searches for the man who has held her heart since childhood--her father. Pierre Girard left Paris for the Americas to seek his fortune in fur trading, vowing to send for his wife and daughter. But twenty-five years have passed and his vow remains unfulfilled. Sifting through shards of broken promises, Véronique embarks on a dangerous search for a man she scarcely remembers. His grief finally healed, Jack Brennan is moving on with life. After years of guiding families west, he is now working as a freighter to the mining towns surrounding Willow Springs. What he doesn't count on is an unexpected traveling companion on his trips up into the mountains, and how one woman's search will cause havoc with his plans . . . and his life.

The Quest for the Tomb of Alexander the Great: Third Extended Edition Andrew Michael Chugg 2020-02-02 Uncover a connection between a Macedonian funerary sculpture found in the foundations of the Basilica di San Marco in Venice and the sarcophagus of an Egyptian Pharaoh shipped to London from Alexandria in 1801. Traces their trails to show that both seem to come from Alexander's tomb in Alexandria. Now it is revealed that the sculptural relief was fitted to the sarcophagus, confirming the theory. The author writes: "When I embarked upon the deck of this Odyssey, it seemed to me that shipwreck was my eventual destiny, but now beyond the raging, roiling sea, I have glimpsed the shore of verdant Valinor unveiled before me. Though I may yet come to grief upon some reef, washed by waves of disbelief, I voyage on to vindication, my vessel's ordained destination. With greatness grazing on the verge of rediscovery, we may surely see the resolution of this mystery. So let my sail now be unfurled to catch the wind and win the world Alexander's long-lost legacy, the parted parts of his shattered tomb and battered body."
