**The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay** Book Review:  
Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book is key themes, examine its writing style, and analyze its overall effect on readers.

*The Future of Ideas* Lawrence Lessig 2002-10-22  
The Internet revolution has come. Some say it has gone. In *The Future of Ideas*, Lawrence Lessig explains how the revolution has produced

a counterrevolution of potentially devastating power and effect. Creativity once flourished because the Net protected a commons on which widest range of innovators could experiment. But now, manipulating the law for their own

## **The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay**

purposes, corporations have established themselves as virtual gatekeepers of the Net while Congress, in the pockets of media magnates, has rewritten copyright and patent laws to stifle creativity and progress. Lessig weaves the history of technology and its relevant laws to make a lucid and accessible case to protect the sanctity of intellectual freedom. He shows how the door to a future of ideas is being shut just as technology is creating extraordinary possibilities that have implications for all of us. Vital, eloquent, judicious and forthright, *The Future of Ideas* is a call to arms that we can ill afford to ignore.

Video Game Spaces Michael Nitsche 2008-12-05

An exploration of how we see, use, and make sense of modern video game worlds. The move to 3D graphics represents a dramatic artistic and technical development in the history of video games that suggests an overall transformation of games as media. The experience of space has become a key element

of how we understand games and how we play them. In *Video Game Spaces*, Michael Nitsche investigates what this shift means for video game design and analysis. Navigable 3D spaces allow us to crawl, jump, fly, or even teleport through fictional worlds that come to life in our imagination. We encounter these spaces through a combination of perception and interaction. Drawing on concepts from literary studies, architecture, and cinema, Nitsche argues that game spaces can evoke narratives because the player is interpreting them in order to engage with them. Consequently, Nitsche approaches game spaces not as pure visual spectacles but as meaningful virtual locations. His argument investigates what structures are at work in these locations, proceeds to an in-depth analysis of the audiovisual presentation of gameworlds, and ultimately explores how we use and comprehend their functionality. Nitsche introduces five analytical layers—rule-based space, mediated space, fictional space, play space, and social

space—and uses them in the analyses of games that range from early classics to recent titles. He revisits current topics in game research, including narrative, rules, and play, from this new perspective. Video Game Spaces provides a range of necessary arguments and tools for media scholars, designers, and game researchers with an interest in 3D game worlds and the new challenges they pose.

**Dave Barry in Cyberspace** Dave Barry  
1997-09-23 "RELENTLESSLY FUNNY . . . BARRY SHINES." --People A self-professed computer geek who actually does Windows 95, bestselling humorist Dave Barry takes us on a hilarious hard drive via the information superhighway--and into the very heart of cyberspace, asking the provocative question: If God had wanted us to be concise, why give us so many fonts? Inside you'll find juicy bytes on How to Buy and Set Up a Computer; Step One: Get Valium Nerdstock in the Desert; Or: Bill Gates Is Elvis Software: Making Your Computer Come

Alive So It Can Attack You Word Processing: How to Press an Enormous Number of Keys Without Ever Actually Writing Anything Selected Web Sites, including Cursing in Swedish, Deformed Frog Pictures, and The Toilets of Melbourne, Australia And much, much more!  
"VERY FUNNY . . . After a day spent staring at a computer monitor, think of the book as a kind of screen saver for your brain." --New York Times Book Review

**A Vulgar Art** Ian Brodie 2014-10-29 In A Vulgar Art Ian Brodie uses a folkloristic approach to stand-up comedy, engaging the discipline's central method of studying interpersonal, artistic communication and performance. Because stand-up comedy is a rather broad category, people who study it often begin by relating it to something they recognize—"literature" or "theatre"; "editorial" or "morality"—and analyze it accordingly. A Vulgar Art begins with a more fundamental observation: someone is standing in front of a

group of people, talking to them directly, and trying to make them laugh. So this book takes the moment of performance as its focus, that stand-up comedy is a collaborative act between the comedian and the audience. Although the form of talk on the stage resembles talk among friends and intimates in social settings, stand-up comedy remains a profession. As such, it requires performance outside of the comedian's own community to gain larger and larger audiences. How do comedians recreate that atmosphere of intimacy in a roomful of strangers? This book regards everything from microphones to clothing and LPs to Twitter as strategies for bridging the spatial, temporal, and socio-cultural distances between the performer and the audience.

*Software Studies* Matthew Fuller 2008 This collection of short expository, critical and speculative texts offers a field guide to the cultural, political, social and aesthetic impact of software. Experts from a range of disciplines

each take a key topic in software and the understanding of software, such as algorithms and logical structures.

**The Disney That Never Was** Charles Solomon 1995-11-09 Disney artists worked on many projects, both shorts and feature-length films, and their rich and varied work - whether in the form of concept art, animation drawings, storyboards, or gags - is a testament to the quality and innovation the studio achieved, even on unfinished projects. After a brief Introduction examining how the studio operated during Walt Disney's day, Solomon surveys the many categories of uncompleted film, illustrating each with beautiful examples of work by the staff artists: Mickey, Donald, and Goofy shorts; Fairy Tale Projects like Hans Christian Andersen tales and the ambitious feature *Chanticleer and Reynard*; wartime propagandist films; early versions of *Fantasia*, and later efforts to expand elements of the film; and projects ranging from *Hiawatha* to *Destino*, a fantastic and unlikely

collaboration between Disney and Salvador Dali. **World Building** Marta Boni 2017 Thanks to modern technology, we are now living in an age of multiplatform fictional worlds, as television, film, the Internet, graphic novels, toys, and more facilitate the creation of diverse yet compact imaginary universes, which are often recognizable as brands and exhibit well-defined identities. This volume, situated at the cutting edge of media theory, explores this phenomenon from both theoretical and practical perspectives, uncovering how the construction of these worlds influences our own determination of values and meaning in contemporary society.

*The Selling of 9/11* D. Heller 2016-09-23 The Selling of 9/11 argues that the marketing and commodification of the terrorist attacks of September 11, 2001, reveal the contradictory processes by which consumers in the United States (and around the world) use, communicate, and construct national identity and their sense of national belonging through

cultural and symbolic goods. Contributors illuminate these processes and make important connections between myths of nation, practices of mourning, theories of trauma, and the politics of post-9/11 consumer culture. Their essays take critical stock of the role that consumer goods, media and press outlets, commercial advertising, marketers and corporate public relations have played in shaping cultural memory of a national tragedy.

**Broadcasting Baseball** Eldon L. Ham 2011-07-29 There is a long-standing relationship between broadcasting and sports, and nowhere is this more evident than in the marriage of baseball and radio: a slow sport perfectly suited to the word-painting of broadcasters. This work covers the development of the baseball broadcasting industry from the first telegraph reports of games in progress, the influence of early pioneers at Pittsburgh's KDKA and Chicago's WGN, including the first World Series broadcast, the launch of the Telstar Satellite, the

## The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay

Carlton Fisk homerun in the 1975 World Series, which changed how baseball is broadcast, through the latest computer graphics, HD television, and the Internet.

### My Urban Wilderness in the Hollywood Hills

Richard G. Lillard 1983

### Stripping the Gurus Geoffrey D. Falk 2009-06

"Armed with wit, insight, and truly astonishing research, Falk utterly demolishes the notion of the enlightened guru who can lead devotees to nirvana.--John Horgan, author of "Rational Mysticism."

Frank Sinatra Jeanne Fuchs 2007 A celebration of Sinatra's enduring impact on American entertainment and cultural life. For nearly sixty years, Frank Sinatra [1915-98] triumphed in concert, in the recording studio, on television, and on the big screen, refashioning his image to suit the temper of the times. Sinatra did it "his way," remaining both elusive and alluring, and appealing to men and women alike. This collection analyzes the qualities that ensured

Sinatra's staying power: his impeccable musicality, his charisma, his tough-mindedness, and even his peccadilloes. The contributors to this volume evaluate Sinatra's impact on all areas of entertainment, and examine many of the cultural forces he influenced and was influenced by, including Bing Crosby, Elvis, the "Beats," the Beatles, and Rock 'n' Roll. What emerges is a portrait of an artist, entertainment icon, and legendary symbol of popular culture. This appreciation of the Sinatra phenomenon celebrates his enduring impact on American entertainment and cultural life. Contributors: Blaine Allan, Samuel L. Chell, David Finck, Joseph Fioravanti Jeanne Fuchs, Philip Furia, Roger Gilbert, Ruth Prigozy, Walter Raubicheck, Lisa Jo Sagolla, Ron Simon, Arnold Jay Smith, James F. Smith, Patric M. Verrone, David Wild Jeanne Fuchs is Professor Emerita of Comparative Literature and Languages at Hofstra University; Ruth Prigozy is Professor of English at Hofstra University.

**Adland** James P. Othmer 2010-06-01 James P. Othmer, advertising executive turned novelist, gives us a hilarious, personal, and sneakily profound chronicle of the past, present, and future of the advertising business. On one level it's the wickedly funny, compelling personal chronicle of the rise and fall of a modern-day ad man; a riveting insider's look at the astonishing transformation taking place in advertising's hottest idea factories. But take a step back from the tales of lavish shoots, agencies on the brink, and pampered mega-brands and Adland becomes much more: a snapshot of how we are living our lives thirty seconds at a time. Funny, deeply thoughtful, and utterly unique, this book is both a wildly amusing ride in Adland, brilliantly recounted, and an exploration of the value of life in the information age.

**Remote Control** V. Knight 2017-01-25 In-cell television is now a permanent feature of prisons in England and Wales, and a key part of the experience of modern incarceration. This

sociological exploration of prisoners' use of television offers an engaging and thought provoking insight into the domestic and everyday lives of people in prison - with television close at hand. Victoria Knight explores how television contributes to imprisonment by normalising the prison cell. In doing so it legitimates this space to hold prisoners for long periods of time, typically without structured activity. As a consequence, television's place in the modern prison has also come to represent an unanticipated resource in the package of care for prisoners. This book uncovers the complex and rich emotive responses to prison life. Dimensions of boredom, anger, frustration, pleasure and happiness appear through the rich narratives of both prisoners and staff, indicating the ways institutions and individuals deal with their emotions. It also offers an insight into the unfolding future of the digital world in prisons and begins to consider how the prisoner can benefit from engagement with digital

technologies. It will be of great interest to practitioners and scholars of prisons and penology, as well as those interested in the impact of television on society.

*The Queer Fantasies of the American Family Sitcom* Tison Pugh 2018-02-27 *The Queer Fantasies of the American Family Sitcom* examines the evasive depictions of sexuality in domestic and family-friendly sitcoms. Tison Pugh charts the history of increasing sexual depiction in this genre while also unpacking how sitcoms use sexuality as a source of power, as a kind of camouflage, and as a foundation for family building. The book examines how queerness, at first latent, became a vibrant yet continually conflicted part of the family-sitcom tradition. Taking into account elements such as the casting of child actors, the use of and experimentation with plot traditions, the contradictory interpretive valences of comedy, and the subtle subversions of moral standards by writers and directors, Pugh points out how innocence and

sexuality conflict on television. As older sitcoms often sit on a pedestal of nostalgia as representative of the Golden Age of the American Family, television history reveals a deeper, queerer vision of family bonds.

**Mind Myths** Sergio Della Sala 1999-06-02 *Mind Myths* shows that science can be entertaining and creative. Addressing various topics, this book counterbalances information derived from the media with a 'scientific view'. It contains contributions from experts around the world. Conceptual Art Alexander Alberro 2000-08-25 This landmark anthology collects for the first time the key historical documents that helped give definition and purpose to the conceptual art movement. Compared to other avant-garde movements that emerged in the 1960s, conceptual art has received relatively little serious attention by art historians and critics of the past twenty-five years—in part because of the difficult, intellectual nature of the art. This lack of attention is particularly striking given the

## **The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay**

---

tremendous influence of conceptual art on the art of the last fifteen years, on critical discussion surrounding postmodernism, and on the use of theory by artists, curators, critics, and historians. This landmark anthology collects for the first time the key historical documents that helped give definition and purpose to the movement. It also contains more recent memoirs by participants, as well as critical histories of the period by some of today's leading artists and art historians. Many of the essays and artists' statements have been translated into English specifically for this volume. A good portion of the exchange between artists, critics, and theorists took place in difficult-to-find limited-edition catalogs, small journals, and private correspondence. These influential documents are gathered here for the first time, along with a number of previously unpublished essays and interviews. Contributors Alexander Alberro, Art & Language, Terry Atkinson, Michael Baldwin, Robert Barry, Gregory Battcock, Mel Bochner,

Sigmund Bode, Georges Boudaille, Marcel Broodthaers, Benjamin Buchloh, Daniel Buren, Victor Burgin, Ian Burn, Jack Burnham, Luis Camnitzer, John Chandler, Sarah Charlesworth, Michel Claura, Jean Clay, Michael Corris, Eduardo Costa, Thomas Crow, Hanne Darboven, Raúl Escari, Piero Gilardi, Dan Graham, Maria Teresa Gramuglio, Hans Haacke, Charles Harrison, Roberto Jacoby, Mary Kelly, Joseph Kosuth, Max Kozloff, Christine Kozlov, Sol LeWitt, Lucy Lippard, Lee Lozano, Kynaston McShine, Cildo Meireles, Catherine Millet, Olivier Mosset, John Murphy, Hélio Oiticica, Michel Parmentier, Adrian Piper, Yvonne Rainer, Mari Carmen Ramirez, Nicolas Rosa, Harold Rosenberg, Martha Rosler, Allan Sekula, Jeanne Siegel, Seth Siegelaub, Terry Smith, Robert Smithson, Athena Tacha Spear, Blake Stimson, Niele Toroni, Mierle Ukeles, Jeff Wall, Rolf Wedewer, Ian Wilson  
*Encyclopedia of American Disability History: A-E*

## The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay

people, activism, laws, and personal experiences and social ramifications of disability throughout US history. This three-volume reference is suitable for the high school and college curriculum.

Being Lolita Alisson Wood 2020-08-04 A dark relationship evolves between a high schooler and her English teacher in this breathtakingly powerful memoir about a young woman who must learn to rewrite her own story. “Have you ever read Lolita?” So begins seventeen-year-old Alisson’s metamorphosis from student to lover and then victim. A lonely and vulnerable high school senior, Alisson finds solace only in her writing—and in a young, charismatic English teacher, Mr. North. Mr. North gives Alisson a copy of Lolita to read, telling her it is a beautiful story about love. The book soon becomes the backdrop to a connection that blooms from a simple crush into a forbidden romance. But as Mr. North’s hold on her tightens, Alisson is forced to evaluate how much of their narrative is

actually a disturbing fiction. In the wake of what becomes a deeply abusive relationship, Alisson is faced again and again with the story of her past, from rereading Lolita in college to working with teenage girls to becoming a professor of creative writing. It is only with that distance and perspective that she understands the ultimate power language has had on her—and how to harness that power to tell her own true story. Being Lolita is a stunning coming-of-age memoir that shines a bright light on our shifting perceptions of consent, vulnerability, and power. This is the story of what happens when a young woman realizes her entire narrative must be rewritten—and then takes back the pen to rewrite it.

**Three Sheets** Zane Lamprey 2010-03-16 Most people have a few drinks to relax after work. For Zane Lamprey, however, having a few (or a few too many) drinks is work. But he’s not complaining. Zane has circled the globe knocking back an endless variety of booze while

## The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay

capturing his imbibing exploits for the cult-hit TV show *Three Sheets*. And now the Indiana Jones of alcohol consumption has gathered a round of his most amusing adventures, fascinating factoids, and tips for adventurous tipplers into this, the ultimate pub crawler's memoir. Join him as he ventures, glass in hand, to • Ireland, where whiskey was invented, drinking is a way of life, and beer is the best medicine • Tanzania, where the popular "bee brew," engortorogi, was accidentally discovered by a woman trying to poison her two-timing husband • Las Vegas, where the scary-to-look-at, tasty-to-sip, and impossible-to-finish-alone Witch Doctor is a better bet than the gaming tables, and a bacon martini is a savory way to wash down Sin City's famed \$777 burger • Japan, where the celebrated sake is brewed like beer and once featured saliva as a secret ingredient • Poland, where vodka is the equivalent of America's apple pie (one of the most popular brands is infused with flakes of gold) and lovers

of beer constitute an official political party Zane also sips champagne in the French region that gave the bubbly its name and heads to Tequila, Mexico to sample the infamous local spirit from the blue agave plant. He also bellies up to bars in Scotland, Jamaica, Argentina, New Zealand, Belgium, St. Martin, South Africa, and Taiwan. Each destination is a new adventure in libation. Packed with anecdotes, recipes and drinking games, and more hangover remedies than you can shake a swizzle stick at, *Three Sheets* makes for a delightfully intoxicating cocktail.

*I Am Pusheen the Cat* Claire Belton 2013-10-29  
This collection of kitty comics featuring the chubby, tubby tabby who has taken the Internet by storm will fill you in on all the basics.  
[The Private Eye, the Cowboy, and the Very Naked Girl](#) Judith Crist 1968

[The Return of Ulysses](#) Edith Hall 2012-08-15  
Whether they focus on the bewitching song of the Sirens, his cunning escape from the cave of the terrifying one-eyed Cyclops, or the vengeful

slaying of the suitors of his beautiful wife Penelope, the stirring adventures of Ulysses/Odysseus are amongst the most durable in human culture. The picaresque return of the wandering pirate-king is one of the most popular texts of all time, crossing East-West divides and inspiring poets and filmmakers worldwide. But why, over three thousand years, has the Odyssey's appeal proved so remarkably resilient and long lasting? Edith Hall explains the enduring fascination of Homer's epic in terms of its extraordinary susceptibility to adaptation. Not only has the story reflected a myriad of different agendas, but - from the tragedies of classical Athens to modern detective fiction, film, travelogue and opera - it has seemed perhaps uniquely fertile in generating new artistic forms. Cultural texts as diverse as Joyce's Ulysses, Suzanne Vega's Calypso, Monteverdi's Il Ritorno d'Ulisse in Patria, the Coen Brothers' O Brother Where Art Thou?, Daniel Vigne's Le Retour de Martin Guerre, and

Anthony Minghella's Cold Mountain all show that Odysseus is truly a versatile hero. His travels across the wine-dark Aegean are journeys not just into the mind of one of the most brilliantly creative of all the ancient Greek writers. They are as much a voyage beyond the limits of a narrative which can plausibly lay claim to being the quintessential global phenomenon.

**Asia Pacific Advances in Consumer**

**Research** Paula M. Tidwell 1998

**Dogwinks** SQuire Rushnell 2021-05-04 Includes the story Rescued by Ruby—now on Netflix! The bestselling and beloved Godwink series returns with a charming, dog-focused collection of “joyful” (The Washington Post) stories, all of which provide plenty of hope, encouragement, and laughter. With delightfully uplifting stories and enthralling prose, DogWinks is the perfect gift for dog lovers of all backgrounds. Featuring several never-before-published and true stories about coincidences and divine intervention,

DogWinks is an inspirational and entertaining book that illustrates the overwhelming power of faith and how miracles can change our lives and those of our canine companions.

**Teenagers, Literacy and School** Ken

Cruickshank 2006-09-27 This unique and timely book follows the experiences of four Arabic teenagers, their families and their community, focusing on the role of literacy in their daily lives and the differences between home and school.

The author looks at the conflict between expectations and practices at school and in the home, arguing that problems are inevitable where class and cultural differences exist.

Emerging themes include: how literacy practices in the community are undergoing rapid change due to global developments in technology how the patterns of written and spoken language in English and Arabic in the home are linked with social practices in logical and coherent ways how many of the family practices that differ from school culture and language become

marginalised. Built around these insightful case studies yet grounded in theory, this book is of immediate relevance to teachers working in multicultural contexts and students and lecturers in language/literacy or on TESOL courses.

*Between Page and Screen* Kiene Brillenburg Wurth 2012 The contributors to this volume re-assess literary practice at the edges of paper, electronic media, and film. They show how the emergence of a new medium reinvigorates the book and the page as literary media, rather than announcing their impending death.

Sounds and the City B. Lashua 2014-05-27 This book explores the ways in which Western-derived music connects with globalization, hybridity, consumerism and the flow of cultures. Both as local terrain and as global crossroads, cities remain fascinating spaces of cultural contestation and meaning-making via the composing, playing, recording and consumption of popular music.

**The Information** James Gleick 2011-03-01  
From the bestselling author of the acclaimed Chaos and Genius comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live.

Time Trabble Mikey Heller 2022-10-20

*The Google Story (2018 Updated Edition)* David A. Vise 2005-11-15 The definitive, bestselling account of the company that changed the way we work and live, updated for the twentieth anniversary of Google's founding with analysis of its most recent bold moves to redefine the world—and its even more ambitious plans for the future. Moscow-born Sergey Brin and Midwest-born Larry Page dropped out of graduate school at Stanford University to, as they said, “change the world” through a powerful search engine that would organize every bit of information on the Web for free. *The Google Story* takes you deep inside the company's wild ride from an idea that struggled for funding in 1998 to a firm that today rakes in billions in profits. Based on scrupulous research and extraordinary access to Google, this fast-moving narrative reveals how an unorthodox management style and a culture

of innovation enabled a search-engine giant to shake up Madison Avenue, clash with governments that accuse it of being a monopoly, deploy self-driving cars to forever change how we travel, and launch high-flying Internet balloons. Unafraid of controversy, Google is surging ahead with artificial intelligence that could cure diseases but also displace millions of people from their jobs, testing the founders' guiding mantra: DON'T BE EVIL. Praise for *The Google Story* “[The authors] do a fine job of recounting Google's rapid rise and explaining its search business.”—*The New York Times* “An intriguing insider view of the Google culture.”—*Harvard Business Review* “An interesting read on a powerhouse company . . . If you haven't read anything about one of today's most influential companies, you should. If you don't read *The Google Story*, you're missing a few extra treats.”—*USA Today* “Fascinating . . . meticulous . . . never bogs down.”—*Houston Chronicle*

## The Simpsons Christmas Special Vhs Tape 2003 Silverman David Hall Klay

*Caillou* 2003-01-01 Even though Caillou's a little boy, he's got a big job: he's Rosie's big brother! This video helps kids learn the importance of sharing and cooperating, and the fun and responsibilities of sibling relationships.

*Forbidden Animation* Karl F. Cohen 2013-10-18 Tweety Bird was colored yellow because censors felt the original pink made the bird look nude. Betty Boop's dress was lengthened so that her garter didn't show. And in recent years, a segment of *Mighty Mouse* was dropped after protest groups claimed the mouse was actually sniffing cocaine, not flower petals. These changes and many others like them have been demanded by official censors or organized groups before the cartoons could be shown in theaters or on television. How the slightly risqué gags in some silent cartoons were replaced by rigid standards in the sound film era is the first misadventure covered in this history of censorship in the animation industry. The perpetuation of racial stereotypes in many early

cartoons is examined, as are the studios' efforts to stop producing such animation. This is followed by a look at many of the uncensored cartoons, such as Lenny Bruce's *Thank You Mask Man* and Ralph Bakshi's *Fritz the Cat*. The censorship of television cartoons is next covered, from the changes made in theatrical releases shown on television to the different standards that apply to small screen animation. The final chapter discusses the many animators who were blacklisted from the industry in the 1950s for alleged sympathies to the Communist Party.

**Social Media Judo** Chris Aarons 2011-04 Are your social media efforts delivering real, tangible results while paying for themselves? Social media judo is born out of the philosophy of successes we have had creating programs using minimal client effort and achieving maximum results. This is exactly why social media works for marketing and why it drives ROI and is hyper-effective when done correctly. Social media and the resulting effect on all of us
