The Secret Speeches of Chairman Mao Roderick MacFarquhar 2020-10-26 "In 1957 and 1958, Chairman Mao Zedong led China into two major experiments: the Hundred Flowers policy of encouraging literary and political free expression and the economic Great Leap Forward. Each was a disaster. Repression followed the first when it became clear that intellectuals would criticize the Communist Party itself; famine followed the second. During two crucial years when the movements were being initiated, however, Mao addressed various Party groups behind closed doors to explain the new policies and exhort compliance. Recorded at the time and collected for limited circulation in the 1960s by his admirers among the Red Guards, the speeches, question-and-answer sessions, and letters here translated have never before been published in China or the West. These new, candid materials revise our understanding of how the policies developed and reveal not only the extent of Mao's power but the startling flights his untethered thought could take. Introductory essays by Roderick MacFarquhar, Benjamin Schwartz, Eugene Wu, Merle Goldman, and Timothy Cheek provide a context for evaluating and interpreting the nineteen texts translated in this volume."

The Secret Keepers Susan Dale 2014-09-01 Keeping the stories relating to childhood sexual abuse and violence secret within families seems core to the traumatic effect such abuse has on the lives of not just the person who has been abused, but also on their children and even their children's children. This book demonstrates the uses of narrative practices both as a means to explore, through a collaborative research process, the effect of this traumatic legacy within families, and also the use of narrative as a dynamic therapeutic process which finds creative ways for people to break through the silence and live beyond being defined by abuse and violence. The contributors to this volume range in age, background and experience, but are linked through the common theme of inter and transgenerational trauma.

Lords of Strategy Walter Kiechel 2010-03-03 Imagine, if you can, the world of business - without corporate strategy. Remarkably, fifty years ago that's the way it was. Businesses made plans, certainly, but without understanding the underlying dynamics of competition, costs, and customers. It was like trying to design a large-scale engineering project without knowing the laws of physics. But in the 1960s, four mavericks and their posses instigated a profound shift in thinking that turbocharged business as never before, with implications far beyond what even they imagined. In The Lords of Strategy, renowned business journalist and editor Walter Kiechel tells, for the first time, the story of the four men who invented corporate strategy as we know it and set in motion the modern, multibillion-dollar consulting industry:

Bruce Henderson, founder of Boston Consulting Group Bill Bain, creator of Bain & Company Fred Gluck, longtime Managing Director of McKinsey & Company Michael Porter, Harvard Business School professor Providing a window into how to think about strategy today, Kiechel tells their story with novelistic flair. At times inspiring, at times nearly terrifying, this book is a revealing account of how these iconoclasts and the organizations they led revolutionized the way we think about business, changed the very soul of the corporation, and transformed the way we work.

The Secret of Coaching and Leading by Values Simon L. Dolan 2020-06-07 Coaches play a major role in helping people understand their values and the values of their surroundings and helping them make choices and adapt. Sometimes the choice may be to find a situation more in sync with your values. Or it may mean working hard on yourself or in concert with your partner, team, or organization. Whatever we need to do to attain it, a positive fit makes for a happier person, and a happier person will be more successful. This accessible and practical book will help coaches, educators, leaders, and managers understand the philosophy, methodology, and tools that can be used to make a person happier, healthier, and more productive at work and in life in general. This book compiles short vignettes from over a dozen global academics and celebrated executive coaches, sharing information about aligning values in different settings. Based on years of research and written for readers from all walks of life, you will learn that when you understand your core values, place them on a triaxial template, and align them with your definition of success, everything changes. It will help you come out of your comfort zone in order to embrace the future and enhance the quality of your life. For this, you need a concept, a methodology, and effective tools, all of which are offered in this book. Rich with practical step-by-step methodologies and tools to facilitate values-led leadership, coaching, and mentoring, this book is essential for any change agent, be it a coach, a leader, an educator, or any person who is interested in learning how to become more effective, improve their practice, and engage in self or professional coaching. At the same time, it will enhance leadership qualities.

Kirk-Othmer Encyclopedia of Chemical Technology, Volume 18 Kirk-Othmer 2006-01-30 The fifth edition of the Kirk-Othmer Encyclopedia of Chemical Technology, builds upon the solid foundation of the previous editions, which have proven to be a mainstay for chemists, biochemists, and engineers at academic, industrial, and government institutions since publication of the first edition in 1949. The new edition includes necessary adjustments and modernisation of the content to reflect changes and developments in chemical technology. Presenting a wide scope of articles on chemical substances, properties, manufacturing, and uses; on industrial processes, unit operations in chemical engineering; and on fundamentals and scientific subjects related to the field. The Encyclopedia describes established technology along with cutting-edge topics of interest in the wide field of chemical technology, whilst uniquely providing the necessary perspective and insight into pertinent aspects, rather than merely presenting information. * Set began publication in January 2004 * Over 1,000 articles * More than 600 new or updated articles * 27 volumes

The Health Robbers Stephen Barrett 1993 And it answers such questions as: "Are 'organic' foods worth their extra cost?" "Can acupuncture cure anything?" "Will vitamin B[subscript 12] shots pep me up?" "Can diet cure arthritis?" "Will spinal adjustments help my health?" "Will amino acids 'pump up' my muscles?" "Where can reliable information be obtained?" and "What's the best way to get good medical care?" Even if the answers to some of these questions seem obvious, the details in this volume, written in an informative, highly readable, and easy-to-understand style, will astound you. Quackery often leads to harm because it turns ill people away from legitimate and trusted therapeutic procedures. However, its heaviest toll is in financial loss not only to those who pay directly, but to everyone who pays for bogus treatments through taxes, insurance premiums, and other ways that are less obvious.

Legal Nurse Consulting Principles and Practices Julie Dickinson 2019-09-03 Legal Nurse Consulting Principles and Practices, Fourth Edition, provides foundational knowledge on the specialty nursing practice of legal nurse consulting. Legal nurse consulting is defined, and essential information about the practice is discussed (history, certification, scope and standards of practice, and ethical and liability considerations). The essentials of the law and medical records are explored. Analysis of the various types of legal cases on

which legal nurse consultants work is provided, as are other practice areas for legal nurse consultants. The various roles and skills of legal nurse consultants are explored, and the textbook concludes with discussion of the ways in which legal cases are adjudicated. This volume allows nurses to bridge the gap from their clinical experience to the unfamiliar territory of the legal world, with practical advice on topics including tactics for being cross-examined in the courtroom and investigative and analytical techniques for medical records. Individual chapters by subject-matter experts focus on the full range of legal, medical, and business issues that new or experienced legal nurse consultants and nurse experts will encounter in their work. A nuanced look at the realities and complexities of toxic torts, medical malpractice cases, civil rights in correctional healthcare, ERISA and HMO litigation, and other practice areas is offered. Suitable for experienced nurses studying for certification as legal nurse consultants, and for expert witnesses, practitioners seeking to expand their current legal nurse roles, and other healthcare and legal practitioners.

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 3: Khayyami Astronomy Mohammad H. Tamdgidi 2021-06-01 Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination is a twelve-book series of which this book is the third volume, subtitled Khayyami Astronomy: How Omar Khayyam's Newly Discovered True Birth Date Horoscope Reveals the Origins of His Pen Name and Independently Confirms His Authorship of the Robaiyat. Each book is independently readable, although it will be best understood as a part of the whole series. In the overall series, the transdisciplinary sociologist Mohammad H. Tamdgidi shares the results of his decades-long research on Omar Khayyam, the enigmatic 11th/12th centuries Persian Muslim sage, philosopher, astronomer, mathematician, physician, writer, and poet from Neyshabour, Iran, whose life and works still remain behind a veil of deep mystery. Tamdgidi's purpose has been to find definitive answers to the many puzzles still surrounding Khayyam, especially regarding the existence, nature, and purpose of the Robaiyat in his life and works. To explore the questions posed, he advances a new hermeneutic method of textual analysis, informed by what he calls the quantum sociological imagination, to gather and study all the attributed philosophical, religious, scientific, and literary writings of Khayyam. Omar Khayyam's true birth date horoscope, as newly discovered in this series, is comprised of a dazzling number of Air Triplicities sharing a vertex on a Sun-Mercury Cazimi point on the same Ascendant degree 18 of Gemini. Among other features, his Venus, Sextile with Moon, also plays a lifelong, secretively creative role to intentionally balance his chart. These features would not have escaped the attention of Omar Khayyam, a master astronomer and expert in matters astrological, no matter how much he embraced, doubted, or rejected astrological interpretations. In this third book of the series, conducting an in-depth hermeneutic analysis of Khayyam's horoscope, Tamdgidi reports having discovered the origins of Khayyam's pen name

in his horoscope. The long-held myth that "Khayyam" was a parental name, even if true, in no way takes away from the new finding; it only adds to its intrigue. Tamdgidi's hermeneutic analysis of Khayyam's horoscope in intersection with extant Khayyami Robaiyat also leads him to discover an entirely neglected signature quatrain that he proves could not be from anyone but Khayyam, one that provides a reliably independent confirmation of his authorship of the Robaiyat. He also shows how another neglected quatrain reporting its poet to have aged to a hundred is from Khayyam. This means all the extant Khayyami quatrains are now in need of hermeneutic reevaluation. Tamdgidi's further study of a sample of fifty Khayyami Robaiyat leads him to conclude that their poet definitively intended the poems to remain in veil, that they were considered to be a collection of interrelated quatrains and not sporadic separate quatrains written marginally in pastime, that they were meant to offer a life's intellectual journey as in a "book of life," that the poems' critically nuanced engagement with astrology was not incidental but essential throughout the collection, and that, judging from the signature quatrain discovered, 1000 quatrains were intended to comprise the collection. Oddly it appears that, after all, "The Khayyam who stitched his tents of wisdom" was a trope that had its origins in Omar Khayyam's horoscope heavens. Secret Reports on Nazi Germany Franz Neumann 2013-07-14 A groundbreaking book that gathers key wartime intelligence reports During the Second World War, three prominent members of the Frankfurt School—Franz Neumann, Herbert Marcuse, and Otto Kirchheimer—worked as intelligence analysts for the Office of Strategic Services, the wartime forerunner of the CIA. This book brings together their most important intelligence reports on Nazi Germany, most of them published here for the first time. These reports provide a fresh perspective on Hitler's regime and the Second World War, and a fascinating window on Frankfurt School critical theory. They develop a detailed analysis of Nazism as a social and economic system and the role of anti-Semitism in Nazism, as well as a coherent plan for the reconstruction of postwar Germany as a democratic political system with a socialist economy. These reports played a significant role in the development of postwar Allied policy, including denazification and the preparation of the Nuremberg Trials. They also reveal how wartime intelligence analysis shaped the intellectual agendas of these three important German-Jewish scholars who fled Nazi persecution prior to the war. Secret Reports on Nazi Germany features a foreword by Raymond Geuss as well as a comprehensive general introduction by Raffaele Laudani that puts these writings in historical and intellectual context.

You will attract the right into your life. You Only Know The Tips : What kind of love life do you want? Subconscious power within you will bring love to you You can make a psychic magnet to attract the right people into your life. Prove for yourself from this book. Introduction If you are looking for true love or have a love problem, I wish you to finish reading this book. You will discover the wonders Within yourself, And you will understand life And go through the trouble that quickly the crisis. In this book, the author brings the power the attraction. Law of attraction's secret formula: How to draw power within us to build a long-lasting love life Make love life taste. Create good feelings, fun, happiness, and create happiness for the family using nature's law. You can prove this rule yourself. This rule has now endorsed the world's most renowned scientific outcome. By a lifetime of being so small that the author had never had a teenage life and has never had love in adolescence before When the author was 33 years old, the author began to be in love, the first love was love with a young Thai man, but the author's love was unsuccessful. It is not as desired. First love is an experience in the life of an author who fails, breaks up because of different opinions and habits, and the power within the mind's feelings does not tune into each other. The differences in views make me unhappy. There are always problems in my love. The author's first love was to be caused not by love but by fun, and since I did not choose to create a love for ourselves, I did not choose to man match our personality. So love is Unable to move on, must stop. The authors began to study the mind's energy, also known as psychic powers, related to human life. It's a psychic within us, and it has tremendous strength to create our own lives. The authors began to study the power of the mind from many teachers and meditation, We are practicing to define ourselves to live with what felt good and happy so that inside we felt calm. The Law of Attraction in science is famous worldwide now, which is the law of truth. During the author's study of cosmic energy rules since 2016, the authors came across many wonders to themselves. The authors have applied a secret cosmic formula to life and can solve the crisis of life problems. The author started pulling money in—every month. Within a year, I successfully ran out of more than 2 million baht of debt due to the law of energy attracted. The crisis's passage has led me to believe 100% of it is due to the rules' power, the attraction of our internal psychic abilities to help us get out of the crisis. At heart, you're going to get through the crisis. Just understand these three rules: the law of nature—the Law of Life and the Law of the Universe. Your life can be free from problems and change lives. The law of attraction is with humans and all things in this world that we call "the law of cause and effect." Our lives are the ones that attract things into our own lives. All the things we get are born out of our minds, attracting them all into our lives. Suppose we have problems or can't fix them. You're just conscious. We must first solve it from our inner psyche, and you will be the lucky one all the time. The authors studied the law of attraction rules. The authors found a second love with a foreign man. The author finds love a second time by the law of attraction, which the author creates deliberately creates a second love to me. The author finds love with a foreign American (USA) man through online love media, helping connect media to meet, bringing us together. If you believe and believe in this magical energy, it will appeal to the right lover's true love to your desires into your life. If you finish reading this book, you will discover the power in you, and that energy will lead you to the actual love match you desire. If you are single or looking for love or are studying to build a rapport but have love problems, you can finish reading it. This book will help lead your life in love so happy. If you have clear goals, all this information will help answer how to create a way to design your love life to fulfill your love with a formula that secret the rules of attraction. The author has collected a secret recipe for the energy of success, including how to hypnotize a lover. Fill your love with happiness. The author wishes you find true love for the right person and create a long love life because one of your families is the world's future. The human-world society started with a small family, expanding into a human world. Families who have long loved each other must positively impact culture and society worldwide to be peaceful. The authors have compiled a series of secrets, starting with finding true love, Win the hearts of lovers, and maintaining long-lasting ties with psychic powers. Best wishes. Amornrat

The Technique and Practice of Psychoanalysis Ralph R. Greenson 2018-05-08 This systematic and comprehensive volume, written in a lively and clear style, is devoted essentially to the fundamentals of psychoanalytic technique: transference and resistance. The author approaches psychoanalytic technique from a classical theoretical framework, but he frequently gives an entirely fresh view of traditionally accepted procedures. His most important new contribution consists in the clear distinction between the patient's 'real relationship' to the analyst, the 'working alliance', and the transference relationship. His discussion of the contradictory and often conflicting demands which each of these elements makes on the technical skills of the analyst is particularly illuminating. In many fascinating case illustrations, he shows how the analyst carries out therapeutic psychoanalysis while respecting the diversity of psychic constellations in different patients and at different points in their analyses. This book can be recommended - without qualification - to the beginning student because of the thorough clarification and documentation of the basic principles of psychoanalytic technique.

Volume One. Conservative Party General Election Manifestos 1900-1997 Iain Dale 2012-10-02 This volume brings together for the first time the British Conservative Political Party General Election Manifestos, dating back to 1900, and including the most recent General Election manifesto of 1997. The project provides an indispensable source of data about the Conservative Party's political ideologies and policy positions, as well as charting their changes over time. The volume has a new introduction written by Alistair B. Cooke, who was Deputy Director of the Conservative Research Department from 1985 to 1997, and the Director of the Conservative Political Centre from 1988 to 1997. During that time he edited some 300 pamphlets for the Conservative Party, along with 6 volumes of its comprehensive record policy, the Campaign Guide and collections of Margaret Thatcher and John Major's speeches. He is also the editor of *The Conservative Party: Seven Historical Studies, 1680 to the 1990s*. In addition to the new introduction, the volume will include a comprehensive index, making it easy to use.

From Freud's Consulting Room Judith M. Hughes 1994 The science of mind has been plagued by intractable philosophical puzzles, chief among them the distortions of memory and the relation between mind and body. Sigmund Freud's clinical practice forced him to grapple with these problems, and out of that struggle psychoanalysis emerged. From Freud's Consulting Room charts the development of his ideas through his clinical work, the successes and failures of his most dramatic and significant case histories, and the creation of a discipline recognizably distinct from its neighbors. In Freud's encounters with hysterical patients, the mind-body problem could not be set aside. Through the cases of Anna O., Emmy von N., Elisabeth von R., Dora, and Little Hans, he rethought that problem, as Hughes demonstrates, in terms of psychosexuality. When he tried to sort out the value of memories, with Dora and Little Hans as well as with the Rat Man and the Wolf Man, Freud reintroduced psychosexuality and elaborated the Oedipus complex. Hughes also traces the evolution of Freud's conception of the analytic situation and of the centrality of

transference, again through the clinical material, including the case of Freud himself, who at one point figured as his own "chief patient". Moving from case to case, Hughes has coaxed them into telling a coherent story. Her book has the texture of intellectual history and the compelling quality of a fascinating tale. It leads us to see the origins and development of psychoanalysis in a new way.
