Ballads and Songs of Southern Michigan Emelyn Gardner 2016-10-30 This book presents old-time Michigan, its songs and their tunes, collected and edited by Emelyn E. Gardner, a folklorist of wide experience, the author of *Folklore from the*

Schoharie Hills, with the aid of Geraldine Jencks Chickering. Michigan's early settlers, coming from the older eastern states, both north and south, with many from England, Scotland, and the British North American possessions, brought with them their songs, which they sang happily

at work and play, handing them down from generation to generation, and often adapting centuries-old ballads to their new environment. Many worked for a time in the woods and picked up the mournful, or jolly, ballads that were circulated through the camps by lumberjacks drifting in from the Maine and Canadian forests. There are old folks still alive who treasure these ancient songs, and young people who have learned them from their parents and grandparents—or even from the radio. Ballads and Songs of Southern Michigan collects and preserves these cherished possessions of the old frontier. With scholarly accuracy their history is recounted; the names of those who sang them are reported. The tunes of many are reproduced; there are ample indices and bibliography. Wilfred B. Shaw's ink drawings add much to the charm of the book. It is a worthy addition both to the literature of folklore and balladry, and to that of pioneer American history.

Furry Tales Fred Patten 2019-09-06

Tales featuring anthropomorphic animals have been around as long as there have been storytellers to spin them, from Aesop's Fables to Reynard the Fox to Alice in Wonderland. The genre really took off following the explosion of furry fandom in the 21st century, with talking animals featuring in everything from science fiction to fantasy to LGBTQ coming-out stories. In his lifetime, Fred Patten (1940-2018)—one of the founders of furry fandom and a scholar of anthropomorphic animal literature—authored hundreds of book reviews that comprise a comprehensive critical survey of the genre. This selected compilation provides an overview from 1784 through the 2010s, covering such popular

novels as *Watership Down* and *Redwall*, along with forgotten gems like *The Stray Lamb* and *Where the Blue Begins*, and science fiction works like *Sundiver* and *Decision at Doona*.

Sam Henry's Songs of the People Gale Huntington 2010-06-01 The story of Ireland—its graces and shortcomings, triumphs and sorrows—is told by ballads, dirges, and humorous songs of its common people. Music is a direct and powerful expression of Irish folk culture and an aspect of Irish life beloved throughout the rest of the world. Incredibly, the largest single gathering of Irish folk songs had been almost inaccessible because, originally newspaper based, it was available in only three libraries, in Belfast, Dublin, and Washington D.C. Sam Henry's "Songs of the People" makes the music available to a wider audience than the collector ever imagined. Comprising nearly 690 selections, this thoroughly annotated and indexed collection is a treasure for anyone who performs, composes, studies, collects, or simply

enjoys folk music. It is valuable as an outstanding record of Irish folk songs before World War II, demonstrating the historical ties between Irish and Southern folk culture and the tremendous Irish influence on American folk music. In addition to the songs themselves and their original commentary, Sam Henry's "Songs of the People" includes a glossary, bibliography, discography, index of titles and first lines, melodic index, index of the original sources of the songs and information about them, geographical index of sources, and three appendixes related to the original song series in the Northern Constitution.

Talonsister Jen Williams 2023-09-12 Uncover a magical past that refuses to be forgotten in a world of mythical creatures and ruthless religion in this brand-new duology from the multi-award winning author of *The Ninth Rain*, perfect for fans of John Gwynne and Andrea Stewart. Leven has no memory of her life before she was a soldier. The process of turning her into a Herald - a magical killing machine - was traumatic enough that it wiped her mind clean. Now, with the war won and the Imperium satisfied, she finds herself unemployed and facing a bleak future. Her fellow Heralds are disappearing, and her own mind seems to be coming apart at the

seams. Strange visions, memories she shouldn't have, are resurfacing, and none of them make any sense. They show her Brittleland, the ancient and mysterious island that the Imperium was never able to tame. Leven resolves to go to this place of magic and warring queens, with the hope of finding who she really is. Envoy Kaeto has done a number of important little jobs for the Imperium, most of them nasty, all of them in the shadows. His newest assignment is to escort the bone-crafter Gynid Tyleigh as she travels across the Imperium - as the woman responsible for creating the Heralds, his employers owe her a great deal. But Tyleigh's ambition alarms even Kaeto, and her conviction that she has found a new source of Titan bones, buried deep in the earth, could lead to another, even bloodier war. Ynis was raised by the griffins, and has never seen another human face. She lives wild, as they do, eating her meat raw and flying with her talon-sister, T'rook. The griffins fiercely protect their isolation - the piles of skulls that litter the

mountains of Brittletain are testament to that - but the magic they guard will always make them a target for the greed of men. By choosing not to kill Ynis when she was just a baby, the griffins may have doomed themselves - because the girl's past is coming for her, and it carries a lethal blade.

Wolves walk streets that once shone with gold, and Eboria's people - diseased and inhuman - are fading into nothing. Tormalin the Oathless, last son of Eboria, has had enough. Better to enjoy the pleasures of wine and coin, the pursuit of men and women, than to waste away under the blind gaze of a long-dead god. Talk about a guilt trip. When the eccentric explorer Lady de Grazon offers him employment, he foresees an easy life escorting a rich old woman from one side of Sarn to the other. Even when they are joined by a fugitive witch with a tendency to set things on fire, the prospect of facing down monsters and retrieving ancient

artifacts is still preferable to the abomination he left behind. But not everyone is willing to let the Eboran empire fall. And Tormalin is soon drawn into a conspiracy of magic and war, whilst a horror from the depths of history threatens to make even his people look reasonable. The Jure'lia are coming, and the Ninth Rain will fall ...

Hatched too soon and with no memory of their past incarnations, these onetime defenders of Sarn can barely stop bickering, let alone face an ancient enemy who grow stronger each day. The key to uniting them, according to the scholar Vintage, may lie in a part of Sarn no one really believes exists - a distant island, mysteriously connected to the fate of two legendary Eborans who disappeared long ago. But finding it will mean a perilous journey in a time of war, while new monsters lie in wait for those left behind. Join the heroes of THE NINTH RAIN as they battle a terrible evil, the likes of which Sarn has never known. What readers are saying about THE BITTER TWINS:

2020-09-15 Marrying the wrong man is easier

than leaving him. How does a librarian from New Jersey end up in a convenience store on Vancouver Island in the middle of the night, playing Bible Scrabble with a Korean physicist and a drunk priest? She gets married to the wrong man for starters—she didn't know he was 'that kind of Catholic'—and ends up in St. Cloud, Minnesota. She gets a job in a New Age bookstore, wanders toward Buddhism without realizing it, and acquires a dog. Things get complicated after that. Pattianne Anthony is less a thinker than a dreamer, and she finds out the hard way that she doesn't want a husband, much less a baby, and that getting out of a marriage is a lot harder than getting into it, especially when the landscape of the west becomes the voice of reason. *A Small Crowd of Strangers*, Joanna Rose's second novel, is part love story, part slightly sideways spiritual journey.

The deep-rooted connection that Tormalin, Noon and the scholar Vintage share with their Eboran war-beasts has kept them alive so far.
