The Secrets of Grown-Ups Vera Caspary

2016-01-12 Vera Caspary, the celebrated author of *Laura*, tells her own story in this captivating autobiography. With a career that spanned from the 1920s through 1970s, one that produced over twenty novels, in addition to her many credits for film and theater, Caspary centered

her life around a passion for writing. From her early experiences at an advertisement agency—where she developed a correspondence school and invented its “famed” instructor—to the struggles of being gray-listed in the McCarthy Era, Caspary constantly found a way to turn her creative needs into viable work. Caspary recalls the rest of a full life, too, including her flirtation with communism, travels across Europe, and a marriage. Caspary’s skillful writing makes her incredible depictions of people, and the times in which they lived, jump off the page.

Essential Classification Vanda Broughton 2004

Classification is an essential skill for all information workers but a difficult concept to grasp - and it's even more difficult to put that theory into practice. This practical guide shows the reader how to go about classifying a document from scratch. Essential Classification guides the novice cataloguer through the practice of subject cataloguing, with an emphasis on practical document analysis and classification. It deals with fundamental questions as to the purpose of classification in different situations, and the needs and expectations of end users. The reader is introduced to the ways in which document content can be assessed, and how this can best be expressed for translation into the language of specific indexing and classification systems. The characteristics of the major general schemes of classification (LCC, DDC, UDC and BC1) are discussed and their suitability for different classification needs. Some basic issues of theory are included to support practical considerations.

The emphasis in the chapters on the major classification schemes is on the practical application of those schemes. Key areas discussed are: the purpose of classification the rightness of classification controlled indexing languages concept based retrieval and word based retrieval the structure of classification varieties of classification 1: the enumerative scheme varieties of classification 2: the analytico-synthetic scheme varieties of classification 3: the faceted scheme management aspects of classification the need for classification After reading this book the novice cataloguer will understand the purpose of classification, will be able to choose the best classification scheme to use for their purposes and will have practical experience of the application of those schemes using real documents, practical exercises and worked examples. Readership: This is essential reading for library school students, novice cataloguers and all information workers who need to classify

but have not formally been taught how. The book also offers practical guidance to those concerned with the design and maintenance of subject tools: computer scientists, and information and intranet managers.

The Easiest Way to Meet and Pick Up Girls-Ever!! Dusty White 2006-07 As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all

digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you--and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every

woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Library of Congress Catalog Library of Congress 1970 Beginning with 1953, entries for Motion pictures and filmstrips, Music and phonorecords form separate parts of the Library of Congress catalogue. Entries for Maps and atlases were issued separately 1953-1955.

Secrets of the Sideshows Joe Nickell

2005-09-09 The carnival sideshows of the past have left behind a fascinating legacy of mystery and intrigue. The secrets behind such daring feats as fire-eating and sword swallowing and bizarre exhibitions of human oddities as "Alligator Boys" and "Gorilla Girls" still remain, only grudgingly if ever given up by performers and carnival professionals. Working alongside the performers, Joe Nickell blows the lid off these mysteries of the midway. The author reveals the structure of the shows, specific methods behind the performances, and the showmen's tactics for recruiting performers and attracting crowds. He also traces the history of such spectacles, from ancient Egyptian magic and street fairs to the golden age of P.T. Barnum's sideshows. With revealing insight into the personal lives of the men and women billed as freaks, Nickell unfolds the captivating story of the midway show.

The Secrets of the Hand Maria Gardini 1985 "Discover the secrets of the ancient art of palmistry with this expert analysis of the messages to be found in lines and shapes of the hand. Maria Gardini, noted Italian parapsychologist, has created this fascinating guide that combines a unique blend of art and science, intuition and skill. Along with a comprehensive history of palmistry and glorious full-color illustrations, *The Secrets of the Hand* offers: professional techniques and terms for classifying different hand types; clear explanations of the relationships among size, angle, and form of the thumb, fingers, and hand; how to analyze primary and secondary lines and

creases; four sample palm readings demonstrating a complete application of techniques; how to interpret the palm and reveal new perceptions about your life, personality, character traits, relationships, emotions, and career; how to read the palms of your friends and relatives; clear and useful charts and tables for palm classification and analysis; and more. Palmistry, like astrology, is an ancient method of divining hidden facts, and *The Secrets of the Hand* provides all the information you need to peer into the future or gain a new perspective on the past and present." -- Back cover.

The Fortune-Telling Book Raymond Buckland 2003-08-01 A look at Fortune Telling and Divination from the author of *Buckland's Complete Book of Witchcraft* Best-selling Wiccan seer and gypsy mystic Raymond Buckland focused his attention on the intuitive art of prognostication in this tome. A master of his art, the late Buckland designed fortune-telling decks, read cards, and did other types of fortune telling

for over fifty years. A comprehensive A-to-Z exploration of all that peers into tomorrow, The Fortune-Telling Book: The Encyclopedia of Divination and Soothsaying divines the meanings of 400 key topics relating to this oft-misunderstood, oft-consulted-upon science. Written in clear, concise language, it discusses everything from aeromancy (seeing by observing atmospheric phenomena) to zoomancy (divination by the appearance or behavior of animals) and the 398 others in between. This fascinating encyclopedia is illustrated with 100 pictures and includes a detailed index and additional reading recommendations. Packed with colorful histories, people, and significant events, The Fortune-Telling Book shows readers how to foretell their own fates. It's sure to please fortune-telling enthusiasts, whatever their powers.

How to Pick Up Girls by Reading Their Palms: Step by Step Instructions You Can Use

Anywhere D. W 2009-01-17 This is a book on how to do three things:1: Meet ANY WOMAN you see, anywhere, any time.2: Pick up on her by reading her palm"this breaks the touch barrier and makes her see you as someone with something interesting to say, and the ability to HOLD HER INTEREST.3: Get a date with her.This book will not teach you how to have great relationships. It will not make you a better lover. It won't get your dog to bring you your slippers. We just don't care about any of that. We will give you the ability to walk up to any girl you see and get a date.If you have absolutely no confidence, or you feel you need some magic pill to meet women, or you want to learn how to scam on women on internet dating sites, buy some other book. These techniques work, and we teach them to you in a way that is so easy, so simple, so unbelievably sneaky, that YOU WILL NOT BELIEVE THEY CAN WORK, but they have already worked for thousands of men and they will continue to work, whether you

believe us or not.

Gypsies David Cressy 2018-06-28 Gypsies, Egyptians, Romanies, and—more recently—Travellers. Who are these marginal and mysterious people who first arrived in England in early Tudor times? Are claims of their distant origins on the Indian subcontinent true, or just another of the many myths and stories that have accreted around them over time? Can they even be regarded as a single people or ethnicity at all? Gypsies have frequently been vilified, and not much less frequently romanticized, by the settled population over the centuries. Social historian David Cressy now attempts to disentangle the myth from the reality of Gypsy life over more than half a millennium of English history. In this, the first comprehensive historical study of the doings and dealings of Gypsies in England, he draws on original archival research, and a wide range of reading, to trace the many moments when Gypsy lives became entangled with those

of villagers and townsfolk, religious and secular authorities, and social and moral reformers. Crucially, it is a story not just of the Gypsy community and its peculiarities, but also of England's treatment of that community, from draconian Elizabethan statutes, through various degrees of toleration and fascination, right up to the tabloid newspaper campaigns against Gypsy and Traveller encampments of more recent years.

Secrets Of Romany Astrology Palmistry ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning.
