Myths and Legends of the Norse Henry Romano 2022-07 Initially, there were two Suns and two Moons, one Sun and one Moon different from the ones we see now. Its name was Sol, and its name was Mani. However, behind each Sol and Mani, a wolf always followed. Finally, the wolves caught up with them and devoured Sol and Mani. A dark and cold world followed. Those were the days of the Gods, Odin and Thor, Hödur and Baldur, Tyr and Heimdall, Vidar and Vali, and Loki, the doer of a good deed. In addition, there were the beautiful Goddesses Frigga, Freya, Nanna, Iduna, and Sif. However, when the Sun and Moon were destroyed, so were all the Gods, except Baldur, who had died before that time, Vidar and Vali, sons of Odin, and Modi and Magni, sons of Thor. Men and women lived in the world at that time, too. The world experienced terrible things before the Sun and Moon were devoured, and the Gods were destroyed. The snow fell on the Earth's Earth's four corners and continued to fall for three seasons. Then the winds came and blew everything away. Furthermore, the people of the world who had survived the snow, the cold, and the winds fought each other, killing one another until all the people were destroyed. At that time, there was another green and beautiful earth. Although forests, hills, and habitations were leveled by the terrible winds. The fire then engulfed the land. Sunlight and moonlight were devoured. The Gods were doomed. In addition, all of these things occurred during the time of Ragnarök, the Gods' Twilight. A new Sun and Moon appeared and traveled through the heavens. They were more beautiful than Sol and Mani, and no wolves chased after them. In Ragnarök, the Twilight of the Gods, Odin had hidden them and left them to sleep. In a deep forest, a woman has not been burned by the fire, and a man has woken up. Lifthrasir was the woman's name, and Lif was the man's. Children of their children made new Earth's Earth's people, and their children made the children of their children. There were also left Vidar and Vali, the sons of Odin, and Modi and Magni, the sons of Thor; on the new Earth, Vidar and Vali found tablets that the older Gods had written on and left for them, tablets describing everything that had happened before Ragnarök, the Twilight

of the Gods. Also, the people who lived after Ragnarök, the Twilight of the Gods, were not troubled by the terrible beings who had wreaked destruction on the world, upon men and women, and who had waged war on the Gods from the very beginning.

House Gods Jim Kristofic 2022-05-01 Our buildings are making us sick. Our homes, offices, factories, and dormitories are, in some sense, fresh parasites on the sacred Earth, Nahasdzáán. In search of a better way, author Jim Kristofic journeys across the Southwest to apprentice with architects and builders who know how to make buildings that will take care of us. This is where he meets the House Gods who are building to the sun so that we can live on Earth. Forever. In *House Gods*, Kristofic pursues the techniques of sustainable building and the philosophies of its practitioners. What emerges is a strange and haunting quest through adobe mud and mayhem, encounters with shamans and stray dogs, solar panels, tragedy, and true believers. It is a story about doing something meaningful, and about the kinds of things that grow out of deep pain. One of these things is compassion—from which may come solace. We build our buildings, we make our lives—we are the House Gods.

Wrestling With Gods Robert J. Sawyer 2015-02-26 A mechanical Jesus for your shrine, the myths of cuttlefish, a vampire in residential schools, a Muslim woman who wants to get closer, surgically, to her god, the demons of outer space, the downside of Nirvana. The 24 science fiction and fantasy stories and poems included in *Wrestling with Gods* (Tesseract Eighteen) take their faith and religion into the future, into the weird and comic and thought-provoking spaces where science fiction and fantasy has really always gone, struggling with higher powers, gods, the limits of technology, the limits of spiritual experience. At times profound, these speculative offerings give readers a chance to see faith from the believer and the skeptic in worlds where what you believe is a matter of life, death, and afterlife. Featuring works by: Derwin Mak, Robert J. Sawyer, Tony Pi, S. L. Nickerson, Janet K. Nicolson, John Park, Mary-Jean Harris, David Clink, Mary Pletsch, Jennifer Rahn, Alyxandra Harvey, Halli Lilburn, John Bell, David Jón Fuller, Carla Richards, Matthew Hughes, J. M. Frey, Steve Stanton, Erling Friis-Baastad, James Bambury, Savithri Machiraju, Jen Laface and Andrew Czarnietzki, David Fraser, Suzanne M. McNabb, and Megan Fennell.

Heaven No Hell Michael DeForge 2021-02-16 "One of the most inventive and prolific cartoonists working today."—Vulture In the past ten years, Michael DeForge has released eleven books. While his style and approach have evolved, he has never wavered from taut character

studies and incisive social commentary with a focus on humor. He has deeply probed subjects like identity, gentrification, fame, and sexual desire. In "No Hell," an angel's tour of the five tiers of heaven reveals her obsession with a haunting infidelity. In "Raising," a couple uses an app to see what their unborn child would look like. Of course, what begins as a simple face-melding experiment becomes a nightmare of too-much-information where the young couple is forced to confront their terrible choices. "Recommended for You" is an anxious retelling of our narrator's favorite TV show—a Purge-like societal collapse drama—as a reflection of our desire for meaning in pop culture. Each of these stories shows the inner turmoil of an ordinary person coming to grips with a world vastly different than their initial perception of it. The humor is searing and the emotional weight lingers long after the story ends. *Heaven No Hell* collects DeForge's best work yet. His ability to dig into a subject and break it down with beautiful drawings and sharp writing makes him one of the finest short story writers of the past decade, in comics or beyond. *Heaven No Hell* is always funny, sometimes sad, and continuously innovative in its deconstruction of society.

The Immortals Jordanna Max Brodsky 2016-02-16 In this modern-day "lively re-imagining of classical mythology" (Deborah Harkness), when a string of women are murdered in an ancient pagan ritual, Selene DiSilvia -- known by some as the goddess Artemis -- hears their cries for help and takes up her bow once more. Manhattan has many secrets. Some are older than the city itself. The city sleeps. In the predawn calm, Selene DiSilvia finds the body of a young woman washed ashore, gruesomely mutilated and wreathed in laurel. Her ancient rage returns, along with the memory of a promise she made long ago -- when her name was Artemis. Jordanna Max Brodsky's acclaimed debut sets Greek Gods against a modern Manhattan backdrop, creating an unputdownable blend of myth and mystery. They became Gods - omnipotent, absolute rulers; but also vain, arrogant, hedonistic and brutal. Now someone is killing them. The enforcer, a servant of the Gods, is tasked with finding the killer, but first he must train a new apprentice. Given a list of worlds to investigate, they set out trying to find a key to the identity of a killer they cannot hope to overcome. In their travels they come across worlds dedicated to the study of butterflies, to the perfection of music, to eternal war, and to a magical storybook existence where animals talk and act like characters from a children's story; and on each world they find a brutal disregard for the people who serve the Gods. As the death toll mounts, and the pressure from their masters to find the killer increases, they learn more and more about the strange

universe of The Machine, and about themselves. But soon they face the ultimate question: is the killer a monster...or a hero?
