The Suspense Thriller Charles Derry 2010-06-21 This book is a comprehensive study of one of the most popular genres in the cinema. From a perspective sympathetic to popular culture, this study analyzes a large number of primarily American and European films by a variety of distinguished directors, including Alfred Hitchcock, Claude Chabrol, John Frankenheimer, Michelangelo Antonioni, and Costa-Gavras. Indispensable to anyone interested in understanding how suspense thrillers work and what they mean, this book provides insightful analysis of hundreds of memorable films, while at the same time working as a virtual how-to manual for anyone trying to write a Hitchcock-like thriller. The first section of the book is primarily theoretical. It offers a bibliographical survey and then explains why we so profoundly enjoy these suspenseful films of murder and intrigue. A chapter on "Thrills: or, How Objects and Empty Spaces Compete to Threaten Us" explores the psychological concept of the thrill and relates it to the psyche of the spectator. To what extent does the suspense thriller represent a symbolic and vicarious experience of danger? A chapter on "Suspense That Makes the Spectator Take a Breath" explores the crucial narrative concept of suspense and relates it to the psychological mechanisms of anxiety incited in the spectator. Why do we like to be scared? A final theoretical chapter offers a dynamic definition of the suspense thriller derived in part from Edgar Allan Poe and based primarily on content analysis. The second section of the book is more of an historical survey and devotes one chapter to each of the suspense thriller's primary sub-genres. These chapters provide close readings of more than 150 major films and detailed analysis of the suspense thriller's conventions, themes, and recurrent iconography. Sub-genres include The Postman Always Rings Twice, Body Heat, The Manchurian Candidate, The China Syndrome, Missing, The Passenger, Spellbound, Obsession, Marathon Man and Blue Velvet. A final chapter explores areas for further research and offers concluding insights.

This year the secret service made a major mix up, they mistook a 13-year-old boy called Kevin for a secret agent (I know, so much for an 'intelligence' agency). This was the sort of kid that would try and zip wire across a building and end up falling head first into a fountain with his bum on show, so can you imagine what happened when he was allowed access to the amazing sort of spy gadgets that James Bond

would use? Despite this, it was up to Kevin to save us all from an evil supervillain. It was the most dangerous, daring mission in the history of the secret service, and also its biggest blunder. This top secret book uncovers the entire story of Kevin's fateful and hilarious mission.
