**The Shadow-walkers** T. A. Shippey 2005 Elves and dwarves, trolls and giants, talking dragons, valkyries and werewolves: all these are familiar in modern movies and commercial fantasy. But where did the concepts come from? Who invented them? Almost two centuries ago, Jacob Grimm assembled what was known about such creatures in his work on 'Teutonic

Mythology', which brought together ancient texts such as Beowulf and the Elder Edda with the material found in Grimm's own famous collection of fairy-tales. This collection of essays now updates Grimm, adding much material not known in his time, and also challenges his monolithic interpretations, pointing out the diversity of cultural traditions as well as the continuity of ancient myth.

**Born in Shadow** Cynthia Luhrs 2014-08-02 TWO BROTHERS BORN TO A GODDESS... Thorne and Dayne. Brothers. Sons of the goddess Terya. Rivals who will become bitter enemies because of a woman. FORGOTTEN BY TIME... Luna is the fairest maiden in Arcadium. As Thorne falls hopelessly in love with her, events are set into motion that will change their lives and the lives of everyone around them, sending Arcadium to its destruction. RISE TO CREATE THE SHADOW WALKERS... Punished for their crimes, Thorne and Dayne are imprisoned for a thousand years, forgotten by time. Until one day, a handmaiden to the fates frees them both. For she has foreseen what will happen if she releases the gods from their prison in the nether realm. BORN IN SHADOW This short novella is a prequel to the series. It tells the legend of how the Shadow Walkers came to be.

2022-05-11 The world falls from beneath me—literally—one winter night when I’m racing down the road on my beloved motorcycle. I tumble into a huge sinkhole, followed by the sheriff, who’s doggedly chasing me. I find myself in a cavern covered with evil petroglyphs that are intent on killing me ... From that harrowing situation I go to another even more dire: A hotel inspector who seems bent on putting me out of business. Add to this, my evil little sister has surfaced to tangle with me, and now Mick, my dragon boyfriend, is acting mysterious and scary. Only the magic mirror, my interfering grandmother, and my new cook seem to know what’s going on, all of them telling me that Mick has been touched by shadows. I have to figure out what that means and wrest him free of dark forces before the Dragon Council stick their smoldering noses in and a new witch in town destroys everything I love.

The Shadow Walker Michael Walters 2013-09-03 Set in a country struggling to come to terms with the legacy of its past and the promise of its future, *The Shadow Walker* is a gripping thriller that introduces Inspector Nergui of the Mongolian Serious Crime squad. As winter's first snow falls on Ulan Baatar, the mutilated body of a British geologist is found in the city's most expensive hotel, apparently the fourth victim of a serial killer. With political pressure to solve the crimes mounting, Nergui, ex-head of the Serious Crime Squad, is ordered back to his former role, building an uneasy working relationship with his successor and protege, Doripalam, and with Drew McLeish, a senior British CID officer sent out to support the investigation. But the murders continue--leading the officers through the disused factories of the decaying city, out on to

the steppes among nomadic herdsmen and illegal gold prospectors, and down into the barren landscapes of the Gobi. And then McLeish himself is kidnapped. With political tensions mounting and time draining away, Nergui and Doripalam piece together a case that encompasses both personal tragedy and shadowy commercial interests in Mongolia's vast mineral and energy reserves. And, finally, in a long-abandoned warehouse amongst the decaying Soviet-era factories of Ulan Baatar, Nergui comes face to face with the only figure who can bring the story to its shattering conclusion.
