Moonlight Madness and Picnics Manjari

Chatterji 2019-06-13 *Moonlight Madness and Picnics* By: Manjari Chatterji Everyone eats but how, when and where we eat makes a difference; thus a moonlight picnic is a heck of a lot more fun than a formal dinner with people who mean nothing to you. Or a cherished seasonal food eaten in the long vanished childhood past will acquire a magical aura with the distance of time. *Moonlight Madness and Picnics* is about food, memories and sharing food

with family and friends without whose sharing food is merely a necessary chore. The recipes are shared in the spirit of offering something precious and highly personal as they are nuggets of history - ingredients, techniques and rituals - that brought them into existence. Whether you like a PB&J or a five course organic dinner, the author hopes that you will find something to enjoy and savor in these stories.

Introduction to Christian Ethics Ellen Ott

Marshall 2018-10-30 All Christians read the Bible differently, pray differently, value their traditions differently, and give different weight to individual and corporate judgment. These differences are the basis of conflict. The question Christian ethics must answer, then, is, "What does the good life look like in the context of conflict?" In this new introductory text, Ellen Ott Marshall uses the inevitable reality of difference to center and organize her exploration of the system of Christian morality. What can we learn from Jesus' creative use of conflict in situations that were especially attuned to questions of power? What does the image of God look like when we are trying to recognize the divine image within those with whom we are in conflict? How can we better explore and understand the complicated work of reconciliation and justice? This innovative approach to Christian ethics will benefit a new generation of students who wish to engage the perennial questions of what constitutes a faithful Christian life and a just society.

Roadside Picnic Arkady Strugatsky 2012-05-01
Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a &"full empty,&" something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, *Roadside Picnic* is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.

North Carolina Bland Simpson 2021-09-22
Bland Simpson, the celebrated bard of North Carolina's sound country, has blended history, observation of nature, and personal narrative in many books to chronicle the people and places of eastern Carolina. Yet he has spent much of his life in the state's Piedmont, with regular travels into its western mountains. Here, for the first time, Simpson brings his distinctive voice and way of seeing to bear on the entirety of his home state, combining storytelling and travelogue to create a portrait of the Old North State with care and humor. Three of the state's finest photographers come along to guide the journey: Simpson's wife and creative partner, Ann Cary Simpson, professional photographer Scott Taylor, and writer and naturalist Tom Earnhardt. Their photos, combined with Simpson's rich narrative, will inspire readers to consider not only what North Carolina has been and what it is but also what we hope it will be. This book belongs on the shelf of longtime residents, newcomers, and visitors alike.

The Bottle Factory Outing Beryl Bainbridge 2016-10-04 Named by the Observer as "one of the 100 greatest novels of all time," this dark comedy with a disturbing twist follows two working-class women in 1970s London. Unlikely friends Brenda and Freda share a rundown room in London and toil away at an Italian factory pasting labels onto wine bottles. Brenda, a shy and passive thirty-three-year-old brunette, recently ran away to the city to escape an abusive husband. Freda, meanwhile, is a rebellious twenty-six-year-old blonde with big dreams and a penchant for bossing people around. The two women are the only English workers at the bottling facility, and their presence certainly stirs up trouble. Freda has a crush on the trainee manager, Vittorio, and tries to get close to him despite the fact that he's engaged to an Italian girl. Brenda, on the other hand, spends a fair amount of time trying to distance herself from the advances of the factory's manager, Mr. Rossi. When Freda organizes a company outing, what's supposed to be a day of freedom and fun turns into a dark and chaotic tragedy. The workers plan to travel by van to a stately castle, where they will picnic and drink wine before visiting an African safari. But the van never shows up, and when they finally do make it to the castle, something goes fatally wrong. Shortlisted for the Man Booker Prize, *The Bottle Factory Outing* was inspired by author Beryl Bainbridge's own experiences working as a cellar girl in the mid-twentieth century. Intertwining themes of loneliness and friendship, sexual frustration and personal power, passion and murder, this tragicomedy is a British classic that depicts working-class life as something both terribly morose and wickedly

funny. This ebook features an illustrated biography of Beryl Bainbridge including rare images from the author's estate.

The Burnout Epidemic Jennifer Moss 2021-09-28 In this important and timely book, workplace well-being expert Jennifer Moss helps leaders and individuals prevent burnout and create healthier, happier, and more productive workplaces. We tend to think of burnout as a problem we can solve with self-care: more yoga, better breathing techniques, and more resilience. But evidence is mounting that applying personal, Band-Aid solutions to an epic and rapidly evolving workplace phenomenon isn't enough—in fact, it's not even close. If we're going to solve this problem, organizations must take the lead in developing an antiburnout strategy that moves beyond apps, wellness programs, and perks. In this eye-opening, paradigm-shifting, and practical guide, Jennifer Moss lays bare the real causes of burnout and how organizations can stop the chronic stress cycle that an alarming number of workers suffer through. **The Burnout Epidemic** explains: What causes burnout—and what organizations can do to prevent it Why traditional wellness initiatives fall short How companies can build an antiburnout strategy based on prevention, not perks How leaders can measure burnout in their own organizations What leaders can do to develop a healthier culture that prioritizes resilience and curiosity As the pandemic has shown, self-care is important, but it's not a cure-all for burnout. Employers need to do more. With fascinating research, new findings from the pandemic, and interviews with business leaders around the globe, **The Burnout Epidemic** offers readers insightful and actionable advice that will empower them to help themselves—and their employees—feel healthier and happier at work.

All Faithful People Theodore Caplow

1983-10-17 *All Faithful People* was first published in 1983. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. In 1924 Robert and Helen Lynd went to Middletown (Muncie, Indiana) to study American institutions and values. The results of their work are the classic studies *Middletown* (1929) and *Middletown in Transition* (1937). In the late 1970s a team of social scientists returned to Middletown to gauge the changes that have taken place in the fifty years since the Lynds' first visit. The *Middletown III Project*, by replicating the earlier work, in some cases by using the same questions, provides an unprecedented portrait of a small American town as it adapts to changing times. Its first report, *Middletown Families*, was published by Minnesota in 1982. This book explores the role of religion in the life of Middletown. Using the Lynds' magnificent cache of empirical data as a base, social scientists on the *Middletown III Project* attempted to gauge how religious beliefs and practices have changed. For the most part, their findings show that the current perception of a trend toward a

more secular society is not true. In Middletown, religion seems to be more important than ever. *All Faithful People* also covers the history of Middletown's churches, the differences between the town's Protestants and Catholics, religious participation among young people, and the role in Middletown life of private devotions and public rituals. In conclusion, the authors of *All Faithful People* evaluate Middletown as a representative community. They attempt to explain the myth of the death of organized religion, and briefly compare religion in America to religion in other Western countries. Fifty years after the Lynds first made Middletown famous, a team of social scientists returned to find out how American values have changed. This, their second report, focuses on religion. What does religion mean to Middletown today? Has America become a secular society? Those are some of the questions discussed in *All Faithful People*.

The Sons of Silas Mccracken Dudley James Podbury 2016-04-07 Silas McCracken was a hard man, hard but fair according to his own reckoning, yet he knew that few would agree with him. He came from tough, highland Scots

ancestry where a Scottish pound was always a full twenty shillings, never a penny more, never a penny less. His wife Mary was of gentler stock . From this unmatched parentage, three sons were born. The two older boys would enjoy the favour of their hard, determined father, whereas the youngest son would bear his closefisted resentment. And so, as is often the case, the course of ones life is set from the earliest years. As the boys grow and develop into manhood, from the quiet confines of Kinross in their native Scotland, their destinies take them along separate paths. From the moneyed towers of the London financial district, to the backstreets of Soho, and the less savoury areas of Marseilles, the McCracken influence would travel through the Mafia stronghold of Sicily, post war Germany and on to the halls of power in New York and Washington. Only the youngest son would remain true to his roots in his native land. By different standards each son would succeed; it is for others to discern how success and failure is judged in the balance, and where the scale shall fall.

Fancy Farm Living is the Life for Me Cynthia Pierce Elder 2017-06-16 I want to tell you about my farm. It's not my farm. I live here but it's not mine. I will tell you though that the farmer does belong to me. We are raising the 4th generation of farmers on this farm. My husband's father's father bought this farm for him back in the 1930's. My father-in-law, along with the rest of the family, milked cows, grew corn and hay to feed to those cows, had hogs and chickens and pretty much every critter you can put on a farm, and grew tobacco. He raised 8 children on the farm. My husband, Jimmy, the farmer, will tell you that the farm really doesn't belong to him at all. It's his, to pass down to the next generation. In all aspects he is truly a steward of this land . . .

Miss Garrett's classroom is like every other at our school. White kids sit on one side and black kids on the other. I'm one of the few middle-rowers who split the difference. Trouble is, Lu's old friends have been changing lately — acting boy crazy and making snide remarks about Lu's newfound talent for running track. As segregationist ex-governor George Wallace ramps up his campaign against the current governor, Albert Brewer, growing tensions in the state — and in the classroom — mean that Lu can't stay neutral about the racial divide at school.
