The Star That Never Shined Why Christopher Chukwuma 2021-10-08 A lot of talents and stars have passed through this life unnoticed. They lived without discovering or fulfilling the purpose of God for their lives. Their lights never shined for one day. This book therefore is a deliverance booklet or guide to the young ones aimed at helping them know what made many great stars not to shine. What they did or failed to do that stopped their stars from shining; so that they can know what to do, and what not to do in order to shine. It will also serve as a reminder or eye opener to the older ones of what they did wrongly, or failed to

do that made their stars not to shine. This book is a must read to the youths of this generation and other young ones. May this book deliver you and help you to shine forth as the star that God has made you to be.

Secrets in the Stars of Ancient Egypt Karen Lea Pressler 2021-04-29 Once in a while a book comes along that changes the way we see history. It provides a new perspective and challenges former beliefs. It breaks the mold of preconceived ideas and opens new vistas - even to generations yet unborn. This is such a book! Nowhere can be found the understanding herein imparted. You will find your mind amazed as astonishing details present themselves. At last something you can rely on and be sure of! These are the secrets in the stars of Ancient Egypt - the hidden truth of the mythology and the astronomy, and the correct understanding of the mystical and mysterious secrets hidden in the stars of ancient Egypt. The content is the result of decades of original research and translation, combined with an in-depth study of historical astronomy, to reveal important aspects of ancient thought and history that have been an enigma for millennia. The simple truth is no one has ever identified the star constellations in the tomb of Seti I. Likewise, a meaningful commentary on the square zodiac images on the ceiling of the temple of Hathor at Denderah has not been available until now. In addition, the truth behind the misunderstood legend of the death of Osiris is revealed. Finally, there is a comprehensive translation of the inscribed text of the Inventory Stela found at Giza in 1858 by Mariette. These discoveries and more are revealed in *The Secrets in the Stars of Ancient Egypt*. Those secrets, and the historical breakthroughs gained through their understanding, are profound and important. Here is a collection of information that focuses on correcting misconceptions about Ancient Egypt, and it sets the record straight with proof and explanation. It is really an eye opener, and probably will upset the proverbial apple cart!

It is the oldest and most wonderful story in all the world. This amazing story is told every night in the light of the twinkling stars... The Creator Himself named the stars (Psalm 147:1-5) and formed the constellations, giving them their assigned shapes. The story in the stars was given to mankind by the Creator of the stars-God Himself. And unlike later stories of knights and dragons, the star story is true. What is God's Amazing Star Secret? When restored to their original names, shapes, meanings and messages, the heavenly lights declare the glory of God (Psalms 97:6; Psalm 19:1-4). God's amazing secret is revealed in the stars. But it is a secret that was never meant to be kept... And now, in the pages of this book, it is a secret no more...

Secret in the Stars Linda Wilson 2018-09-19 We haven't met yet, but because you're here, I already know one important thing about you: you love to read. Many readers dream of becoming writers. I know I did. Where to start? Write for your school newspaper. Take photographs for it. Illustrate pictures for it. Become the editor. Write stories, take photos, create illustrations and publish them in journals that accept young people's work. Keep a journal. I've kept journals off and on my entire life. The best ones are the diaries I wrote while in elementary school. This is really how I got my start, how I learned to love to write. I went on in my writing life to interviewing people from all walks of life and publishing articles about them for newspapers and magazines. Finally, I realized my greatest dream of all: I learned how to write fiction, published several short stories, and now have written my first book: *Secret in the Stars: An Abi Wunder Mystery*. I speak from experience: you hold your dreams in the palms of your hands. Only you can make your dreams come true. Please visit www.lindawilsonauthor.com so we can get to know each other. A story is born: Deep in the rolling hills and lush valleys of northern Virginia horse country, an eerie presence overwhelmed my body and soul. The story of Abi Wunder sprang to life, and how she acquired the ability to communicate with ghosts. It's really very simple: Abi has empathy. What is empathy? Sensitivity to others. To think about how others are feeling. To appreciate experiences others have had, even those of the departed. In a nutshell, Abi pays attention to others instead of being focused only on herself. How does Abi

do it? She has a secret. To learn what it is, please visit www.lindawilsonauthor.com and click on Secrets of Success.

If You're Reading This, It's Too Late Pseudonymous Bosch 2008-10-01 Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, *The Name of This Book is Secret*, you're wrong. I'm not going to remind you of how we last left our heroes, Cass and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.

Shalizi - the Secret Star Wale Owoeye 2013-02-28 SHALIZI-THE SECRET STAR is a codex of freedom. Written as odes recited in invocation and praise of Light, the book chronicles the legend of avatars in their journey through the celestial circuits to reach the Grove of Gold. Set in glowing 24 cantos of 24 stanzas each, the book opens into a vista of splendor, grandeur and joy for those bold enough to follow through to know the secret of stars.

The Name of this Book Is Secret Pseudonymous Bosch 2008-09-01 Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

Secret Love Star Judy Rainbow 2015-09-28 Were you ever taught by an ascended master who was your stand-in for a sex therapist? Were you ever romantically involved with a celebrity with whom you had a telepathic relationship, only to learn years later that this celebrity was just an alias and his true identity was that of an ascended master and your twin flame? And he is the ascended master predicted to come at the end of this age to establish heaven on earth and assist humanity in their evolutionary process by helping them remember who they really are God incarnate and the Word was made flesh. I witnessed all this for it is my own personal story. The proof is in the experience. The truth is in my heart.

A Secret Star Krystyne F. Aleksandr 2013-07 Sometimes there is a light at the end of the tunnel. Sometimes? there's not. Because true light doesn't appear at the end of a long, hard road. True light comes from within. Most of the time, however, we live unaware of this secret shine, and it is not found until someone shows us that it's there. During the hardest times of her life, Natalie Winters struggled with what light to seek and what star to wish upon. She lived a life in which she was enriched with a deep darkness that caused even the brightest of glows to fade away into darker shadows. A Secret Star is a memoir of the horrific stories of her childhood? the abandonment, the abuse, and the absence of love. However, this little girl found that in her darkest of tunnels, she was not alone. For even the darkest of skies still have the

Full Service Scotty Bowers 2012 The wholesome image of America propagated by Hollywood in the 1940s, '50s and '60s is one of the most persistent in popular culture: loving wives, smiling children. But off the set, many of the actors who helped create this image were secretly leading very wild lives, and one man in particular was helping them: Scotty Bowers. At a time when sex outside of marriage was taboo, Scotty built up a reputation as the guy who could discreetly fix you up. Scotty slept with many stars himself, and connected others with his friends. Here, he tells his story for the first time. Scotty came to Hollywood after serving in the Marines in World War II, and began working at a gas station on Hollywood Boulevard. One day, he was approached and picked up by actor Walter Pidgeon, who whisked him off to a friend's villa for the first of many encounters with Hollywood's rich and famous. He developed long-term friendships with stars like Katharine Hepburn and Noel Coward, but he always kept it quiet--until he now provides a lost chapter in the history of the sexual revolution.--From publisher description.

In Secret (Movie Tie-In) Emile Zola 2014-02-12 Emile Zola's story of adultery, murder, and madness—soon to be a major motion picture starring Elizabeth Olsen and Jessica Lange In a dingy apartment on the Passage du Pont-Neuf in Paris, Therese Raquin is trapped in a loveless marriage to her sickly cousin, Camille. The numbing tedium of her life is suddenly shattered when she embarks on a turbulent affair with her husband's earthy friend Laurent, but their animal passion for each other soon compels the lovers to commit a crime that will haunt them forever. Therese caused a scandal when it appeared in 1867 and brought its twenty-seven-year-old author a notoriety that followed him throughout his life. Zola's novel is not only an uninhibited portrayal of adultery, madness, and ghostly revenge, but also a devastating exploration of the darkest aspects of human existence.
