The Cookbook Library Anne Willan 2012-03-03 This gorgeously illustrated volume began as notes on the collection of cookbooks and culinary images gathered by renowned cookbook author Anne Willan and her husband Mark Cherniavsky. From the spiced sauces of medieval times to the massive roasts and ragoûts of Louis XIV's court to elegant eighteenth-century chilled desserts, The Cookbook Library draws from renowned cookbook author Anne Willan's and her husband Mark Cherniavsky's antiquarian cookbook library to guide readers through four centuries of European and early American cuisine. As the authors taste their way through the centuries, describing how each cookbook reflects its time, Willan illuminates culinary crosscurrents among the cuisines of England, France, Italy, Germany, and Spain. A deeply personal labor of love, The Cookbook Library traces the history of the recipe and includes some of their favorites.

Canadian Literature in English W. J. Keith 1985 W. J. Keith has chosen to ignore utterly both the popular' at the one extreme (Robert Service, Lucy Maud Montgomery) as well as the avant-garde' at the other (bpnichol, Anne Carson) in favour of those authors whose style lends itself to the simple pleasure of reading, and to that end Keith dedicates his history to all those -- including those of the general reading public whose endangered status is much lamented -- who recognize and celebrate the dance of words.' *Attack of the Enemy* Tautz, Johannes 2014-10-07 The time of Nazi dictatorship in Germany (1933-45) consistently stimulates more interest than any other period of human history, as witnessed by the countless books and other media on Adolf Hitler and his leading henchmen. What is the basis for this enduring fascination? And, does the abundance of available material help us truly to understand the phenomenon? In this clear-sighted study, Tautz concludes that there is an existential need for the human psyche to come to terms with the forces of destruction that broke out during the era of National Socialism. In an attempt to get to the essence of the phenomenon, he employs the method of 'historical symptomatology', as developed by the philosopher and scientist Rudolf Steiner. Through these means, '... the historical process is perceived as the physiognomic expression of spiritual forces'. By viewing events as symptoms, the outer facts become transparent to the hidden influences that lie behind them, and occult aspects are revealed. Tautz focuses on the degenerate elements that inspired National Socialism - their meaning, nature and methods - and examines their manifestation in earthly events. He reveals the spiritual context in which these adversary, opposing forces erupted and attacked humanity - at a time when human consciousness had stepped over a new threshold. The Nazi functionaries and their spectral leader, whom he refers to as 'the Medium', willingly served these powers, whilst the bedazzled masses were largely passive. If we are serious about developing an egalitarian society today that corresponds to the present level of human evolution, he argues, we need to understand this period of tyranny in Germany at the deepest levels. In addition to Tautz's classic text, a new Appendix by Andreas Bracher brings the reader up to date with a survey of relevant literature on the theme as well as an insightful review of the Nazis' attitude to Rudolf Steiner and the anthroposophical movement he founded. Contemporary extracts from the *Völkische Beobachter* (the Nazi's house journal) indicate the viciousness and hatred directed towards Steiner and anthroposophy by the National Socialists.

Black Wave Michelle Tea 2016-08-22 This metaliterary end-of-the-world novel is "scary, funny and genre-bending . . . wonderfully strange . . . yet completely universal and true" (Jill Soloway, creator of *Transparent*). Desperate to quell her addiction to drugs and alcohol, disastrous romance, and nineties San Francisco, Michelle heads south to LA But soon it's officially announced that the world will end in one year, and life in the sprawling metropolis becomes increasingly weird. While living in an abandoned bookstore, dating Matt Dillon, and keeping an eye on the encroaching apocalypse, Michelle begins a new novel, a meta-textual exploration to complement her vows to embrace maturity and responsibility. But as she tries to make queer love and art without succumbing to self-destructive impulses, the boundaries between storytelling and everyday living begin to blur, and Michelle wonders how much she'll have to compromise her artistic process if she's going to properly ride out doomsday.

The Temptation of Eileen Hughes Brian Moore 2009-11-10 "Eileen Hughes, twenty years old and never before out of Northern Ireland, has arrived in London for a week's holiday with Bernard and Mona McAuley, who are not only her employers but also, she believes, her friends. In Brian Moore's masterful handling, this seemingly simple story darkens and expands, exploring the nature of obsession--both spiritual and erotic--with an elegance, anarchic playfulness, and imagination that recall Henry Green or Muriel Spark."--Publisher's website.

Light, Freedom and Song David Pierce 2005-01-01 In this absorbing analysis of modern Irish writing, an acknowledged expert considers the hybrid character of modern Irish writing to show how language, culture, and history have been affected by the colonial encounter between Ireland and Britain. Examining the great themes of loss and struggle, David Pierce traces the impact on Irish writing of the Great Famine and cultural nationalism and considers the way the work of Ireland's two leading writers, W. B. Yeats and James Joyce, complicate and elucidate our view of "the harp and the crown." The book draws a contrast between the West of Ireland in the 1930s, when the new Irish State enjoyed its first full independent decade, and the North of Ireland in the 1980s, when the spectre of British imperialism threatened the stability of Ireland. Pierce then surveys contemporary Irish writing and reflects on the legacy of the colonial encounter and on the passage to a postmodern or postnationalist Ireland in the work of such crucial living writers as John Banville, Derek Mahon, and John McGahern.

The Canadian Postmodern Linda Hutcheon 1988 Hutcheon discusses the theory and practice of

postmodernism as seen through both contemporary cultural theory and the writings of Audrey Thomas, Michael Ondaatje, Robert Koretsch, Timothy Findley, Margaret Atwood, Jack Hodgins, Aritha Van Herk, Leonard Cohen, Susan Swan, Clark Blaise, George Bowering, Chris Scott, and others.

Secrecy Hugh B. Urban 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently. Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes. We have become accustomed to thinking about secrecy in political terms and personal privacy terms. In this bracing, new work, Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion. With *Secrecy*, Urban investigates several revealing instances of the power of secrecy in religion, including nineteenth-century Scottish Rite Freemasonry, the sexual magic of a Russian-born Parisian mystic; the white supremacist Brüder Schweigen or "Silent Brotherhood" movement of the 1980s, the Five Percenters, and the Church of Scientology. An electrifying read, *Secrecy* is the culmination of decades of Urban's reflections on a vexed, ever-present subject.

Out of Ireland Marian O'Shea Wernicke 2023-04-25 In the late 1860s in Bantry, Ireland, sixteen-year-old Eileen O'Donovan is forced by her family to marry an older widower whom she barely knows and does not love. Her brother Michael, at age nineteen, becomes involved with the outlawed Irish Republican Brotherhood, a secret organization dedicated to the violent overthrow of British rule in Ireland. Their fates intertwine when they each decide to emigrate to America, where both tragedy and happiness await them. An exciting coming-of-age story of a brother and sister in an Ireland still under the harsh rule of the British, *Out of Ireland* brings alive the story of our ancestors who braved the dangers of immigration in order to find a better life for themselves and their families.

Common Writing Stefan Collini 2016 In a series of penetrating and attractively readable essays, Stefan Collini explores aspects of the literary and intellectual culture of Britain from the early twentieth century to the present. *Common Writing* focuses chiefly on writers, critics, historians, and journalists who occupied wider public roles as cultural commentators or intellectuals, as well as on the periodicals and other genres through which they attempted to reach such audiences. Among the figures discussed are T.S. Eliot, Graham Greene, J.B. Priestley, C.S. Lewis, Kingsley Amis, Nikolaus Pevsner, Hugh Trevor-Roper, Christopher Hitchens, and Michael Ignatieff. The essays explore the variety of such figures' writings - something that can get overlooked or forgotten when they are treated exclusively in terms of their contribution to one established or professional category such as 'novelist' or 'historian' - while capturing their distinctive writing voices and those indirect or implicit ways in which they position or reveal themselves in relation to specific readerships, disputes, and traditions. These essays engage with recent biographies, collections of letters, and new editions of classic works, thereby making some of the fruits of recent scholarly research available to a wider audience. Collini has been acclaimed as one of the most brilliant essayists of our time, and this collection shows him at his subtle, perceptive, and trenchant best. *Common Writing* will appeal to (and delight) readers interested in literature, history, and contemporary cultural debate.

Revelatory Events Ann Taves 2016-10-25 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences. Apparitions. Hearing voices.

Although some people would find such experiences to be distressing and seek clinical help, others perceive them as transformative. Occasionally, these unusual phenomena give rise to new spiritual paths or religious movements. *Revelatory Events* provides fresh insights into what is perhaps the bedrock of all religious belief—the claim that otherworldly powers are active in human affairs. Ann Taves looks at Mormonism, Alcoholics Anonymous, and *A Course in Miracles*—three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path. In the 1820s, Joseph Smith, Jr., reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel. Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934. Helen Schucman scribed the words of an inner voice that she attributed to Jesus, which formed the basis of her 1976 best-selling self-study course. In each case, Taves argues, the sense of a guiding presence emerged through a complex, creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own. A major work of scholarship, this compelling and accessible book traces the very human processes behind such events.

An American Family Henry Kitchell Webster 2021-08-03 *An American Family* (1918) is a novel by Henry Kitchell Webster. Written at the height of Webster's career as a popular author of magazine serials, *An American Family* is a story of war, ambition, and tragedy. Exploring the effects of the burgeoning labor movement on American industry, Webster illustrates the psychological effects of conflict and betrayal on

members of a wealthy family. As the third son of a large, upper-class family, Hugh Corbett has always struggled to prove himself. Despite the ambitions of his siblings, Hugh finds himself longing for a life outside of the family business. As owners of a successful factory in Chicago, their position has increasingly been at odds with the needs of their impoverished laborers, many of whom have begun to agitate for higher pay and better rights. Just as this crisis reaches a boiling point, it becomes clear that the United States is preparing to enter the Great War, thrusting a nation into conflict with Europe and deepening its own divisions. Meanwhile, Hugh meets Helena, a committed anarchist who exposes for him the inequities suffered by those the Corbett family employs. When a strike threatens to bring down the business, Hugh is forced to make a choice: should he prove his allegiance to his class and loved ones, or do what he knows to be right for the greater good of humanity. Sweeping in scope and intensely emotional, *An American Family* is a story of history on a human scale. With a beautifully designed cover and professionally typeset manuscript, this edition of Henry Kitchell Webster's *An American Family* is a classic of American literature reimagined for modern readers.
