**Area Handbook for Portugal** Eugene K. Keefe 1977

*The Sin of Father Amaro* Eça de Queirós 1994

**The Crime of Father Amaro** Eça de Queirós 2003 Set in Leiria, Portugal in the 1870s, follows the love affair of young Father Amaro with noble Amélia, and their interactions with Amélia's mother, her atheist suitor, and her mother's lover, the priest Canon Dias.

**Essays on Paula Rego: Smile When You Think about Hell** Maria Manuel Lisboa 2019-09-25 In these powerful and stylishly written essays, Maria Manuel Lisboa dissects the work of Paula Rego, the Portuguese-born artist considered one of the greatest artists of modern times. Focusing primarily on Rego's work since the 1980s, Lisboa explores the complex relationships between violence and nurturing, power and impotence, politics and the family that run through Rego's art. Taking a historicist approach to the evolution of the artist's work, Lisboa embeds the works within Rego's personal history as well as Portugal's (and indeed other nations') stories, and reveals the interrelationship between political significance and the raw emotion that lies at the heart of Rego's uncompromising iconographic style. Fundamental to Lisboa's analysis is an understanding that apparent opposites - male and female, sacred and profane, aggression and submissiveness - often co-exist in Rego's work in a way that is both disturbing and destabilising. This collection of

essays brings together both unpublished and previously published work to make a significant contribution to scholarship about Paula Rego. It will also be of interest to scholars and students of contemporary painting, Portuguese and British feminist art, and the political and ideological aspects of the visual arts.

*Landscapes of Realism* Dirk Göttsche 2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism. While it responds to the perennial impulse to use literature to reflect on experience, it also designates a specific set of literary and artistic practices that emerged in response to Western modernity. *Landscapes of Realism* is a two-volume collaborative interdisciplinary exploration of this vast territory, bringing together leading-edge new criticism on the realist paradigms that were first articulated in nineteenth-century Europe but have since gone on globally to transform the literary landscape. Tracing the manifold ways in which these paradigms are developed, discussed and contested across time, space, cultures and media, this first volume tackles in its five core essays and twenty-five case studies such questions as why realism emerged when it did, why and how it developed such a transformative dynamic across languages, to what extent realist poetics remain central to art and popular culture after 1900, and how generally to reassess realism from a twenty-first-century comparative perspective. [European Intertexts](#) Patsy Stoneman 2005 *European Intertexts* is the

first fruit of an ongoing collaborative study aiming to challenge the isolationism of much critical work on English literature by exploring the interdependence of English and continental European literatures in writing by women. While later volumes will deal with specific texts, this introductory volume provides a descriptive framework and a theoretical basis for studies in the field. Covering issues such as the role of English as a world language, the definition of 'Europe', and the current state of Translation Studies, the book also surveys theories of intertextuality and demonstrates intertextual links between written and visual and film texts. This book is itself pioneering in making a systematic approach to women's writings in English in the context of other European cultures. Although Europe is a political reality, this cultural interpenetration remains largely unexamined, and these essays represent an important first step towards revealing that unexplored richness.

**Spanish Literature** David William Foster 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

**Portugal** Walter C Opello Jr 2019-07-09 Two basic processes—industrialization and the emergence of the nation-state—have marked the evolution of many modern societies, particularly in Western Europe. Industrialization broadened the class structure of societies. With the new classes came demands for political power and influence, demands that were vigorously resisted by the ruling monarchies and landowning aristocracies. And with these demands came upheaval and, eventually, new forms of democratic social and political organization. In Portugal's transition from absolutist monarchy to pluralist democracy can be found an example of these transformative processes at work. Yet the experience of this nation has been largely neglected in discussions of Western European politics. With *Portugal: From Monarchy to Pluralist Democracy*, Walter C. Opello, Jr., brings the transformation of Portugal into sharp focus and, in doing so, offers interesting insights into the problems of forming a democratic regime. This profile traces Portugal's transition to democracy within the broader context of its historical development as a nation-state, documenting the effects of absolutism, imperialism, centralization, class and regional cleavages, and late

industrialization on the Portuguese people, their polity, economy, and society. Exploring the themes that have shaped the development of Portugal's democratic structures, Professor Opello also assesses the future viability of these structures in light of the country's nondemocratic legacies.

**Global Impact of the Portuguese Language** Asela de Laguna 2018-01-16 Within the cultural and literary context of contemporary Portugal and Western literature, 1998 was unquestionably the year that Portuguese writing gained international recognition as José Saramago became the first Portuguese writer ever to receive the Nobel Prize in literature. Readers who had never thought about Portuguese letters began to consume his books and, most importantly, opted for expanding their reading lists to include other important writers not only from Portugal, but from Portuguese-speaking well beyond the borders of Portugal. *Global Impact of the Portuguese Language* is a collection of Portuguese writing that is as rich in content and broad in scope as the diversity of its topics and writing modes of its contributors. The book is divided into three major parts. Part 1, "Different Cultural Perspectives of Portuguese Writing," contains thirteen chapters in which the first and opening one, "Portugal: The New Frontier" ably sets the stage for the book by examining from a cultural perspective how Portugal, a peripheral country in the new world system, serves as a microcosm of the problems of cultural intercommunication in today's world. Subsequent chapters are grouped in three categories: "The Voices of the Writers," "Critical Approaches to Cames," and "Fictionalizing the Nation." Part 2, "Portuguese Language and Literature Outside Portugal," comprises one section devoted to the Portuguese language in Africa, followed by studies about Portuguese discoveries as part of the historical process of remembering and forging one's identity, and finally a comprehensive historical development of Portuguese writing, both in Portuguese and English, in the United States. Part 3, "Portuguese Literature and Criticism Available in English: Suggested Readings" details the recent literary happenings which point to a possible

renaissance in Portuguese literary production. The concluding part of this volume offers a short, comprehensive listing of anthologies, general studies, and the most popular translations of the best of Portuguese writing from Portugal and Africa. This lively volume constitutes a first pioneering effort to contribute to a deepening appreciation and understanding of Portuguese writing. Anyone interested in ethnic writing will find this book an invaluable education resource with which to begin an exploration of Portuguese writing in the United States. Asela Rodriguez de Laguna is associate professor of Spanish and director of the Hispanic Civilization & Language Studies Program. She is the author of *Notes on Puerto Rican Literature: Images and Identities: An Introduction*, and editor of *Images and Identities: The Puerto Rican in Two World Contexts*.

**The Novel of Female Adultery** Bill Overton 2016-07-27 The novel of adultery is a nineteenth-century form about the experience of women, produced almost exclusively by men. Bill Overton's study is the first to address the gender implications of this form, and the first to write its history. The opening chapter defines the terms 'adultery' and 'novel of adultery', and discusses how the form arose in Continental Europe, but failed to appear in Britain. Successive chapters deal with its development in France, and with examples from Russia, Denmark, Germany, Spain and Portugal.

**Religious Orthodoxy and Popular Faith in European Society** Ellen Badone 2021-02-09 By examining the ongoing tension between popular and official religion in Europe, this collection of essays contributes significantly to the continuing effort to understand the religious experience of ordinary people. Ranging from the Mediterranean to northern Europe and including both Roman Catholic and Eastern Orthodox traditions, the ethnographic contexts evoked in these essays enable us to see people actively and creatively shaping their religious domain, sometimes in collaboration with official ritual specialists, often in open rebellion against them. The use of folklore texts and extensive narrative quotations, combined with an approach highlighting key symbols such as pilgrimages and festas, provides a common theoretical

orientation throughout the book one that considers how religious discourses are formed by social disciplines and relationships of power and subordination. This volume includes "Spirits and the Spirit of Capitalism" by Jane Schneider, "The Priest and His People: The Contractual Basis for Religious Practice in Rural Portugal" by Caroline B. Brettell, "The Struggle for the Church: Popular Anticlericalism and Religiosity in Post-Franco Spain" by Ruth Behar, "Pilgrimage and Popular Religion at a Greek Holy Shrine" by Jill Dubisch, "Breton Folklore of Anticlericalism" by Ellen Badone, "Stories of Power, Powerful Stories: The Drunken Priest in Donegal" by Lawrence J. Taylor, and "Reflections on the Study of Religious Orthodoxy and Popular Faith in Europe" by Stanley Brandes.

**Paula Rego's Map of Memory** Maria Manuel Lisboa 2017-10-23 This title was first published in 2003. The artist Paula Rego was born in Portugal but has lived in Britain since 1951. In this well-illustrated book, Maria Manuel Lisboa explores the background behind Rego's decision to leave the land of her birth and, in doing so, provides fascinating insights into Rego's persistent portrayal of uneasy and predatory relations between men and women. Looking back over the national, religious and sexual politics of Portugal during Rego's childhood under the shadow of the Salazar dictatorship and subsequently, Lisboa locates the origins of the artist's preoccupation with power and powerlessness, violence and abuse within the political and ideological status quo of Portugal, past and present. The author's clear and thoughtful analysis offers an ambitious contribution to the study of patriarchy, Catholicism and Fascism and their expression in the work of this artist.

**The Sin of Father Amaro** Eça de Queirós 1962

**A Postmodern Nationalist** Phillip Rothwell 2004 "This is the first book in the English language devoted to the study of the work of Mozambique's leading contemporary author, Mia Couto. Couto's fiction is riddled by a central paradox - it forges a distinct postmodern national identity for a country historically plagued by repeated and detrimental interference from abroad. Phillip Rothwell argues that Couto is a writer who eschews and reinforces the national frontier. In fact, Couto produces

a cultural phenomenon that is markedly Mozambican by corrupting aspects of the European legacy Portugal left on the African continent, fusing this distortion with a corrupted version of African heritage, and demarcating literary boundaries through fluidity." "The book details Couto's life and literary trajectory, and interprets essential aspects of Mozambican political and cultural history before undertaking a range of analyses of his work. The postmodern relativization of the concept of a unitary truth furnishes the springboard for an interrogation of what "truth" has meant to Mozambique as exemplified in Couto's texts. The paradoxes inherent in the politics of orthography are scrutinized in Couto's universe to illustrate the aporia prevalent in an atavistic reclaiming of a pre-Portuguese system of writing. Rothwell then engages with the moral meaning of orality and literacy in the tradition Couto both defies and defines, to demonstrate Couto's simultaneous disavowal of misogynistic and graphophile epistemologies. The manners in which Couto breaches the frontier between the conscious and unconscious realms and blurs gender distinctions are read alongside traditional delineations in order to understand the extent to which Couto's message is radically political. Rothwell concludes with a reading of one of Couto's most potent works in which, through an empowering attack on the United Nations' invasion of Mozambique, Couto enjoins his fellow nationals to begin to resist the postmodern age." "Couto's ambivalent use of the tropes of postmodernism are discussed throughout the book, particularly the way in which it has evolved into a political agenda that is fiercely Mozambican. Rothwell demonstrates Couto's reevaluation of Grand Narratives and shows how, in the case of the Mozambican culture of today, postmodernism has become the only Grand Narrative left worth critiquing." "Rothwell explores a broad cross-section of Couto's literary output, from his early short stories to his more recent novels. He places these within the context of a Mozambican and wider lusophone cultural backdrop, providing essential reading and source of reference for all interested in contemporary Portuguese, African, and world literatures."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. *A Canon of Empty Fathers* Phillip Rothwell 2007 *A Canon of Empty Fathers: Paternity in Portuguese Narrative* is the first book-length study that analyzes the repeated and peculiar deployment of the father figure in Portuguese narratives from the nineteenth century to the present day. In it, Phillip Rothwell argues for a specifically Portuguese tendency toward what he terms empty paternity - a corruption of the Lacanian paternal function that has surfaced continuously in Portuguese culture from the fifteenth century onward.

*Spain and Portugal* Julia Ortiz Griffin 2007 Serves as a reference guide for any student interested in the modern history of Spain and Portugal. **The Sin of Father Amaro** Eça de Queirós 1994 Shows the author as an acute observer of life in a provincial cathedral city and a sharp critic of the clerical establishment, moved by the predicament of women - tightly swaddled in conformities yet fevered in their imaginations in the illusions of romance.

**The Mandarin, and Other Stories** Eça de Queirós 1965

Nationalism and the Nation in the Iberian Peninsula Clare Mar-Molinero 2020-08-20 Nationalism has recently been the focus of considerable interest, but relatively little is known about nation-building and competing identities in Spain and Portugal. In examining the roots of Iberian nationalism, and the conflicts and tensions which have come to the fore in the twentieth century, this timely collection offers a broad interdisciplinary base and socio-historical context through which to understand the region's nationalist challenges. Topics include:- how nationalism is constructed and used as a tool by political groups;- how language is used as a nationalist emblem; and- how cultural representations of nationalism manifest themselves at both a popular level and at the level of elites. This book will provide a welcome addition to Iberian studies and invaluable insights for students and specialists alike.

**Diversions and Animadversions** Alexander Coleman 2017-07-28 This volume contains nearly all the criticism that Alexander Coleman wrote for *The New Criterion* between 1994 and 2003. A specialist in Spanish, Portuguese, and Latin American literature, Coleman was also a superb essayist on music, and his wide erudition, as revealed in these writings, demonstrates an easy mastery of the entire modernist tradition.

*Diversions and Animadversions* is divided into three parts. The first

contains Coleman's literary essays including a lengthy piece on Eça de Queirós, the great master of Portuguese realism, and shorter pieces on the Argentinian writer and Borges disciple, Adolfo Bioy Casares, as well as a review of the most recent translation of the poetry of Federico Garcia Lorca. Coleman's greatest passion, however, was for music, and part two contains essays, concert and book reviews, and reports on the cultural situation of music. Among the subjects examined here are the operas of Schoenberg, Berg, Richard Strauss, the recently published letters of Toscanini, the music criticism of Virgil Thomson, the fluctuating critical reputation of Jean Sibelius, and the authentic performance practice movement, along with considerations of such instrumentalists as Sviatoslav Richter and Alicia de Larrocha. The book concludes with Coleman's travel writings, which are both evocative mood pieces and incisive social and political commentary. Graced with personal appreciations by Roger Kimball and Denis Donoghue, this volume encapsulates the work of a writer of rare wit, capacious learning, and eager, if gently ironical, curiosity.

Reproductive Rights Issues in Popular Media Waltraud Maierhofer 2017-06-23 "No woman can call herself free who does not own and control her body." Almost a century after Margaret Sanger wrote these words, women's reproductive rights are still hotly debated in the press and among policymakers, while film, television and other media address issues of birth control and abortion to global audiences. This collection of new essays brings fresh perspectives to the study of family planning, contraception and abortion with a focus on their representation in popular media. Topics include dramas of adoption and abortion, telling the story of the pill, Sanger's depiction in entertainment media, and a controversy about demographic developments stirred by Carl Djerassi, also known as "the father of the pill."

*Figures of the World* Christopher Laing Hill 2020-07-15 *Figures of the World: The Naturalist Novel and Transnational Form* overturns Eurocentric genealogies and globalizing generalizations about “world literature” by examining the complex, contradictory history of naturalist fiction. Christopher Laing Hill follows naturalism’s emergence in France and circulation around the world from North and South America to East Asia. His analysis shows that transnational literary studies must operate on multiple scales, combine distant reading with close analysis, and investigate how literary forms develop on the move. The book begins by tracing the history of naturalist fiction from the 1860s into the twentieth century and the reasons it spread around the world. Hill explores the development of three naturalist figures—the degenerate body, the self-liberated woman, and the social milieu—through close readings of fiction from France, Japan, and the United States. Rather than genealogies of European influence or the domination of cultural “peripheries” by the center, novels by Émile Zola, Tayama Katai, Frank Norris, and other

writers reveal conspicuous departures from metropolitan models as writers revised naturalist methods to address new social conditions. Hill offers a new approach to studying culture on a large scale for readers interested in literature, the arts, and the history of ideas.
