The Bridal Chair Gloria Goldreich 2015-03-03 "In prose as painterly and evocative as Chagall's own dazzling brushstrokes, Gloria Goldreich finely evokes one of the most significant masters of modern art through the discerning eyes of [his] loyally protective daughter."—Cynthia Ozick, award-winning author of *Foreign Bodies* Beautiful Ida Chagall, the only daughter of Marc Chagall, is blossoming in the Paris art world beyond her father's controlling gaze. But her newfound independence is short-lived. In Nazi-occupied Paris, Chagall's status as a Jewish artist has made them all targets, yet his devotion to his art blinds him to their danger. When Ida falls in love and Chagall angrily paints an empty wedding chair (The Bridal Chair) in response, she faces an impossible choice: Does she fight to forge her own path outside her father's shadow, or abandon her ambitions to save Chagall from his enemies and himself? Brimming with historic personalities from Europe, America and Israel, *The Bridal Chair* is a stunning portrait of love, fortitude, and the sharp divide between art and real life. "Only Gloria Goldreich could write a novel so grounded in historical truths yet so exuberantly imaginative. *The Bridal Chair* is Goldreich at her best, with a mesmerizing plot, elegant images, and a remarkable heroine who...will remain with you long after the last page."—Francine Klagsburn, Jewish Week columnist and acclaimed author of *Voices of Wisdom*

THE CATSPAW GEORGE O. SMITH 2023-06-19 Thomas Barden slept fitfully. The dream was not nightmare, but it was annoying. It was like the important thought that does not quite struggle up through into consciousness but which remains unformed though the mind is aware of the hidden importance. It was like trying to read small print through a silk screen or to see fine detail through a sheet of florentine glass.

Warlock Andre Norton 2002-02-01 Witches Rule on Warlock! Andre Norton called by Time the "Grande Dame of science fiction," has created one of the most memorable worlds in SF in the planet humans call Warlock, secretly ruled by the matriarchal Wyverns, an alien race of witches who are masters of mental illusions and dreams. In a sweeping generational saga, the story of Warlock is told by three humans: Shann Lontee was the lowest-ranking member of an exploration team sent to the newly discovered planet Warlock. When the insectile Throgs attacked the base, only he and two trained wolverines escaped. Hunted by the Throgs, he and the wolverines had to survive without technology on an alien world. Then he discovered the Wyvern, who were his only hope-if they weren't an even more deadly menace than the Throgs . . . Charis

Nordholm was sold into slavery by the outlaw colony on the planet Demeter. The trader, Jagon, who holds her contract, was on his way to Warlock to trade with the Wyvern. But the alien witches had ominous plans of their own, and both Charis and Shann Lantee found themselves fighting for their lives . . . Ziantho's mental powers had made her a valuable asset to the interstellar criminals she worked for. Then she encountered a gem of ancient power, an artifact made by the vanished prehistoric race known as the Forerunners, and stole it. Pursued both by the stone's owners and the agents of the Patrol, she fled across the galaxy and encountered Ris Lantee, a man from the planet Warlock, who alone could solve the powerful gem's mystery At the publisher's request, this title is sold without DRM (Digital Rights Management).
