The Short Story Valerie Shaw 2014-07-21
Throughout this text, Valerie Shaw addresses

two key questions: 'What are the special satisfactions afforded by reading short stories?' and 'How are these satisfactions derived from each story's literary techniques and narrative strategies?'. She then attempts to answer these

The Short Fiction Of Mary E Wilkins Freeman And Sarah Ornejewett A Signet Classic

questions by drawing on stories from different periods and countries - by authors who were also great novelists, like Henry James, Flaubert, Kafka and D.H. Lawrence; by authors who specifically dedicated themselves to the art of the short story, like Kipling, Chekhov and Katherine Mansfield; by contemporary practitioners like Angela Carter and Jorge Luis Borges; and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris.

Tomboys Michelle Ann Abate 2008-06-28

Starting with the figure of the bold, boisterous girl in the mid-19th century and ending with the "girl power" movement of the 1990's, *Tomboys* is the first full-length critical study of this gender-bending code of female conduct. Michelle Abate uncovers the origins, charts the trajectory, and traces the literary and cultural transformations that the concept of "tomboy" has undergone in the United States. Abate focuses on literature including Louisa May Alcott's *Little Women* and Carson McCullers's *The Member of the Wedding* and films such as Peter Bogdanovich's *Paper Moon* and Jon Avnet's *Fried Green Tomatoes*. She also draws on lesser-known texts like E.D.E.N. Southworth's once wildly popular 1859 novel *The Hidden Hand*, Cold War lesbian pulp fiction, and *New Queer Cinema* from the 1990s. *Tomboys* also explores the gender and sexual dynamics of tomboyism, and offers intriguing discussions of race and ethnicity's role in the construction of the enduring cultural archetype. Abate's

insightful analysis provides useful, thought-provoking connections between different literary works and eras. The result demystifies this cultural phenomenon and challenges readers to consider tomboys in a whole new light.

Bayou Folk Kate Chopin 2022-07-19 A wide-ranging collection from classics of fiction tales to humorous sketches to romances, these short stories, with their interesting and diverse characters, have something for everyone.

'Desiree's Baby' deals with mixed-race children, with a surprise ending that subtly questions the feelings of racial superiority. 'La Belle Zoraide' is about the cruelty of slaveholders in trying to arrange a marriage between a creole beauty and a mulatto she doesn't love. 'A Lady of Bayou St. John' tells the tale of a young married woman in a lonely marriage who is attracted to another man and believes she will go "anywhere, anywhere" with him. You may well find yourself curled up on your sofa one evening reading all these great stories in one sitting! Kate Chopin

(1850-1904), born Katherine O'Flaherty, was an American writer of novels and short stories mostly set in the 19th-century American South. Her works deal with themes of the female psyche and women's limited life opportunities in the Victorian era, often in a naturalist style. She was considered controversial in her time, but is now praised as a pioneer of 20th-century feminist American literature. Her most famous works include the novel 'The Awakening' (1899), which explores themes of rebellion against femininity and motherhood at the turn of the 20th century. Adaptations of this title include Grand Isle (1991) starring Kelly McGillis and Adrian Pasdar, and The End of August (1981).

Like other females of her period, she received too little recognition for her original prose style and social critiques. Thanks to Song of a Maverick, we hear Mary Austin's voice more clearly and appreciatively." —Carol J. In this excellent biography...[Lanigan] chose to focus on a few central relationships in Austin's life, to explore in some depth a few central texts, and to understand the interior life of her subject. She has done a splendid job." —Ann J. Lane in the

Lectures on American literature Quinn, Justin 2011-10-01 The first edition of this book, published in 2002, aimed to complete the study material for our students of American literature. The third edition strives to emphasize this aspect while expanding and deepening the general overview as well as including other important movements and authors. The

exposition of the 20th century underwent major changes: the scholars added new texts while supplementing the older ones to comply with the development of critical and academic approaches. The book is written to the point and in comprehensible language, corresponding with the ambition to present and explain the development of one of the most interesting world literatures to university students. *Becoming Canonical in American Poetry* Timothy Morris 1995

Tracing Arachne's Web Kristin M. Bloomberg 2009-09 "I am particularly impressed with Bloomberg's insights about the ways in which women writers' urge to harness the power of women's myths has to some extent been aroused by historical forces. . . . She explains that women's desire to reinvent their identities requires that women writers take over the narrative tools (such as mythic allusions) provided them by male writers and use those tools to build their own textual 'house.'"--Mary

Lowe-Evans, University of West Florida Tracing Arachne's Web examines the use of myth in works by American women novelists of the late 19th and early 20th centuries, showing how both classical allusions and ethnic folk myth liberated these writers and enabled them to understand and experience their social and economic worlds. Using the metaphor of Demeter and Persephone as her framework, Kristin Mapel Bloomberg identifies a cycle in women's fiction that moves from the utopian world of Demeter's garden in the late 19th century to the experience of isolated women in the patriarchal underworld of literary modernism. Examining the works of Sarah Orne Jewett, Emma D. Kelley-Hawkins, Onoto Watanna (aka Winnifred Eaton), Alice Dunbar-Nelson, Edith Wharton, and Djuna Barnes, she develops a model of women's writing that ties these writers' fascination with the occult and Greek mythology to T. S. Eliot's notion of the "mythical method." Drawing from history and popular culture, she demonstrates

how women of color responded to many of the same cultural currents as white writers. She does this, moreover, by analyzing the coded strategies followed by women of color to get their books into print, without collapsing race into gender issues. Invariably provocative, Bloomberg's writing creates a picture of female power in turn-of-the-century American fiction in which women writers turned to alternative spiritual ideologies and occult philosophies to investigate tensions between racism, sexism, and classicism. This book will appeal to scholars in American studies, literary criticism, women's studies, and cultural studies. Kristin M. Mapel Bloomberg, associate professor of English and women's studies at Hamline University in St. Paul, Minnesota, holds the Hamline University Chair in the Humanities and is also Director of the Women's Studies Program.
