The Medium Next Door Maureen Hancock
2011-05-02 At just five years old, Maureen Hancock discovered her ability to communicate with the dead. Descended from a long line of legendary Irish mystics, she was no stranger to the spiritual realm, but for fear of being misunderstood by her friends and family she kept the otherworldly messages to herself, eventually suppressing them completely. Maureen wouldn't hear the spirits again until she was in a near-fatal car crash. Soon after, she had hundreds of voices in her head, many of which helped her crack cases and expose fraud in her role as a litigation paralegal at a large Boston law firm. Then, when tragedy struck on 9/11, Maureen was bombarded with messages from the spirit world. As each one made contact with her, she finally came to terms with her calling: to communicate with the deceased, assist the dying, search for missing children, and teach the living about life after death, all the while raising her children in her suburban home. Maureen Hancock is literally is the Medium Next Door, and in this book and through her stories of her encounters with the otherworld as well as guided exercises at the conclusion of each chapter, she offers the same comfort and wisdom she shares in her healing encounters and lectures about what is out there waiting for all who are open to its mysteries. . . .

Kids Who See Ghosts Caron B. Goode
2010-06-01 Nothing frightens a parent more than feeling totally helpless when their child reports, "I'm scared. There's a ghost in my room. I won't sleep there." Onerous questions come to mind, "Is my kid nuts? Am I nuts for believing them? How can I help with something invisible? How am I supposed to fight a phantom?" For the first time, Kids Who See Ghosts provides the answers to these questions, and offers adults guidance in tackling the subject with children. The highly intuitive child is empathic, psychic, or sensitive and can see ghosts. Parental responses to such events range from abject fear, to supporting their child, being unable to act, to visiting doctors and therapists. This guide bridges the gap from mainstream to the metaphysical, providing answers and guidance. It doesn't matter whether parents believe in ghosts to know how to help children through frightening experiences. Goode challenges readers to open their minds for the journey through ghost tales and to learn empowerment strategies for their kids. Kids Who See Ghosts includes interviews with experts from diverse backgrounds, from Dr. Bruce Lipton to Lynn Andrews, from science to shamanism, to give a well rounded perspective on our perception of the afterlife, intuition, psychic abilities, and belief.

Sedona, Psychic Energy Vortexes Dick Sutphen 2022-05-31 Renowned psychic researcher Dick Sutphen reveals everything readers need to know about Sedona, a hot spot of powerful cosmic energies that can call in spiritual visions, past-life experiences, and healing. "Sedona, Arizona—a place of awesome beauty and an extraordinary energy that is felt by every person wandering through its red-rock canyons. The first time I saw Sedona, in 1969, I knew this was a special place, not only because of its magnificent beauty but because of an undeniable spiritual vibration emanating throughout the area. Over the years I've become convinced, through my own experiences and the experiences of others, and through extensive research and investigation, that the psychic energy here is greater than anywhere else in the country." Thousands of people have had incredible metaphysical experiences in Sedona, including direct contact with spirits, visions, and manifestations. Sedona lies on ley lines connecting to Stonehenge and other spiritual power places in the world, and is surrounded by four powerful energy centers, or vortexes, all within a few miles of each other. In this book, you will learn how the vortexes are charged and how they can affect you. You will hear firsthand testimonials from people who have explored the vortexes, and remarkable stories describing their profound, life-changing encounters. Complete directions to find each vortex are also included, as well as important warnings and safeguards you need to be aware of before exploring. You will learn how to test the energy, then activate and expand it to maximize the psychic potentials of your own vortex experience. Foreword by Colette Baron-Reid

Man and His Symbols Carl G. Jung 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just

as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

Chi and Creativity Elise Dirlam Ching 2014-01-14 Most people tend to idealize artists, writers, and others of the “creative class” as uniquely gifted. But the capacity to create is part of being human—whether that means writing, making art, cooking, gardening, sewing, dancing, acting, singing, or virtually any activity. In *Chi and Creativity*, Kaleo Ching and Elise Dirlam Ching show readers how to use a wide range of strategies to harness the energy of chi to uncover, and cultivate, that often elusive

inner artist. Based on their popular workshops, the authors offer an integrative process to generate the joy, wonder, and sense of well-being necessary for artistic self-expression. Specific exercises draw on everything from acupressure and breathing techniques to Chi Kung movement and meditation. Through Chi Awareness, the body, mind, emotions, and spirit come into greater harmony. Through guided imagery, they dialogue. Through journaling, they speak. Through art, they join in creative expression of the inner discoveries along the path to greater balance and integration. *Chi and Creativity* is the authors’ way of sharing this magical transformative process and can be used by anyone who wants to add fuel to their creative fires.

Children's Past Lives Carol Bowman 2012-02-01
Has your child lived before? In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize. Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield—an account so accurate it was authenticated by an expert historian. Even more astonishing, Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory. Inspired by Chase's dramatic healing, Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives, spontaneously and naturally. In *Children's Past Lives*, she tells how to distinguish between a true past life memory and a fantasy, offers practical advice to parents on how to respond to a past life memory, and shows how to foster the spiritual and healing benefits of these experiences. Perhaps the most moving, convincing, and best-documented evidence yet for life after death, *Children's Past Lives* will stand alongside the classics of Betty J. Eadie, Raymond Moody, and Brian Weiss in its power to comfort, uplift, and transform our thinking about life after death
