Renegotiating Health Care Leonard J. Marcus 2011-07-20 Renegotiating Health Care Since the first edition of Renegotiating Health Care was published in 1995, new treatments, technologies, business models, reimbursement methods, and regulations have tangibly transformed the substance of health care negotiation. This thoroughly revised and updated edition of Renegotiating Health Care offers a practical guide to negotiation and conflict resolution in the health care field. It explores why unresolved conflict can hamper any organization's ability to make timely, cost-effective decisions and implement new strategies. The book focuses on the complex interactions between those who deliver, receive, administer, and oversee health care. It defines negotiation techniques and conflict resolution approaches that can improve efficiency, quality of care, and patient safety. Renegotiating Health Care outlines strategies and methods to resolve the myriad thorny issues encompassing the health care enterprise. It should be required reading for students and professionals in health services management, clinicians, leaders, policy makers, and conflict resolution experts working in the health care field.

Praise for Renegotiating Health Care "An outstanding book! I learned their principles of meta-leadership while at the CDC and continue to use them at ABC News. This book is a must for anyone in leadership: practical, intuitive, and priceless." —Richard E. Besser, MD, chief health and medical editor, ABC News "This book is a must-read to assist today's health professional navigate the ever-changing health care delivery system. Leadership will be the key to success." —Pat Ford-Roegner, RN, MSW, FAAN, senior health consultant and former CEO, American Academy of Nursing

Heart of Palms Meredith W. Cornett 2014-03-15 Heart of Palms is a clear-eyed memoir of Peace Corps service in the rural Panamanian

village of Tranquilla through the eyes of a young American woman trained as a community forester. In the storied fifty-year history of the US Peace Corps, Heart of Palms is the first Peace Corps memoir set in Panama, the slender isthmus that connects two continents and two oceans. In her memoir, Meredith Cornett transports readers to the remote village of Tranquilla, where dugout canoes are the mainstay of daily transportation, life and nature are permeated by witchcraft, and a restful night's sleep may be disturbed by a raiding phalanx of army ants. Cornett is sent to help counter the rapid deforestation that is destroying the ecosystem and livelihoods of the Panama Canal watershed region. Her first chapters chronicle her arrival and struggles not only with the social issues of language, loneliness, and insecurity, but also with the tragicomic basics of mastering open-fire cookery and intrusions by insects and poisonous snakes. As she grows to understand the region and its people, her keen eye discerns the overwhelming scope of her task. Unable to plant trees faster than they are lost, she writes with moving clarity about her sense of powerlessness. Combating deforestation leads Cornett into an equally fierce battle against her own feelings of fear and isolation. Her journey to Panama becomes a parallel journey into herself. In this way, Heart of Palms is much more than a record of her Peace Corps service; it is also a moving environmental coming-of-age story and nuanced meditation on one village's relationship to nature. When she returns home two years later, Cornett brings with her both skills and experience and a remarkable, newfound sense of confidence and mission. Writing with rueful, self-deprecating humor, Cornett lets us ride along with her on a wave of naïve optimism, a wave that breaks not only on fear and intimidation, but also on tedium and isolation. Heart of Palms offers a bracing alternative to the romantic idealism common to Peace Corps memoirs and will be valued as a welcome addition to writing about the Peace Corps and environmental service.
