Melbourne, Victoria & Tasmania Holly Smith 2010-09-14 The author, a native Australian, covers everything you might want to know about Australia - guaranteed! The places to stay, from budget to luxury, rentals to B&Bs, the restaurants, from fast food to the highest

quality, the beachwalks and bushwalks, the wildlife and how to see it, exploring the country by air, on water, by bike, and every other way. Following are a few excerpts from the guide: The gathering of landscapes within the compact state of Victoria seem as if a giant had taken different pieces from around the continent, squashed them together and shaken them up, and then tossed them to let them fall where they may. The awesome, wave-lashed coastal edges are among the state's classic sights, with crumpled pillars of orange rock stacked tall out in the water. Where the shores aren't rough, the beaches are silky and white, as soft and tame as a kitten, with cold but gentle waters. Behind this edge are thick patches of temperate rainforests leading up into drier locales, including inland deserts, an unmade bed of mountain foothills and folds, and smooth river marshes and plains. You'd never expect that much of the terrain here was once actually volcanic, resulting in wild peaks, bluffs, and valleys throughout the center.

There's 227,600 sq km of land in the state, and the Great Dividing Range arches through the center of it, with major collections of peaks in the Dandenongs and Macedons. The highest summits are in the east, at 1,986-m (6,514-ft) Mt. Bogong and 1,922-m (6,304-ft) Mt. Feathertop, and snowfields are found throughout the northeastern Australian Alps from June to September. Hemming in the land are 1,800 km (1,116 mi) of coastlines along the Bass Strait and the Southern Ocean, with Melbourne and Geelong fronting the central cut inland to Port Phillip Bay. This is a cool state, akin to the Pacific Northwest or the lower New England states of the U.S., with warm summers but chilling, wet winters. Some regions do dip below freezing, namely the northeastern mountains, while the Gippsland highlands in the east and the western Otway Ranges see more rain than anywhere else. Skip a couple hours south or west and you'll hit the arid Mallee region, and the Little Desert and Big Desert

national park areas. Farmlands fill in the gaps, where orchards and vineyards are filled with apples, grapes, oranges, and other citrus fruits. Main crops are grains and vegetables, the fields fronting huge dairy farms or sheep and cattle ranches. Tasmania is offshore from Victoria. The name "Tasmania" is one of the world's most intriguing, and it rightfully sounds such as one of the most fascinating places on earth. And, yes, it's a heck of a journey to reach this offshore Australian state - but once you're here, if you're adventurous, you won't want to leave. Indeed, the island state of Tasmania is ripe for adventure. A heart-shaped, mountainous landmass 298 km (185 mi) southeast of the main Australian continent, it's covered with forests, threaded with rivers, and edged by wild, rugged beaches and bays. Its wilderness comprises an international Heritage Site of its own, filled with some of the world's oldest and most unusual plants, animals that are found nowhere else on earth, rock formations that span every

geological era, and among the longest underground tunnels ever found. The capital of Hobart, where almost half the island's residents live, is tucked into the southeastern edge, and the sleepy northern ferry town of Devonport brings in visitors from the mainland. No one ventures far, though, which leaves the majority of the island open to exploring and free of crowds, even at the loveliest of national wonders such as Tasman National Park in the southeast, Freycinet National Park in the east, and Franklin-Gordon Wild Rivers National Park in the west.

Landscape, Place and Culture Deb Narayan Bandyopadhyay 2011-01-18 This collection of essays takes an interdisciplinary approach to the ecological, social, economic and, in particular, the cultural dimensions of the Australia-India relationship. The essays provide many levels of focus on environment, place and culture. Some evoke appreciation of particular "places," either

in India or Australia. Many explore how literature has treated "landscape," while some are comparative studies of cultural, historical and political development. The essays arise from a particular gathering of scholars: The East India chapter of the Indian Association for the Study of Australia (IASA) held its inaugural international conference in Kolkata on 22-23 January 2009. Much of the work is comparative, exploring common Indian and Australian themes of colonial and postcolonial experience, implications of migration and diaspora, and shared language and literature. The work also explores shared environmental crisis, manifest in landscapes such as the Mouths of the Ganges and Australia's Murray Darling Basin. Such comparisons indicate our shared experience of the "crisis" of ecological, social, economic and cultural sustainability. As human future is colonized through environmental degradation, and determined by human migration and shared culture and values, our relationship to "place" is

revitalized and reassessed. We seek simultaneously a reconciliation between humans and a realignment of the human-nature relationship. This is the most basic meaning of social and ecological sustainability.

Hello, Beautiful! Hannie Rayson 2015-02-25 A memoir in parts, from one of Australia's best-loved playwrights. Hannie Rayson - writer, mother, daughter, sister, wife, romantic, adventuress, parking-spot optimist - has spent a lifetime giving voice to others in the many roles she has written for stage and television. In her new book, she shines the spotlight on herself. This collection of stories from a dramatic life radiate with the great warmth and humour that has made Hannie one of the best-known playwrights in the country. From a childhood in Brighton to a urinary tract infection in Spain, from a body buried under the house to a play on a tram, *Hello, Beautiful!* captures a life behind

the scenes - a life of tender moments, hilarious encounters and, inevitably, drama. Hannie Rayson is a playwright and screenwriter. Her works - including *Hotel Sorrento*, *Inheritance* and *Life After George* - have been performed around Australia and internationally. She has been awarded two Australian Writers' Guild Awards, four Helpmann Awards, two NSW Premier's Literary Awards and a Victorian Premier's Literary Award. Her play *Life After George* was the first play to be nominated for the Miles Franklin Literary Award. Hannie lives in Melbourne. 'So beautifully written, so funny, so insightful and so obviously written by a warm and appealing human being.' David Williamson 'Smart, witty, warm, self effacing and hilarious. Each chapter is a shining gem—a passionate view, a formative experience, a mortifying anecdote. Hannie Rayson's insight, honesty and ear for dialogue as one of Australia's foremost playwrights is beyond dispute. Here she turns her talents to memoir and those closest to her

with results so disarming and entertaining I didn't want it to end.' Kat Stewart 'Hannie paints with vivid colours. Her development as a writer and a woman is richly portrayed, with all the shades of intense feeling and emotion that her dramatic characters share spilling from the page in a riot of evocative memories. Hello, Beautiful! is as nourishing and delicious as home-made soup.' Noni Hazlehurst 'Hannie's writing shows the extraordinary truth of ordinary life—that it is, in fact, anything but ordinary. I was glued to this delightful book.' Sigrid Thornton 'Think of this as bottled sunshine....her anecdotes about family, friends and the community she belongs to, are told with perfect comic timing and one of the most acute ears in the business for dialogue.' Caroline Baum, Booktopia Buzz 'This is a book that welcomes readers generously into its author's secure and stimulating private world - and makes us wish, as we reluctantly close the final chapter, that we could be there for real.'

Adelaide Advertiser 'A book of beautifully crafted, free-flowing vignettes that illuminates with warmth and humour.' Australian 'Every chapter tickles.' Country Living 'Rayson's vignettes are perfectly constructed and she is a virtuoso of self-deprecating humour.' Sydney Morning Herald 'With her coolly curious eye and facility for dialogue, Rayson has chronicled key moments in the nation's social history...Hello, Beautiful! is a scrapbook of Rayson's family foibles, thoughts and simple dreams.' Big Issue 'It was a pleasure to read such a refreshing take on the genre of memoir, written with skill, warmth and optimism. Like every good theatrical experience, you are left wanting more.' Good Reading 'Beautifully structured and articulated, not to mention hilarious....Rayson reels you in with her storytelling.' Australian Book Review 'An easy, entertaining read, written in a chatty, friendly, open style.' Starts at Sixty

The Victorian Reports 1902

Young People and the Shaping of Public Space in Melbourne, 1870-1914 Simon Sleight
2016-02-11 Baby booms have a long history. In

1870, colonial Melbourne was 'perspiring juvenile humanity' with an astonishing 42 per cent of the city's inhabitants aged 14 and under - a demographic anomaly resulting from the gold rushes of the 1850s. Within this context, Simon Sleight enters the heated debate concerning the future prospects of 'Young Australia' and the place of the colonial child within the incipient Australian nation. Looking beyond those institutional sites so often assessed by historians of childhood, he ranges across the outdoor city to chart the relationship between a discourse about youth, youthful experience and the shaping of new urban spaces. Play, street work, consumerism, courtship, gang-related activities and public parades are examined using a plethora of historical sources to reveal a hitherto hidden layer of city life. Capturing the voices of young people as well as those of their parents, Sleight alerts us to the ways in which young people shaped the emergent metropolis by appropriating space and attempting to impress

upon the city their own desires. Here a dynamic youth culture flourished well before the discovery of the 'teenager' in the mid-twentieth century; here young people and the city grew up together.
