**Secret Agent X-9** Dashiell Hammett 2011-04-19 When Secret Agent X-9 premiered in January 1934, King Features could proudly boast that its new adventure strip was written by the world's most famous mystery writer — Dashiell Hammett, the man who virtually invented the hard-boiled detective in such novels as *The Maltese Falcon*, *The Thin Man*, and *Red Harvest*. The artist chosen was less well-known — at this point, Alex Raymond was merely an uncredited assistant on Tim Tyler's *Luck* and the humor strip *Blondie* — but 1934 was the turning point in Raymond's career. From that cold January forward, Alex Raymond would become as famous as Hammett, thanks to his Sunday comics double-header, *Flash Gordon* and *Jungle Jim*. The *Secret Agent X-9* strip was a dailies-only serial. This volume collects the complete Hammett/Raymond strips, plus

the subsequent stories by Raymond and Leslie Charteris, famous himself for "The Saint" novels, as well as the Charteris stories drawn by Charles Flanders. Included are strips from January 22, 1934 through October 31, 1936.

**Special Agent Man** Steve Moore 2012-08-01 For decades, movies and television shows have portrayed FBI agents as fearless heroes leading glamorous lives, but this refreshingly original memoir strips away the fantasy and glamour and describes the day-to-day job of an FBI special agent. The book gives a firsthand account of a career in the Federal Bureau of Investigation from the academy to retirement, with exciting and engaging anecdotes about SWAT teams, counterterrorism activities, and undercover assignments. At the same time, it challenges the stereotype of FBI agents as arrogant, case-stealing, suit-wearing stiff with representations of real people who carry badges and guns. With honest, self-deprecating humor, Steve Moore's narrative details his

successes and his mistakes, the trauma the job inflicted on his marriage, his triumph over the aggressive cancer that took him out of the field for a year, and his return to the Bureau with renewed vigor and dedication to take on some of the most thrilling assignments of his career. Steve Moore is a former agent of the Federal Bureau of Investigation who had assignments as a SWAT team operator, sniper, pilot, counterterrorist, and undercover agent. He received multiple awards from the Department of Justice before his retirement in 2008, has written two episodes for an FBI-themed TV series, and is a regular commentator for Headline News. He lives in Thousand Oaks, California.

consul in 1853, he was young and full of ambition, but even he couldn't have imagined the incredible role he would play in the history-making events to unfold. In an age when diplomats often were spies, Bunch's job included sending intelligence back to the British government in London. Yet as the United States threatened to erupt into Civil War, Bunch found himself plunged into a double life, settling into an amiable routine with his slavery-loving neighbors on the one hand, while working furiously to thwart their plans to achieve a new Confederacy. As secession and war approached, the Southern states found themselves in an impossible position. They knew that recognition from Great Britain would be essential to the survival of the Confederacy, and also that such recognition was likely to be withheld if the South reopened the Atlantic slave trade. But as Bunch meticulously noted from his perch in Charleston, secession's red-hot epicenter,

that trade was growing. And as Southern leaders continued to dissemble publicly about their intentions, Bunch sent dispatch after secret dispatch back to the Foreign Office warning of the truth—that economic survival would force the South to import slaves from Africa in massive numbers. When the gears of war finally began to turn, and Bunch was pressed into service on an actual spy mission to make contact with the Confederate government, he found himself in the middle of a fight between the Union and Britain that threatened, in the boast of Secretary of State William Seward, to “wrap the world in flames.” In this masterfully told story, Christopher Dickey introduces Consul Bunch as a key figure in the pitched battle between those who wished to reopen the floodgates of bondage and misery, and those who wished to dam the tide forever. Featuring a remarkable cast of diplomats, journalists, senators, and spies, *Our Man in Charleston* captures the intricate, intense relationship

between great powers on the brink of war.

**The Shadow Catcher** Hipolito Acosta 2012-04-17 In this gritty exposé, a firsthand look inside U.S. undercover operations targeting the immigrant smuggling, counterfeiting, and drug rings of Mexico's dangerous mafia. Living under an assumed identity and risking his life were all in a day's work for U.S. Government Agent Hipolito Acosta. He worked regularly in high-stakes undercover

operations infiltrating Mexico's murderous immigrant smuggling rings and drug cartels. Acosta's investigations are legendary, both inside law enforcement and the crime cartels he helped neutralize. He had himself smuggled from Mexico to Chicago with a truckload of poor immigrants; worked his way into the confidences of a gang of international counterfeiters; socialized with some of Mexico's most vicious drug lords; arrested a female smuggler by luring her across the U.S. border for an amorous rendezvous; and was the target of multiple murder plots by the criminals he put in jail. For three decades, Hipolito Acosta's work routinely made national headlines, and he quickly gained a reputation as a daring crime fighter who used his intelligence and audacity to stay one step ahead of those who would kill him if his cover were ever blown. Acosta's stories read like chapters from a page-turning crime novel, but *The Shadow Catcher* is more than a front-

Secret Agent of Japan Amleto Vespa 1941

Crime and Spy Jazz on Screen, 1950-1970 Derrick Bang

2020-04-02 Henry Mancini's Peter Gunn theme. Lalo Schifrin's Mission: Impossible theme. John Barry's arrangement of the James Bond theme. These iconic melodies have remained a part of the pop culture landscape since their debuts in the late 1950s and early '60s: a "golden decade" that highlighted an era when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents, private detectives, cops, spies and heist-minded criminals.

Hundreds of additional films and television shows made during this period were propelled by similarly swinging title themes and underscores, many of which have (undeservedly) faded into obscurity. This meticulously researched book traces the embryonic use of jazz in mainstream entertainment from the early 1950s--when conservative viewers still considered this genre "the devil's music"--to its explosive heyday throughout the 1960s. Fans frustrated by the lack of attention paid to jazz soundtrack composers--including Jerry Goldsmith, Edwin Astley, Roy Budd, Quincy Jones, Dave Grusin, Jerry Fielding and many, many others--will find solace in these pages (along with all the information needed to enhance one's music library). The exploration of action jazz continues in this book's companion volume, *Crime and Action Jazz on Screen Since 1971*.
