The Search for a Socialist El Dorado Alexey Golubev 2014-04-01 In the 1930s, thousands of Finns emigrated from their communities in the United States and Canada to Soviet Karelia, a region in the Soviet Union where Finnish Communist émigrés were building a society to implement their ideals of socialist Finland. To their new socialist home, these immigrants brought critically needed skills, tools, machines, and money. Educated and skilled, American and Canadian Finns were regarded by Soviet authorities as agents of revolutionary transformations who would not only modernize the economy of Soviet Karelia, but also enlighten its society. North American immigrants, indeed, became active participants of socialist colonization of what Bolshevik leaders perceived as dark, uneducated and backward Soviet ethnic periphery. The Search for a Socialist El Dorado is the first comprehensive account in English of this fascinating story. Using a vast body of documentary sources from archives in Petrozavodsk and Moscow, Russian- and Finnish-language press and literature from the 1930s, oral history interviews and secondary literature, Alexey Golubev and Irina Takala explore in depth the "Karelian fever" among Finnish Americans and Canadians, and the lives of immigrants in the Soviet Union, their contribution to Soviet economy and culture, and their fates in the Great Terror.

Irina Baronova and the Ballets Russes de Monte Carlo Victoria Tennant 2014-10-15 In the 1930s and '40s, the Ballets Russes de Monte Carlo toured the United States and the world, introducing many to ballet as an art form, while spreading the enduring image of the ballerina as an embodiment of feminine grace and sophistication. This sumptuous, illustrated history tells the story of the rise of modern ballet and its popularity through the life story of one of ballet's most glamorous stars, Irina Baronova (1919-2008), prima ballerina for the Ballets Russes de Monte Carlo and later for Ballet Theatre in New York. Drawing on letters, correspondence, oral histories, and interviews, Baronova's daughter, the actress Victoria Tennant, warmly recounts Baronova's dramatic life, from her earliest aspirations to her grueling time on tour to her later years in Australia as a pioneer of the art. She begins with the Baronov family's flight from Russia during the Revolution, which led them to Romania and later Paris, where at the age of thirteen, Baronova became a star, chosen by the legendary George Balanchine to join the Ballets Russes, where she danced the lead in Swan Lake. Tennant provides an intimate account of Baronova's life as a dancer and rare behind-the-scenes stories of life on the road with the stars of the company. Spectacular photographs, a mix of archival images and family snapshots, offer many rare views of rehearsals, costumes, set designs, and the dancers themselves both at their most dazzling and in their most everyday. The story of Irina Baronova is also the story of the rise of ballet in America thanks to the Ballets Russes, who brought the magisterial beauty and star power of dance to big cities and small towns alike. Irina Baronova and the Ballet Russes de Monte Carlo offers a unique perspective on this history, sure to be treasured by dance patrons and aspiring stars.

Skipping Rocks Irina Morando 2013-10-08 Ill Stand by you, Ill stand by you, wont let nobody hurt you I shake my head and think of her and how this journey all started. Im traveling on the open road because someone I know told me I should, it would be good for me. I sigh, I do that a lot. I suck in the nicotine from the cigarette I hold. How I love the way it travels through my body, my veins and bloodstream and is able to calm me. I should quit but unlike other things I used to do, its legal, and keeps me sane in this day and moment. Everybody has a story, a past, a present, and future they one day hope to have. Sometimes when I drive I look to the person right of me, and wonder what their story is. Is there happiness in it? Is their pain and heartache that someone caused them? Have they cried in the last hour thinking about it? Sometimes I think of my story. Someone once told me, Nothing you tell me, confess to me, will

make me love you any less I have many confessions, I have secrets that creep up on me in my dreams, that want to come to surface and be released, be freed from the demons that shackle them. I am here turning the key to release them to the world, I am here to tell my story make my move.

Irina's Story Jim Williams 2018 Irina's Story is the history of the Uspensky family and its attempt to negotiate the perils of 20th century Russia. It begins in the twilight years of the Tsarist empire in the idyllic setting of the family's country home at Babushkino, and describes a world which is destroyed by war, revolution and Stalin's terror, and ends with the fall of communism and the beginning of a new Russia of gangsters and crony-capitalism. At the age of 90, Irina Uspenskaya is the last surviving witness of these events. In her Moscow apartment, while her young relative Slavochka and his friends in "the International Syndicate" aspire to become successful drug dealers, Irina collects the letters and diaries of her parents' generation and sets down the tale of what happened to them all. In turn she describes the doomed marriage of her father Nikolai and her mother Xenia, who love but never understand each other; her idealistic aunt Adalia, who marries the sinister Grodsky; her disreputable uncle Alexander and his feisty wife Tatiana. These and a host of other colourful characters populate the story and we see their world through their eyes and understand it through their thoughts and writings. Our guide, Irina is wry, funny, insightful and humane. Born with a disability, she views events through detached yet sympathetic eyes and reflects on her own history and her unrequited love for a boy she met as a little girl and the family and children she will never have. Irina's Story is told with verve, compassion and a command of the sweep of Russian history. It is at times funny, romantic, tragic and appalling, but suffused throughout with deep humanity.

Victims Of Happenstance Irina Hagiescu 2021-12-08 This work explores the frailty of human destinies and how the smallest and most insignificant decisions can generate a chain of events that impact the

lives of thousands of people, in a Butterfly Effect reaction. The author plays with the chronologies of multiple timelines, jumping back and forth between the current time and the two alternate realities that emerge after the protagonist, a young, borderlines depressed woman, takes a seemingly trifling decision, that ends up impacting the lives of tens of people, before coming back to taunt her. " Look, for example, the fact that I take this glass and move it two centimeters closer to the edge of the table will cause three people to die in Bangladesh in a year's time. Kind of ... Butterfly Effect, if you want to call it that. And I think the opposite is also true. Decisions made by chance by people on the other side of the planet affect us in a positive or negative way. And sometimes our own decisions can turn against us, after they've been around the world. "

Give Me Irina Denezhkina 2007-11-01 Shortlisted for Russia's national bestseller prize and translated into twelve languages, Give Me marks the debut of a literary wunderkind, a gifted writer with a fine-tuned ear and unforgettable voice. The stories in Give Me are bracingly authentic and deeply felt -- vibrant snapshots colored by vodka, drugs, and young love that capture life at a certain age in a specific part of the world while reflecting the universal emotions of a generation. Too young to identify with life in the Soviet era, the frank, funny, appealingly tough characters in Give Me are forced to find their identities in the chaotic atmosphere of a country recovering from systemic collapse. They reach out to each other in ways that are sometimes affectionate, sometimes cruel, and always desperate for connection. A young soldier on leave from the Chechen war laments the meaninglessness of civilian life -- "all that goddamned self-expression" -- while his girlfriend ponders the elegant arch of her best friend's eyebrows; a teacher at a summer camp is appalled, disgusted, and frightened by her out-of-control charges and the retribution she could suffer at the hands of their powerful parents; love and loyalty become entangled as a young woman sleeps with friends of her unattainable object of desire to feel closer to him; a suicidal teenager finds salvation in the unlikely duo of a beefy security guard and his Rottweiler; the object of a university student's crush unknowingly pushes her buttons from afar when he neglects to return her anonymous love notes; and Death visits an Internet chat room after politely accepting the offer of a cup of tea. Full of electricity, humor, controversy, and above all, humanity, these pitch-perfect stories put to use the possibilities of language and perception to give a glimpse of Russia's youth and their struggle to grow up, find their way, and, ultimately, love.

They meet a writer who is working on a novel about the exile of the real life philosopher Miguel de Unamuno in 1924. The writer soon finds herself lost in the labyrinth of their complex relations. She escapes by returning to her book and by travelling the island, absorbing its landscapes, history and culture. On the bare island we were all naked. And each ostensibly voluntary next step of ours would lead to the

inevitable denouement. We were all characters in a novel. The novel being written by the island. 'She, the island', Irina Papancheva 'She, the island' is a wonderful evocation. Multiculturalism: United in Diversity Irina Budrina A VOYAGE OF DISCOVERY Irina Budrina not only knows what she writes and talks about, but she is, as they say, walking her talk. Born in Russia, having traveled all over the world, with an MBA in Japan and a Ph.D. in Romania (REI, ASE) she has been living in Romania for the last 12 years. The present book is, therefore, based on her very rich and significant encounters with people and organizations in various parts of the world and mainly in Romania. You are reading a book which is a voyage of discovery and learning about our own and other cultures. Leadership, intercultural communication, cultural dimensions, cultural values and gender issues in business and beyond business are just some of the discussions you are going to be part of through Irina Budrina's knowledgeable and skillful guidance. This is a book to enjoy and to reflect upon. Professor Mariana Nicolae, REI (ASE) In today's world, exposure to other cultures has become a symbol of increasing globalization processes. Many people leave their home area to go on a voyage of discovery and learning about other cultures that affects their original cultural identity. The needs of the 21st century demand citizens that are culturally sensitive and internationally focused, with an orientation toward the future rather than the past. Cultural Diversity is in it. The concept of multiculturalism offers a new orientation toward the future. "Multiculturalism is a system of beliefs and behaviors that recognizes and respects the presence of all diverse groups in an organization or society, acknowledges and values their socio-cultural differences, and encourages and enables their continued contribution

within an inclusive cultural context which empowers all within the organization or society" (Caleb Rosado, 1997). The essence of multiculturalism is the ability to celebrate with the Other in a manner that removes all barriers and brings unity in diversity. Multiculturalism pushes us to look upon the Other not as a potential enemy but as a profitable partner. Managing diversity is an ongoing process that unleashes the various talents and capabilities which a diverse population brings to an organization, community or society, so as to create a wholesome, inclusive environment, that is safe for differences, enables people to reject rejection, celebrates diversity, and maximizes the full potential of all, in a cultural context where everyone benefits.

Multiculturalism, as the art of managing diversity, is an inclusive process where no one is left out. Diversity, in its essence, then is a safeguard against ethnocentrism (making of one group as the norm for all groups). No cultures should be verbally and/or physically attacked based solely on the negative meaning given due to biological, cultural, political or socioeconomic differences (such as gender, age, race/ethnicity, political party, class, education, values, religious affiliation or sexual orientation). The motivating factor for such attitude is fear, arising out of ignorance of the other culture, which is different from your own. Multiculturalism should be the only option open to educators, leaders and administrators in an ever-increasing culturally pluralistic environment. Today's diverse student populations and workforce is simply not going to go away, but increase. This is the direction of the future multicultural, multi-ethnic, multilingual communities. And effective leaders are recognizing it. The art of managing diversity is thus of great concern to all persons charged with the responsibility of overseeing the work of others.

Multiculturalism, then, may very well be part of an ongoing process which enables people to become world citizens--persons who are able to transfer their own racial/ethnic, gender, cultural and socio-political reality and identify with humankind throughout the world, at all levels of human needs.

Mother Country Irina Reyn 2019-02-26 Starred reviews from Library Journal and Publishers Weekly Award-winning author Irina Reyn explores what it means to be a mother in a world where you can't be with your child Nadia's daily life in south Brooklyn is filled with small indignities: as a senior home attendant, she is always in danger of being fired; as a part-time nanny, she is forced to navigate the demands of her spoiled charge and the preschooler's insecure mother; and as an ethnic Russian, she finds herself feuding with western Ukrainian immigrants who think she is a traitor. The war back home is always at the forefront of her reality. On television, Vladimir Putin speaks of the "reunification" of Crimea and Russia, the Ukrainian president makes unconvincing promises about a united Ukraine, while American politicians are divided over the fear of immigration. Nadia internalizes notions of "union" all around her, but the one reunion she has been waiting six years for - with her beloved daughter - is being eternally delayed by the Department of Homeland Security. When Nadia finds out that her daughter has lost access to the medicine she needs to survive, she takes matters into her own hands. *Mother Country* is Irina Reyn's most emotionally complex,

urgent novel yet. It is a story of mothers and daughters and, above all else, resilience.

Custom Search - Discover more: Irina Shamaeva 2021-06-29 Google's Programmable Search Engines (PSEs, previously called Custom Search Engines) provide search opportunities that are unavailable with any other tool. PSEs have advanced settings and search operators that are not supported by "regular" Google. With PSEs, it is possible to perform filtered searches within parts of the web as if they were databases! While lots of professionals use existing PSEs to source for talent or with other research goals, few people have experience creating them. Even fewer know about powerful PSE-only search operators. The main reason PSEs are not as popular as they should be is that it is not easy to get educated on PSE creation. There is little information online and no books (other than this one) on the subject. Even less info is available on the "structured" operators that allow for filtered searches. The first of its kind, this book hopes to popularize these fun and powerful tools so that

many more people can include PSEs in their work. Key Features: A detailed introduction to creating PSEs, including info absent in Google's help A "hack" for creating PSEs that look for profiles in seconds An introduction to advanced PSE-only search operators allowed to perform filtered searches of parts of the web A "hack" for expanding Google's search limits to 500 terms Use cases, examples, and approaches that would be educational for those doing online research This book will be of interest to researchers, OSINT specialists, investigative journalists, Competitive Intelligence people, recruiters, and Sourcers, to name a few categories, and to the general public interested in how to search better.

In Search of a Dream America Irina V. Rodimtseva 2017 This book explores immigrant life writing and examines the complex relationship between the America imagined in the dreams of would-be immigrants and their ability to establish connections to actual places in America. The authors discussed in the book (Vasily Aksyonov, Mary Antin, Eva Hoffman, Edward Limonov, and Miriam Potocky-Tripodi) come to North America from different places in Eastern Europe and publish their books at different times of the 20th century, but for all of them an attachment to the new place begins before emigration. The initial stages of this process are imaginative - learning and dreaming about America, visualizing it as an ideal place - and the immigrants' encounter with their new country is mediated by this idealized image of America. Although some immigrant autobiographers profess an immediate bonding to American places, the texts examined in this book demonstrate that the process of claiming a new place as one's own is often rife with ambiguities and setbacks. Only by negotiating the gap between the dream and the encountered America can an immigrant begin to feel at home in the new place. At the same time, the bond to the home country can never be severed, and that rejected place becomes a reference point for comparisons or even a model for organizing the new environment. Briefly stated, immigrants maintain attachments to multiple places - physical, imagined, and remembered.

Destiny: the Odds of You and I Irina V. Boca 2014-01-17 In a world where lives intertwine in a surreally unpredictable way, destiny awaits an eclectic blend of souls who desire love more than anything. A man sits alone in a restaurant, his mind perfectly at anchor with his living memoir as he quietly observes the only other person sharing the room with him: an unaccompanied woman also lost in her thoughts. Absurdly drawn to her while he waits for his brunch date to arrive, Richard silently wills her to speak to him. Amid the stirring echoes of memory, the noise of the stock exchange, the sophistication of the theater, and the serendipity of private business, two tortured souls who long for love must somehow manage to find each other amid a crowded world. This unique novel opens the door to a new way of looking at the nature and purpose of relationships, as a man and a woman await their destinies and long for love.
