

Secret Alliance A Study Of The Danish Resistance Movement 1940-1945

Enjoying the Tune of Appearance: An Mental Symphony within **Secret Alliance A Study Of The Danish Resistance Movement 1940-1945**

In a global taken by displays and the ceaseless chatter of quick conversation, the melodic beauty and emotional symphony developed by the prepared word often fade into the back ground, eclipsed by the relentless sound and distractions that permeate our lives. However, nestled within the pages of **Secret Alliance A Study Of The Danish Resistance Movement 1940-1945** an enchanting literary value filled with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that charming masterpiece conducts readers on a mental journey, well unraveling the concealed tunes and profound impact resonating within each cautiously crafted phrase. Within the depths of this emotional review, we shall examine the book's main harmonies, analyze its enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.

The World War Two Reader Gordon Martel 2004
This comprehensive reader provides an overview of research in the study of the Second World War and includes chapters by some of the best known and most innovative scholars working today. It gives attention to the fighting of the war throughout the world.

The A to Z of Denmark Alastair H. Thomas 2010-05-10 Denmark is the oldest monarchy in Europe. At different points in its history, Denmark's boundaries have encompassed England, Sweden, West Africa, India, and the West Indies. Despite its changing and relatively small boundaries, Denmark has played a much larger part in the politics of Europe than might be expected. Additionally, through its territories (Faroe Islands and Greenland), Denmark has managed to retain an important presence in the North Atlantic. Today, democratic Denmark, with its thriving capital Copenhagen, is peaceful, prosperous, and progressive. Within NATO, Denmark has contributed to peace-keeping in the Persian Gulf and Bosnia. The "Danish Model" of welfare gives Danes a real sense of social security and presents many naysayers with a provocative example of a successfully managed welfare state. Danes have a reputation for inventiveness and good design, whether in architecture, furniture, or industrial design. The A to Z of Denmark relates the history of this

successful country through a chronology, an introductory essay, appendixes, a bibliography, and hundreds of cross-referenced dictionary entries on kings, politicians, officials, explorers, authors, architects, composers, painters, astronomers, educationists, reformers, political parties, social movements, and other aspects of Danish society.

Encyclopedia of Nordic Crime Fiction Mitzi M. Brunsdale 2016-04-27 Since the late 1960s, the novels of Sjöwall and Wahlöö's Martin Beck detective series, along with the works of Henning Mankell, Håkan Nesser and Stieg Larsson, have sparked an explosion of Nordic crime fiction—grim police procedurals treating urgent sociopolitical issues affecting the contemporary world. Steeped in noir techniques and viewpoints, many of these novels are reaching international audiences through film and television adaptations. This reference guide introduces the world of Nordic crime fiction to English-speaking readers. Caught between the demands of conscience and societal strictures, the detectives in these stories—like the heroes of Norse mythology—know that they and their world must perish, but fight on regardless of cost. At a time of bleak eventualities, Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit.
Subject Catalog Library of Congress
Resisters, Rescuers, and Refugees John J.

Michalczyk 1997 Fifty years after World War II, critical issues of this international conflict still haunt our society today in business, war crimes trials, and international relations. This text focuses on the historical issues of Christian rescue of Jews, resistance to Nazi oppression, and the plight of the refugee in light of current problems facing us. The essays in this book, from nationally and internationally-known scholars, reveal that the Holocaust was not only a Jewish tragedy but an epic human tragedy as well, one that has indelibly scarred the collective soul of twentieth-century society. As these scholars and witnesses provide insights into the historical context of World War II and the Holocaust, they also assist us in regulating the future behavior of ourselves, our country, and our world.

Nonviolent Action Ronald M. McCarthy 2013-07-04 This comprehensive guide to research, sources, and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters. Although violence and its causes have received a great deal of attention, nonviolent action has not received its due as an international phenomenon with a long history. An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English-language sources. The first part of the book covers case-study materials divided by region and subdivided by country. Within each country, materials are arranged chronologically and topically. The second major part examines the methods and theory of nonviolent action, principled nonviolence, and several closely related areas in social science, such as conflict analysis and social movements. The book is indexed by author and subject.

The Resistance in Western Europe, 1940-1945 Olivier Wieviorka 2019-09-03 In just three months in 1940, Denmark, Norway, Belgium, the Netherlands, Luxembourg, and France fell to the Nazis. The German occupation of Western Europe had begun—but a brave few rose up in defiance. National resistance has long been celebrated in remembrances of World War II, depicted as making significant contributions to the defeat of Nazi Germany. However, the so-

called army of shadows drew heavily on the support of London and Washington, a fact often forgotten in postwar Europe. The Resistance in Western Europe, 1940-1945 is a sweeping analytical history of the underground anti-Nazi forces during World War II. Examining clandestine organizations in Norway, Denmark, the Netherlands, Belgium, France, and Italy, Olivier Wieviorka sheds new light on the factors that shaped the resistance and its place in the grand scheme of Anglo-American military strategy. While national actors played a leading role in fomenting resistance, British and American intelligence services and propaganda as well as financial, material, and logistical support were crucial to its activities and growth. Wieviorka illuminates the policies of governments in exile and resistance actors regarding cooperation with the British and Americans, pointing to the persistence of national self-interest and long-standing historical tensions. Drawing on a wide range of archival sources and bringing together the political, diplomatic, and military dimensions of the conflict, this book is the first account of the resistance on a continental scale and from a trans-European perspective.

Schriften Bibliothek für Zeitgeschichte (Germany) 1990

Resistance Fighter Jørgen Kieler 2007 Writing in lively tones with a wit that reveals his indomitable spirit, the author paints a vivid picture of the resistance movement in Denmark, with detailed descriptions of many of the Holger Danske group's daring sabotage operations.

Courage & Defiance Deborah Hopkinson 2015-08-25 When the Nazis invaded Denmark on Tuesday, April 9, 1940, the people of this tiny country to the north of Germany awoke to a devastating surprise. The government of Denmark surrendered quietly, and the Danes were ordered to go about their daily lives as if nothing had changed. But everything had changed. Award-winning author Deborah Hopkinson traces the stories of the heroic young men and women who would not stand by as their country was occupied by a dangerous enemy. Rather, they fought back. Some were spies, passing tactical information to the British; some were saboteurs, who aimed to hamper and impede Nazi operations in Denmark; and 95% of

the Jewish population of Denmark were survivors, rescued by their fellow countrymen, who had the courage and conscience that drove them to act. With her talent for digging deep in her research and weaving real voices into her narratives, Hopkinson reveals the thrilling truth behind one of WWII's most daring resistance movements.

Boats in the Night Martha Loeffler 2000

[A History of Denmark](#) Knud J. V. Jespersen

2018-09-08 In this introductory guide, Knud Jespersen traces the process of disintegration and reduction that helped to form the modern Danish state, and the historical roots of Denmark's international position. Beginning with the Reformation in the sixteenth century, Jespersen explains how the Denmark of today was shaped by wars, territorial losses, domestic upheavals, new methods of production, and changes in thought. Focusing on the interplay between history, politics and economics, this illuminating text offers an insider's view of Danish identity formation over the last centuries.

This engaging textbook is an ideal resource for undergraduate and postgraduate students taking courses on Danish, Scandinavian or Nordic History. Concise and accessible, it will also appeal to anyone interested in gaining a clear understanding of the development of Denmark.

Danish Reactions to German Occupation Carsten

Holbraad 2017-02-06 For five years during World War II, Denmark was occupied by Germany. While the Danish reaction to this period of its history has been extensively discussed in Danish-language publications, it has not until now received a thorough treatment in English. Set in the context of modern Danish foreign relations, and tracing the country's responses to successive crises and wars in the region, *Danish Reactions to German Occupation* brings a full overview of the occupation to an English-speaking audience. Holbraad carefully

dissects the motivations and ideologies driving conduct during the occupation, and his authoritative coverage of the preceding century provides a crucial link to understanding the forces behind Danish foreign policy divisions. Analysing the conduct of a traumatised and strategically exposed small state bordering on an aggressive great power, the book traces a development from reluctant cooperation to active resistance. In doing so, Holbraad surveys and examines the subsequent, and not yet quite finished, debate among Danish historians about this contested period, which takes place between those siding with the resistance and those more inclined to justify limited cooperation with the occupiers - and who sometimes even condone various acts of collaboration.

Shaping the Future Horst Hutter 2006

Shaping the Future maps out the ascetic practices of a Nietzschean way of life. Hutter argues that Nietzsche's doctrines are attempts and 'temptations' that aim to provoke his free-spirited readers into changing themselves by putting philosophy into practice in their lives.

The Third Reich, 1933-1945 Louis Leo Snyder

1987 An annotated bibliography of books and articles published during the 1930s-80s. 850 items, mostly English. See especially section 12 (pp. 221-246), "Anti-Semitism and the Holocaust," containing 83 items.

[European Home Fronts 1939 - 1945](#) Earl R. Beck

1993-01-15 In a book arranged in chapters which deal separately with the Home Fronts of each country, Beck is able to provide a comprehensive picture of the effects of the world's only 'total war' upon the civilians who often faced bewilderment, fear, death, and destruction all around them. Beck considers the effects of bombing and sometimes actual fighting in the streets and towns in which people lived, and the policies of individual governments that attempted to encourage and retain support for the war effort in varying ways.

[Proxy Wars](#) Eli Berman 2019-03-15 The most common image of world politics involves states negotiating, cooperating, or sometimes fighting with one another; billiard balls in motion on a global pool table. Yet working through local proxies or agents, through what Eli Berman and David A. Lake call a strategy of "indirect control," has always been a central tool of

foreign policy. Understanding how countries motivate local allies to act in sometimes costly ways, and when and how that strategy succeeds, is essential to effective foreign policy in today's world. In this splendid collection, Berman and Lake apply a variant of principal-agent theory in which the alignment of interests or objectives between a powerful state and a local proxy is central. Through analysis of nine detailed cases, *Proxy Wars* finds that: when principals use rewards and punishments tailored to the agent's domestic politics, proxies typically comply with their wishes; when the threat to the principal or the costs to the agent increase, the principal responds with higher-powered incentives and the proxy responds with greater effort; if interests diverge too much, the principal must either take direct action or admit that indirect control is unworkable. Covering events from Denmark under the Nazis to the Korean War to contemporary Afghanistan, and much in between, the chapters in *Proxy Wars* engage many disciplines and will suit classes taught in political science, economics, international relations, security studies, and much more.

Library of Congress Catalogs Library of Congress 1979

Sparks of Resistance Nathaniel Hong 1996

The illegal press in Denmark opposing German occupation grew to impressive size and influence by the end of World War II. But its origins were modest, springing up from the small banned Danish Community Party and informal friendship groups in 1941.

Jewish Social Studies 1986

Forging Democracy Geoff Eley 2002-04-11

Democracy in Europe has been a recent phenomenon. Only in the wake of World War II were democratic frameworks secured, and, even then, it was decades before democracy truly blanketed the continent. Neither given nor granted, democracy requires conflict, often violent confrontations, and challenges to the established political order. In Europe, Geoff Eley convincingly shows, democracy did not evolve organically out of a natural consensus, the achievement of prosperity, or the negative cement of the Cold War. Rather, it was painstakingly crafted, continually expanded, and doggedly defended by varying constellations of socialist, feminist, Communist, and other radical

movements that originally blossomed in the later nineteenth century. Parties of the Left championed democracy in the revolutionary crisis after World War I, salvaged it against the threat of fascism, and renewed its growth after 1945. They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe's current democratic traditions. The trajectories of European democracy and the history of the European Left are thus inextricably bound together. Geoff Eley has given us the first truly comprehensive history of the European Left—its successes and failures; its high watermarks and its low tides; its accomplishments, insufficiencies, and excesses; and, most importantly, its formative, lasting influence on the European political landscape. At a time when the Left's influence and legitimacy are frequently called into question, *Forging Democracy* passionately upholds its vital contribution.

Historical Dictionary of Denmark Alastair H.

Thomas 2016-07-26 This third edition of *Historical Dictionary of Denmark* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Denmark.

Young Heroes in World History Robin K. Berson

1999-08-30 This book of biographical profiles and stories chronicles the astonishing courage and imagination of young people. The lives of the seventeen young men and women profiled here, who range in age from twelve to twenty-three at the time of their heroic deeds, spread across oceans and continents, cultures, races, and ethnic groups throughout 250 years. Each of their lives offers testimony to the human capacity to endure, overcome incredible obstacles, and choose honor, integrity, compassion, and service. The stories of many are told here for the first time. Among the lives depicted here are those of Melba Pattillo Beals, one of the first African American students to attempt to integrate a formerly all-white high school in Little Rock in 1957; Vladimir Bukovsky, a teenager whose activities on behalf of the

human rights movement in the Soviet Union landed him in prison; Marianne Cohn, who paid the ultimate price for her courage as a resistance fighter in World War II France; Charles Eastman, raised as a Sioux, who was thrust at age fourteen into an alien white world and who later returned to his people as a physician and saved many lives at Wounded Knee; Olaudah Equino, a West African sold into slavery in the eighteenth century whose autobiography offers an unflinching portrayal of the horrors of the Atlantic slave trade; and Chai Ling, a slip of a girl who assumed leadership of the student rebellion in China's Tiananmen Square. The heroes profiled in this book represent ten nations—Africa, China, Cuba, Denmark, France, Germany, Pakistan, Soviet Union, Thailand, and the United States. Each profile concludes with a bibliography for further reading. These engagingly written stories of young people's courage will inspire and instruct.

The Rebirth of the West Peter Duignan 1996 The years following World War II witnessed perhaps the greatest success story in Western history--the economic and political recovery of European democracies that had been devastated by the cataclysmic war. Peter Duignan and L.H. Gann convincingly demonstrate that the deep involvement of the United States was a key factor in this success. *The Rebirth of the West* is a broad, narrative analysis of every important aspect of Western society during this formative period--political, economic, social, cultural, and scientific. In addition to providing an interpretive synthesis of the vast literature on the subject, the authors make an important and original contribution to both the historical record of this period and current debates over the future of Europe.

Civil Courage Naomi Kramer 2007 If we are responsible educators, the causes of the Holocaust must be addressed in order to prevent future genocide. *Contemporary Jewish Identity: Emanuele Ottolenghi and Mark Weitzman* examine contemporary antisemitism in Europe and North America respectively. Michael Pollan reflects upon Jewish identity from the unique perspective of a young Jew who worked as a civil servant for the Austrian government in a program designed to acknowledge Austria's role as a perpetrator of the Shoah. *Testimony:*

Firsthand testimony will soon be available only in memoirs or recorded oral histories. In the future, second and subsequent generations must speak as witnesses. Sheldon Schreter, a grandchild of Holocaust victims, describes a visit with his four sons to Sighet, Romania, his parents' birthplace, and struggles with the question of 'Why?' The prevention of genocide is, in large measure, dependent upon the good will and intervention of citizens living in modern cultures.

The Holocaust [4 volumes] Paul R. Bartrop 2017-09-15 This four-volume set provides reference entries, primary documents, and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural, political, and economic motivations that spurred the Final Solution. The Holocaust that occurred during World War II remains one of the deadliest genocides in human history, with an estimated two-thirds of the 9 million Jews in Europe at the time being killed as a result of the policies of Adolf Hitler and Nazi Germany. *The Holocaust: An Encyclopedia and Document Collection* provides students with an all-encompassing resource for learning about this tragic event—a four-book collection that provides detailed information as well as multidisciplinary perspectives that will serve as a gateway to meaningful discussion and further research. The first two volumes present reference entries on significant individuals of the Holocaust (both victims and perpetrators), anti-Semitic ideology, and annihilationist policies advocated by the Nazi regime, giving readers insight into the social, political, cultural, military, and economic aspects of the Holocaust while enabling them to better understand the Final Solution in Europe during World War II and its lasting legacy. The third volume of the set presents memoirs and personal narratives that describe in their own words the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution. The last volume consists of primary documents, including government decrees and military orders, propaganda in the form of newspapers and pamphlets, war crime trial transcripts, and other items that provide a direct look at the causes and consequences of the Holocaust under the Nazi regime. By

examining these primary sources, users can have a deeper understanding of the ideas and policies used by perpetrators to justify their actions in the annihilation of the Jews of Europe. The set not only provides an invaluable and comprehensive research tool on the Holocaust but also offers historical perspective and examination of the origins of the discontent and cultural resentment that resulted in the Holocaust—subject matter that remains highly relevant to key problems facing human society in the 21st century and beyond.

World War II in Europe, Africa, and the Americas, with General Sources Loyd Lee

1997-08-21 This volume discusses the best and most enduring literature of World War II years, incorporating all aspects from military and political history to social and cultural history. *International Bibliography Of Jewish Affairs, 1976-1977* Elizabeth E. Eppler 2019-04-03 This bibliography, a project of is intended as an aid to research on and cultural aspects of contemporary ship between Jews and the non-Jewish material published in 1976 and 1977. the Institute of Jewish Affairs, the historical, social, political, Jewish life and on the relationworld. The present volume covers The Bibliography includes primarily nonfiction works published outside Israel by both Jewish and non-Jewish authors; it excludes belles lettres (with the exception of documentary novels and memoirs) and religious studies. Entries are arranged by subject, with cross-references wherever applicable; a cumulative index of names and a list of periodicals are provided at the end of the volume.

Modern Genocide [4 volumes] Paul R. Bartrop 2014-12-17 This massive, four-volume work provides students with a close examination of 10 modern genocides enhanced by documents and introductions that provide additional historical and contemporary context for learning about and understanding these tragic events. *Modern Genocide: The Definitive Resource and Document Collection* spans nearly 1,700 pages presented in four volumes and includes more than 120 primary source documents, making it ideal for high school and beginning college students studying modern genocide as part of a larger world history curriculum. The coverage for each modern genocide, from Herero to

Darfur, begins with an introductory essay that helps students conceptualize the conflict within an international context and enables them to better understand the complex role genocide has played in the modern world. There are hundreds of entries on atrocities, organizations, individuals, and other aspects of genocide, each written to serve as a springboard to meaningful discussion and further research. The coverage of each genocide includes an introductory overview, an explanation of the causes, consequences, perpetrators, victims, and bystanders; the international reaction; a timeline of events; an Analyze section that poses tough questions for readers to consider and provides scholarly, pro-and-con responses to these historical conundrums; and reference entries. This integrated examination of genocides occurring in the modern era not only presents an unprecedented research tool on the subject but also challenges the readers to go back and examine other events historically and, consequently, consider important questions about human society in the present and the future.

Lise Meitner and the Dawn of the Nuclear Age Patricia Rife 2019-08-09

This biography of Lise Meitner (1878-1968), the Austrian Jewish female physicist at the heart of the discovery of nuclear fission, also looks at major developments in physics during her life. Meitner was a colleague and friend of many giants of 20th century physics: Max Planck, her Berlin mentor, Einstein, von Laue, Marie Curie, Chadwick, Pauli and Bohr. She was the first woman to earn a Ph.D. in physics at the University of Vienna, a pioneer in the research of radioactive processes and, together with her nephew Otto Robert Frisch, an interpreter of the process of nuclear fission in 1938. Yet at the end of World War II, her colleague of thirty years, radiochemist Otto Hahn alone was awarded the 1944 Nobel Prize in Chemistry for the “discovery” of nuclear fission — a discovery based on years of research in which Meitner was directly involved before her secret 1938 escape from Nazi Germany to Sweden. “A story of one of the half dozen most remarkable women of the 20th century.” — John Archibald Wheeler, Princeton University “Patricia Rife’s biography truly brings Meitner to life, both as a scientist and as a woman... Rife

weaves Meitner's personal struggles into the social and political fabric of her times. For example, the story of Meitner's early career is told against the backdrop of the development of the new physics, with plentiful illumination of the limited prospects for women scientists in the German-speaking world during the early twentieth century. When Meitner's story enters the Nazi era — including her escape from Germany — it is as riveting as the best novel.” — Catherine Westfall, *Technology and Culture* “A well-written, thorough, readable and engrossing work.” — Gary Goldstein, *Peace and Change: a Journal of Peace Research* “Rife has produced an exciting book, which reads like a novel and she gives justice to Meitner's life full of science and human stories... [The] book is a beautiful tribute to an outstanding scientist; it has a lot to teach us about our world; and it is a great read. I warmly recommend it to everyone interested in science and in history.” — *Structural Chemistry* “Lise Meitner comes to life as author Rife skillfully weaves social, political, and scientific events into a well-researched and documented work. Lists of Meitner's awards and publications and an extensive bibliography complete this excellent book.” — *Association of Women in Science Magazine* “The dramatic tale of the discovery of nuclear fission on the eve of WWII... not just a story of ideas... but also of the social and intellectual milieu in which these ideas were developed. It is also the story of how a shy, self-effacing young woman, through talent and hard work, became a world-class scientist... Rife tells this story very well.” — *The Antioch Review* “The particular merit of Rife's biography of Austrian physicist Meitner is that it places her life and work within the historical context... It is comprehensive, generally clearly written... and appropriate for undergraduate students. Just enough science is included as to make clear the significance of her work... Extensive bibliography, informative footnotes.” — *Choice*

Refusing to Crumble Michael Burgan 2010 A look at the Danish resistance to the Nazis during World War II.

Do it Well and Do it Now Bernard O'Connor 2013-02-26 During World War Two over a thousand saboteurs were trained at Brickendonbury, near Hertford, UK. This book tells the stories of the successes and failures of

Ole Geisler, Christian Rottbøll, Erik Petersen, Aage Christensen, Paul Brandenburg, Flemming Muus and others who were parachuted into Denmark to help the Resistance before liberation in May 1945. It also details the sabotage work done by brave Danes, including Jørgen Kieler, Jørgen Schmidt and Bent Faurschou-Hviid.

FAQs About Finding Secret Alliance A Study Of The Danish Resistance Movement 19401945 eBooks

How do I know which eBook platform is the best for me?

Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice.

Are free eBooks of good quality?

Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.

Can I read eBooks without an eReader?

Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.

How do I avoid digital eye strain while reading eBooks?

To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.

What the advantage of interactive eBooks?

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.

Secret Alliance A Study Of The Danish Resistance Movement 19401945 is one of the best book in our library for free trial. We provide copy of Secret Alliance A Study Of The Danish Resistance Movement 19401945 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Secret Alliance A Study Of The Danish Resistance Movement 19401945.

Where to download Secret Alliance A Study Of The Danish Resistance Movement 19401945 online for free? Are you looking for Secret Alliance A Study Of The Danish Resistance Movement 19401945 PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Secret Alliance A Study Of The Danish Resistance Movement 19401945. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this.

Several of Secret Alliance A Study Of The Danish Resistance Movement 19401945 are for sale to

free while some are payable. If you aren't sure if the books you would like to download work with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories.

Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Secret Alliance A Study Of The Danish Resistance Movement 19401945. So depending on what exactly you are searching, you will be able to choose e books to suit your own need.
