Getting to 'I Do' Pat Allen  
1995-02-01 Dr. Patricia Allen's jam-packed seminars in Los Angeles have resulted in over two thousand marriages. Now you too can take advantage of this proven step-by-step program. Here's what you'll learn: How to attract the right man When you should make the first move...and when you should not Why equality in a relationship may not be what you're looking for Why sex

before commitment is a bad deal How to have sensational sex What makes a man run away from a relationship How to know when you're giving too much How to get what you want without asking What makes a man want to commit How to BE ENGAGED TO THE RIGHT MAN WITHIN A YEAR! **Seven Men** Eric Metaxas  
2016-04-12 In Seven Men, New York Times bestselling author Eric Metaxas presents seven exquisitely crafted short

portraits of widely known—but not well understood—Christian men, each of whom uniquely showcases a commitment to live by certain virtues in the truth of the gospel. Written in a beautiful and engaging style, *Seven Men* addresses what it means (or should mean) to be a man today, at a time when media and popular culture present images of masculinity that are not the picture presented in Scripture and historic civil life. This book answers questions like: What does it take to be a true exemplar as a father, brother, husband, leader, coach, counselor, change agent, and wise man? What does it mean to stand for honesty, courage, and charity? And how can you stand especially at times when the culture and the world run counter to those values? Each of the seven biographies represents the life of a man who experienced the struggles and challenges to be strong in the face of forces and circumstances that would have destroyed the resolve of lesser men. Each of the seven men

profiled—George Washington, William Wilberforce, Eric Liddell, Dietrich Bonhoeffer, Jackie Robinson, John Paul II, and Charles Colson—call the reader to a more elevated walk and lifestyle, one that embodies the gospel in the world around us.

*The Male Factor* Shaunti

Feldhahn 2009-12-29 Based on a nationwide survey and confidential interviews with more than three thousand men, bestselling author of *For Women Only*, Shaunti Feldhahn, has written a startling and unprecedented exploration of how men in the workplace tend to think, which even the most astute women might otherwise miss. In *The Male Factor*, Feldhahn investigates and quantifies the

private thoughts that men almost never publicly reveal or admit to, but that every woman will want to know. Never before has an author gotten inside the hearts and minds of men in the workplace—from CEOs to managers, from lawyers to factory workers—to get a comprehensive and confidential picture of what men commonly think about their female colleagues, how they view flextime and equal compensation, what their expected “rules” of the workplace are, what managing emotion means, and how that lowcut top is perceived. Because the men in the surveys and interviews were guaranteed anonymity, they talk in a candid and uncensored way about their daily interactions with women bosses, employees, and colleagues, as well as what they see as the most common forces of friction and misunderstanding between men and women at work. Among the subjects The Male Factor tackles are: • how men, with rare exception, view

almost any emotional display as a sign that the person can no longer think clearly—as well as what they perceive to be “emotion” in the first place (it’s not just crying) • why certain trendy clothes that women wear may create a career-sabotaging land mine in terms of how male colleagues perceive them • the unintentional signals that can change a man’s perception of a woman from “assertive and competent” to “difficult” Women will likely be surprised, even shocked, by these revelations. Some may find them challenging. Yet what they will gain is an invaluable understanding of how their male bosses, colleagues, subordinates, and customers react to a host of situations—as well as the ability to correct common misperceptions. The Male Factor offers a unique road map to what men in the workplace are thinking, allowing women the opportunity to decide for themselves how to use the insights Feldhahn reveals.

revises and updates his best-

classic. God designed men to  
be dangerous, says John  
Eldredge. Simply look at the  
dreams and desires written in  
the heart of every boy: To be a  
hero, to be a warrior, to live a  
life of adventure and risk.  
Sadly, most men abandon those  
dreams and desires-aided by a  
Christianity that feels like  
nothing more than pressure to

that many men avoid church,

**The Trinity in the New

Wainwright 2001-08-13 It is  
often said that the doctrine of  
the Trinity was implicit in the  
religion of the New Testament  
Christians but only received  
theological formulation when  
their successors reflected on  
the faith by which they were  
living. Mr. Wainwright sets out  
to discover how far the writers  
of the New Testament were  
conscious of the problem  
involved in their faith which led  
to the working out of the  
doctrine by their successors.  
His conclusion, based upon a  
meticulous examination of the  
evidence, is that, although they  
made no formal statement of  
the doctrine, the problem was  
present in their minds and that  
they were seeking to answer it.  
So, in so far as doctrine is an

Bell 2022-08-01

At five years old, Victor Bell's thoughts came in contact with a very taboo inclination. While watching a passionate scene on a soap opera at his babysitter's house, Victor immediately had a desire to be the woman in the scene! Yes! At five years of age, Victor developed a carnal desire to feel everything that a woman does, to be loved like a woman. He even developed a desire to be a girl, and then trauma happened. To feel the void from verbal bullying and physical abuse from a member of his family, Victor's desire to attach more to "what felt good" grew stronger. Along the way, Victor became deeply insecure, angry, fearful, prideful, and lustful. These attributes would shape the next eighteen years of Victor's life up to the point where Victor accepted being a "down-low homosexual". In

addition to use of alcohol, marijuana, and womanizing, Victor consistently embarked on secret nights with men. The surface life and the secret life gave Victor great joy and satisfaction, but he would soon find out the satisfaction was only temporary. At the peak of Victor's euphoria, he had an insatiable desire for material things. He had massive highs and gripping lows, along with a growing cavity of emptiness. Victor was doing everything he could to feed the beast of his flesh. But nevertheless, his actions could never hide the mountain of inadequacy that he felt buried deep inside. After falling in love with a beautiful woman that truly had his best interest at heart, yet while leaning toward just coming out fully as a homosexual, Victor had to make a choice. Was he born this way? Was the decision to be with men inevitable? Would Victor ever find the kind of love he sought after, did this love exist, or was the love right before him all along?

**Unlikely Convert** Rosaria Champagne Butterfield 2014  
"Rosaria, by the standards of many, was living a very good life. She had a tenured position at a large university in a field for which she cared deeply. She owned two homes with her partner, in which they provided hospitality to students and activists that were looking to make a difference in the world. In the community, Rosaria was involved in volunteer work. At the university, she was a respected advisor of students and her department's curriculum. And then, in her late 30s, Rosaria encountered something that turned her world upside down -- the idea that Christianity, a religion that she had regarded as problematic and sometimes downright damaging, might be right about who God was. That idea seemed to fly in the face of the people and causes that she most loved. What follows is a story of what she describes as a train wreck at the hand of the supernatural. These are her secret thoughts about those events, written as only a

The Man Code Dennis Swanberg 2013-04-01 We men are so predictable. As a way of avoiding even the most remote possibility of authentic relationships, most of us are quick to form a complex web of surface-level friendships, an ever-expanding collection of "buddies." Yet we never manage to develop even one really close friendship. The Man Code is a powerful tool to help men reorganize their thoughts and revolutionize their lives by learning to form meaningful relationships, starting with God and branching out from there. The code is 1, 3, 12, 120, 3000, and by mastering the relationships these five numbers represent, men will establish the right priorities, make the right plans, diagnose unforeseen difficulties, make mid-course corrections and achieve the positive results that they desire and God intends.

*PostSecret* Frank Warren 2005-11-29 The project that captured a nation's

imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure

but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.

Allen has tried to make the book simple, so that all can easily grasp and follow its teaching, and put into practice the methods which it advises. and banish the thought patterns that undermine your ability to feel—and act—as bright and capable as others already know you are with this award-winning book by Valerie Young. It's only because they like me. I was in the right place at the right time. I just work harder than the others. I don't deserve this. It's just a matter of time before I am found out. Someone must have made a terrible mistake. If you are a working woman, chances are this internal monologue sounds all too familiar. And you're not alone. From the high-achieving Ph.D. candidate convinced she's only been admitted to the program because of a clerical error to the senior executive who worries others will find out she's in way over her head, a shocking number of accomplished women in all career paths and at every level feel as though they are faking it—impostors in their own lives and careers. While the impostor syndrome is not unique to women, women are more apt to agonize over tiny mistakes, see even constructive

criticism as evidence of their shortcomings, and chalk up their accomplishments to luck rather than skill. They often unconsciously overcompensate with crippling perfectionism, overpreparation, maintaining a lower profile, withholding their talents and opinions, or never finishing important projects. When they do succeed, they think, Phew, I fooled 'em again. An internationally known speaker, Valerie Young has devoted her career to understanding women's most deeply held beliefs about themselves and their success. In her decades of in-the-trenches research, she has uncovered the often surprising reasons why so many accomplished women experience this crushing self-doubt. In *The Secret Thoughts of Successful Women*, Young gives these women the solution they have been seeking. Combining insightful analysis with effective advice and anecdotes, she explains what the impostor syndrome is, why fraud fears are more common in women, and how you can

*It's a Dick Thing!* Don Koberg  
2002-05-23 When men speak anything is possible. Meet the reemerging multi-faceted talking male of the 21st Century, too long waiting silently off stage behind a curtain of macho myth and militant misrepresentation. Within these pages you will discover the true male as related by dozens of sincerely sensitive real men, each in his own manner expressing the fact that men can be men in ways reported all too rarely. Every man knows it takes courage to resolve warm compassionate mothered beginnings with social expectations that he develop into an impassionate, hard-edged gladiator, but real men do it each day. To generalize men as either raging bulls or dull-witted patsies of feminine guile is no longer tolerable in today's more open arena of homogenized gender. The

laughable oaf depicted in sitcoms and feminist backlash and the drooling sex-crazed dullard popularized as a male stereotype by Howard Stern, South Park, and The Man Show are but masks for the truly multi-faceted creature capable of a full spectrum of emotional and creative behaviors.

Although the narrow view that genetic testosterone-driven assertiveness can turn men into brutish warriors and rapist conquerors can be supported, most men throughout recorded history have overcome their animal heritage to become romantic tender-hearted and caring lovers and fathers, poets and counselors, chefs, and couturiers. In short, in our own widely varied yet comprehensive way, we men are far more interesting and complex than advertised. No matter how you translate us, it can always be said about whatever we do or say It's a Dick Thing!
