The Sirens of Mars Sarah Stewart Johnson 2020-07-07 “Sarah Stewart Johnson interweaves her own coming-of-age story as a planetary scientist with a vivid history of the exploration of Mars in this celebration of human curiosity, passion, and perseverance.”—Alan Lightman, author of Einstein’s Dreams WINNER OF THE PHI BETA KAPPA AWARD FOR SCIENCE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Times (UK) • Library Journal “Lovely . . . Johnson’s prose swirls with lyrical wonder, as varied and multihued as the apricot deserts, butterscotch skies and blue

sunsets of Mars.”—Anthony Doerr, *The New York Times Book Review* Mars was once similar to Earth, but today there are no rivers, no lakes, no oceans. Coated in red dust, the terrain is bewilderingly empty. And yet multiple spacecraft are circling Mars, sweeping over Terra Sabaea, Syrtis Major, the dunes of Elysium, and Mare Sirenum—on the brink, perhaps, of a staggering find, one that would inspire humankind as much as any discovery in the history of modern science. In this beautifully observed, deeply personal book, Georgetown scientist Sarah Stewart Johnson tells the story of how she and other researchers have scoured Mars for signs of life, transforming the planet from a distant point of light into a world of its own. Johnson’s fascination with Mars began as a child in Kentucky, turning over rocks with her father and looking at planets in the night sky. She now conducts fieldwork in some of Earth’s most hostile environments, such as the Dry Valleys of Antarctica and the salt flats of Western Australia, developing methods for detecting life on other worlds. Here, with poetic precision, she interlaces her own personal journey—as a female scientist and a mother—with tales of other seekers, from Percival Lowell, who was convinced that a utopian society existed on Mars, to Audouin Dollfus, who tried to carry out astronomical observations from a stratospheric balloon. In the process, she shows how the story of Mars is also a story about Earth: This other world has been our mirror, our foil, a telltale reflection of our own anxieties and yearnings. Empathetic and evocative, *The Sirens of Mars* offers an unlikely natural history of a place where no human has ever set foot, while providing a vivid portrait of our quest to defy our isolation in the cosmos.

But at the elite Wrynn College of Art, students paint and sculpt in a rarefied bubble. Louisa Arceneaux is a thoughtful, observant nineteen-year-old when she transfers to Wrynn as a scholarship student, but she soon finds herself adrift in an environment that prizes novelty over beauty. Complicating matters is Louisa’s unexpected attraction to her charismatic roommate, Karina Piontek, the preternaturally gifted but mercurial daughter of wealthy art collectors. Gradually, Louisa and Karina are drawn into an intense sensual and artistic relationship, one that forces them to confront their deepest desires and fears. But Karina also can’t shake her fascination with Preston Utley, a senior and anti-capitalist Internet provocateur, who is publicly feuding with visiting professor and political painter Robert Berger—a once-controversial figurehead seeking to regain relevance. When Preston concocts an explosive hoax, the fates of all four artists are upended as each is unexpectedly thrust into the cutthroat New York art world. Now all must struggle to find new identities in art, in society, and among each other. In the process, they must find either their most authentic terms of life—of success, failure, and joy—or risk losing themselves altogether. With a canny, critical eye, *Sirens & Muses* overturns notions of class, money, art, youth, and a generation’s fight to own their future.

Kasar has survived the breaking of the world, only to discover the vampire queen has slaughtered his sister and her unborn child. With the last of his bloodline dead, only his desire for vengeance keeps Kasar alive. He imagines he can pretend to succumb to Imogen's seduction—not that he has much of a choice, chained as he is to the foot of her bed—and bide his time until he has an opportunity to kill her. The passion he finds in her arms is unexpected, and impossible to resist. But this haven of desire and satiation could easily destroy them both.

The Number and the Siren Quentin Meillassoux 2012-04-06 A philosophical interrogation of the concepts of chance, contingency, and eternity through a concentrated study of Mallarmé's poem "Un Coup de Dés." A meticulous literary study, a detective story à la Edgar Allan Poe, a treasure-hunt worthy of an adventure novel—such is the register in which can be deciphered the hidden secrets of a poem like no other. Quentin Meillassoux, author of *After Finitude*, continues his philosophical interrogation of the concepts of chance, contingency, infinity, and eternity through a concentrated study of Mallarmé's poem "Un Coup de Dés," patiently deciphering its enigmatic meaning on the basis of a dazzlingly simple and lucid insight with regard to Mallarmé's "unique Number." The decisive point of the investigation proposed by Meillassoux comes with a discovery, unsettling and yet as simple as a child's game. The Number that "can be no other" can only be revealed to us via a secret code, hidden in the "Coup de dés" like a key that finally unlocks every one of its poetic devices. Thus is also unveiled the meaning of that siren, emerging for a lightning-flash amongst the debris of the shipwreck: as the living heart of a drama that is still unfolding. With this bold new interpretation of Mallarmé's work, Meillassoux offers brilliant insights into modernity, poetics, secularism, and religion, and opens a new chapter in his philosophy of radical contingency. The volume contains the entire text of the "Coup de dés" and three other poems, with new English translations.
