The Making of American Liberal Theology Gary

J. Dorrien 2006-01-01 In this first of three volumes, Dorrien identifies the indigenous roots

of American liberal theology and demonstrates a wider, longer-running tradition than has been thought. The tradition took shape in the nineteenth century, motivated by a desire to map a modernist "third way" between orthodoxy and rationalistic deism/atheism. It is defined by its openness to modern intellectual inquiry; its commitment to the authority of individual reason and experience; its conception of Christianity as an ethical way of life; and its commitment to make Christianity credible and socially relevant to modern people. Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time, including William E. Channing, Ralph Waldo Emerson, Horace Bushnell, Henry Ward Beecher, Elizabeth Cady Stanton, and Charles Briggs. Dorrien notes that, although liberal theology moved into elite academic institutions, its conceptual foundations were laid in the pulpit rather than the classroom.

Direct Action James Tracy 1996-09-15 Direct

Action tells the story of how a small group of "radical pacifists"—nonviolent activists such as David Dellinger, Staughton Lynd, A.J. Muste, and Bayard Rustin—played a major role in the rebirth of American radicalism and social protest in the 1950s and 1960s. Coming together in the camps and prisons where conscientious objectors were placed during World War II, radical pacifists developed an experimental protest style that emphasized media-savvy, symbolic confrontation with institutions deemed oppressive. Due to their tactical commitment to nonviolent direct action, they became the principal interpreters of Gandhism on the American Left, and indelibly stamped postwar America with their methods and ethos. Genealogies of the Civil Rights, antiwar, and antinuclear movements in this period are incomplete without understanding the history of radical pacifism. Taking us through the Vietnam war protests, this detailed treatment of radical pacifism reveals the strengths and limitations of

American individualism in the modern era.

The (Un)Common Good Jim Wallis 2014-05-27

Jim Wallis thinks our life together can be better. In this timely and provocative book, he shows us how to reclaim Jesus's ancient and compelling vision of the common good--a vision that impacts and inspires not only our politics but also our personal lives, families, churches, neighborhoods, and world. Now available in paperback with a new preface.

"Personal/political, religion/politics, faith/power, ideology/pragmatism . . . Jim Wallis is a wrestler of values, ideas, and policies and how they interact to shape the world we live in. His deep, melodious voice is easy to listen to, but what he says takes a harder commitment to live by."--Bono, lead singer of U2; cofounder of ONE.org "Wallis persuades more powerfully here than ever before. . . . He lays out the theology of [Jesus's gospel of the kingdom] and then issues to all Christians a rallying cry to apply that theology both in private life and in the arena of

public activity."--Phyllis Tickle, author of *Emergence Christianity* "Jim Wallis has long been an influential voice on Christian ethics and public life. . . . A fresh take on the interplay of faith and politics in America."--Relevant "Jim Wallis and I have a variety of differences on domestic and international policy, but there is no message more timely or urgent than his call to actively consider the common good."--Michael Gerson, op-ed columnist, *The Washington Post* "Reading this book will help you be more like Jesus, especially in the public square."--Joel C. Hunter, senior pastor, Northland--A Church Distributed

Brothers in the Beloved Community Marc Andrus 2021-11-16 The never-before-told story of the friendship between Martin Luther King Jr. and Thich Nhat Hanh—icons who changed each other and the world The day after Martin Luther King Jr. was assassinated in 1968, Thich Nhat Hanh wrote a heartbroken letter to their mutual friend Raphael Gould. He said: "I did not sleep

last night. . . . They killed Martin Luther King. They killed us. I am afraid the root of violence is so deep in the heart and mind and manner of this society. They killed him. They killed my hope. I do not know what to say. . . . He made so great an impression in me. This morning I have the impression that I cannot bear the loss." Only a few years earlier, Thich Nhat Hanh wrote an open letter to Martin Luther King Jr. as part of his effort to raise awareness and bring peace in Vietnam. There was an unexpected outcome of Nhat Hanh's letter to King: The two men met in 1966 and 1967 and became not only allies in the peace movement, but friends. This friendship between two prophetic figures from different religions and cultures, from countries at war with one another, reached a great depth in a short period of time. Dr. King nominated Thich Nhat Hanh for the Nobel Peace Prize in 1967. He wrote: "Thich Nhat Hanh is a holy man, for he is humble and devout. He is a scholar of immense intellectual capacity. His ideas for

peace, if applied, would build a monument to ecumenism, to world brotherhood, to humanity." The two men bonded over a vision of the Beloved Community: a vision described recently by Congressman John Lewis as "a nation and world society at peace with itself." It was a concept each knew of because of their membership within the Fellowship of Reconciliation, an international peace organization, and that Martin Luther King Jr. had been popularizing through his work for some time. Thich Nhat Hanh, Andrus shows, took the lineage of the Beloved Community from King and carried it on after his death. In *Brothers in the Beloved Community*, Marc Andrus tells the little-known story of a friendship between two giants of our time.

Nonviolent Resistance as a Philosophy of Life Ramin Jahanbegloo 2021-01-14
What do we mean by nonviolence? What can nonviolence

achieve? Are there limits to nonviolence and, if so, what are they? These are the questions the Iranian political philosopher and activist Ramin Jahanbegloo tackles in his journey through the major political advocates of nonviolence during the 20th century. While nonviolent resistance has accompanied human culture from its earliest beginnings, and representations of nonviolence in Eastern religions like Jainism, Buddhism and Hinduism are ubiquitous, it is only in 20th century that it emerged as a major preoccupation of figures such as Gandhi, Martin Luther King Jr., Nelson Mandela, Mother Teresa and Václav Havel. Focusing on examples of their way of thinking in different cultural, geographic and political contexts, from the Indian Independence Movement and US Civil rights and Anti-Apartheid movement to the Velvet

Revolution in Czechoslovakia and nonviolent protests in Tunisia, Iran, Serbia and Hong-Kong, Jahanbegloo explores why nonviolence remains relevant as a form of resistance against injustice and oppression around the world. With balanced readings of central players and events, this comparative study of a pivotal form of resistance written by accomplished scholar of Gandhi presents convincing reasons to commit to nonviolence, reminding us why it matters to the development of contemporary political thought. The Social Gospel in Black and White Ralph E. Luker 1998-03-01 In a major revision of accepted wisdom, this book, originally published by UNC Press in 1991, demonstrates that American social Christianity played an important role in racial reform during the period between Emancipation and the civil rights movement.
