Laughing in the Hills Bill Barich 2015-10-20 Bill Barich burst onto the literary scene more than twenty-five years ago with this remarkable account of racetrack life. Holed up in a cheap motel in Albany, California, only a few miles from Golden Gate Fields, he looked to the track to help him make sense of his life during a dark period of loss and challenge. With rare sensitivity, he captured the gritty world of the backstretch, and also its poetry, as few other writers have done. *Laughing in the Hills*, which was first serialized in the *New Yorker*, has become a classic of sporting literature and a must for anyone who loves horses and the world they create. "It is a lovely, valuable book, introspective without being self-serving; so, affectionate but never saccharine in its evocation of racetrack life, witty and perceptive throughout." —Jonathan Yardley, *Sports Illustrated* Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts, including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

A Light on the Hill (Cities of Refuge Book #1) Connilyn Cossette 2018-02-06 Seven years ago, Moriyah was taken captive in Jericho and branded with the mark of the Canaanite gods. Now the Israelites are experiencing peace in their new land, but Moriyah has yet to find her own peace. Because of the shameful mark on her face, she hides behind her veil at all times and the disdain of the townspeople keeps her from socializing. And marriage prospects were out of the question . . . until now. Her father has found someone to marry her, and she hopes to use her love of cooking to impress the man and his motherless sons. But when things go horribly wrong, Moriyah is forced to flee. Seeking safety at one of the newly-established Levitical cities of refuge, she is wildly unprepared for the dangers she will face, and the enemies--and unexpected allies--she will encounter on her way.

Different Seasons Stephen King 2017-03-28 Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee *The Shawshank Redemption*. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie *Stand By Me*. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

Prairie Light: a little book of seasons in picture and verse Nina Hackman 2014-09-10 *Prairie Light* is a book of poetry and pictures all about the lovely, changeable seasons we have here in the Mid-West. Each one is special and each has its own unique beauty. We may grumble a bit (especially about winter) but we do so look forward to each season as it arrives. Some would say we look forward to them leaving, too, but that's a different book for a different day. *Prairie Light* begins in deep winter when the snow is piled high and moves through the year back to winter again. Each poem is illustrated with an original photograph that I think captures the light, the beauty, or customs we have here. Attention

Readers: all the poems are short, interesting, and illustrated! No bedtime will be harmed by reading this book! Also, literary devices such as poetry patterns, descriptive language, rhyming, similes, etc. can be found in this book. It's a good read and has learning opportunities at the same time. I hope you enjoy *Prairie Light*.

The Seasons — Autumn James Thomson 2021-04-11 "Autumn" is a poem from a series of four poems under the title "The Seasons" by Scottish author James Thomson. He beautifully explained how everything is natural and cannot be explained by science. Thomson brilliantly personified nature and set the trend for the poetry of natural description. Bones of the Hills Conn Iggulden 2010 This, the third book in the 'Conqueror' series, is once more an epic story. Genghis Khan is an exhilarating and heroic figure. The sense of his ambition and his power, the relationships with his wives, sons and trusted aides, the sweep of his conquests, is all brought together by a masterful storytelling.

What is intended as a brief sojourn turns into an intriguing residency in the ancient hill village of Aliano, where Carlo Levi, author of the world-renowned memoir *Christ Stopped at Eboli*, was imprisoned by Mussolini for anti-Fascist activities. As the Yeadons become immersed in Aliano's rich tapestry of people, traditions, and festivals, reveling in the rituals and rhythms of the grape and olive harvests, the culinary delights, and other peculiarities of place, they discover that much of the pagan strangeness that Carlo Levi and other notable authors revealed still lurks beneath the beguiling surface of Basilicata.

The Sugar Season Douglas Whynott 2014-03-04 A year in the life of one New England family as they work to preserve an ancient, lucrative, and threatened agricultural art--the sweetest harvest, maple syrup... How has one of America's oldest agricultural crafts evolved from a quaint enterprise with "sugar parties" and the delicacy "sugar on snow" to a modern industry? At a sugarhouse owned by maple syrup entrepreneur Bruce Bascom, 80,000 gallons of sap are processed daily during winter's end. In *The Sugar Season*, Douglas Whynott follows Bascom through one tumultuous season, taking us deep into the sugarbush, where sunlight and sap are intimately related and the sound of the taps gives the woods a rhythm and a ring. Along the way, he reveals the inner workings of the multimillion-dollar maple sugar industry. Make no mistake, it's big business--complete with a Maple Hall of Fame, a black market, a major syrup heist monitored by Homeland Security, a Canadian organization called The Federation, and a Global Strategic Reserve that's comparable to OPEC (fitting, since a barrel of maple syrup is worth more than a barrel of oil). Whynott brings us to sugarhouses, where we learn the myriad subtle flavors of syrup and how it's assigned a grade. He examines the unusual biology of the maple tree that makes syrup possible and explores the maples'--and the industry's--chances for survival, highlighting a hot-button issue: how global warming is threatening our food supply. Experts predict that, by the end of this century, maple syrup production in the United States may suffer a drastic decline. As buckets and wooden spouts give way to vacuum pumps and tubing, we see that even the best technology can't overcome warm nights in the middle of a season--and that only determined men like Bascom can continue to make a sweet life off of rugged land.
