The Secret Country Sarah Robertson 2007 *The Secret Country* is the first monograph on the work of the contemporary American novelist Jayne Anne Phillips. Through detailed and innovative textual analysis this study considers the southern aspects of Phillips' writing. Robertson demonstrates the importance of Phillips' place

within the southern literary canon by identifying the echoes of William Faulkner, Katherine Anne Porter and Edgar Allan Poe that permeate her work. Phillips' complex attachments to a regional past are explored through both psychoanalytical and historical materialist approaches, revealing not only the writer's distinctly southern preoccupations, but also her reflections on contemporary

American society. Tracing the family dynamics in Phillips' work from the turn of the twentieth century to the present, this book examines the effects of increased modernization and capitalization on everyday interactions, and questions the nature of the author's backward glance to the past. This volume is of interest for a wide audience, particularly students and scholars of contemporary southern and American literature.

Family Secrets and the Psychoanalysis of Narrative

Esther Rashkin 2014-07-14

Family Secrets and the Psychoanalysis of Narrative is the first book to explore the implications of the psychoanalytic theory of the phantom for the study of narrative literature. A phantom is formed when a shameful, unspeakable secret is unwittingly transmitted, through cryptic language and behavior, transgenerationally

from one family member to another. The "haunted" individual to whom the "encrypted" secret is communicated becomes the unwitting medium for someone else's voice--and the result is speech and conduct that appear incongruous or obsessive in a variety of ways. Through close readings of texts by Conrad, Villiers de l'Isle-Adam, Balzac, James, and Poe, Esther Rashkin reveals how shameful secrets, concealed within the unspoken family histories of fictive characters, can be reconstructed from their linguistic traces and can be shown not only to drive the characters' speech and behavior but also to generate their narratives. First articulated by the French psychoanalysts Nicolas Abraham and Maria Torok, the theory of the phantom here represents a radical departure from Freudian, Lacanian, and other psychoanalytic approaches to literary interpretation. In Rashkin's hands, it also provides a response to structuralist and

poststructuralist critiques of character analysis, an alternative to deconstructive strategies of reading, and a new vantage point from which to consider problems of intertextuality, "authorship," and the formation and origins of narrative. 2012-02-24 Ghostly Alterities analyses the meaning of ghostliness in contemporary Anglophone novels - Patricia Grace's Baby No-Eyes (1998), Toni Morrison's Beloved (1987), J. M. Coetzee's Foe (1986), Vivienne Cleven's Her Sister's Eye (2002), Ben Okri's The Famished Road (1991), Pat Barker's The Ghost Road (1995) - in which the figure of the ghost is often entrusted with the task of questioning Western culture and history. After an introductory chapter which investigates Freud's concept of the uncanny along with theoretical issues raised by Iain Chambers and Jacques Derrida, Ghostly Alterities discusses the novels from different critical orientations (postcolonialism, poststructuralism and psychoanalysis), presenting ghostliness as intersecting with three major themes: the problem of the spectre's visibility and "bodily" nature; the particular melancholic state of mind the ghost can trigger which brings about a very special kind of

(g)hospitality; the spectral nature of history and its relationship with the characters' personal memory.

In his very personal Introduction, Prokofieff describes, in moving detail, the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia, and how eventually he came to write this extraordinary study of Rudolf Steiner. The resulting volume - a work of secondary anthroposophical literature unprecedented in its depth and significance - was first published in Germany in 1982, meeting with equal amounts of acclaim, astonishment and controversy. happens when we die. Still, I hear the ghost scream. I hear the screaming and am compelled to write the stories of those whose lives were snatched away. They are the murder victims, the ones who roam restlessly. They are the headliners of this book." -- Leslie Rule

Hauntings--the word conjures up immediate and insatiable curiosity. Paranormal author Leslie Rule explores a new twist on this strange phenomenon when she explores brutal deaths--and subsequent hauntings--all over America in *When the Ghost Screams*. No sector of the country is left untouched by these mystical happenings. The Midwest, Northeast, Southwest, and, of course, Salem, Massachusetts (to which the author has her own bizarre connection), all have unique and gruesome cases of their own ghostly incidents. Furthermore, Leslie's hometown of Seattle, Wash., is rumored to be haunted and has a violent history of its own that is explored. Prominent theory suggests that whether

homicide or accidental, a violent death may cause the soul to linger behind on earth. The author's own research leads her to believe unsolved violent deaths may be the cause of the most-observed paranormal activity. Leslie has visited each site and interviewed reliable witnesses who have actually encountered ghosts. Accompanied by the author's own dramatic black-and-white photographs, *When the Ghost Screams* also introduces sidebar articles on notorious crimes and trials featuring ghosts. Best-selling crime author Ann Rule writes the foreword.

The Spooky Ghost School

AQEEL AHMED 2023-09-20

The charming children's book "Sammy the Friendly Ghost and the Spooky Ghost School" takes place in Whispering

Pines, where a nice ghost named Sammy lives. Sammy is a nice person who likes to meet new people and spread happiness among the living. One day, he hears older ghosts talking about a strange place called the Spooky Ghost School, which attracts his attention. Sammy's eagerness to learn takes him on an incredible trip to the Spooky Ghost School. When he gets there, he is met by a big, scary mansion made of moonlight that is see-through. Inside, he finds a world where ghosts go to school and meets other ghosts of different sizes and shapes who are also getting better at being ghosts. One of these new friends is Bella, a friendly ghost who greets Sammy and shows him around the school. Sammy says he wants to learn how to scare people, so Bella tells him that the Spooky Ghost School is the best place for him to do that. Sammy starts his training under Bella's watch, and he quickly learns how to float through walls, make things move, and make scary noises.

The other ghosts are gentle and supportive, which helps Sammy get better at what he does. Sammy's favorite thing about school is making spirit friends like Casper, Lily, and Timmy, who all have their own skills and traits. One night, Bella thinks it would be fun to have a contest to see who can scare the living the most. Sammy decides that instead of making the living afraid of him, he will surprise and amuse them. Sammy's touching act during the competition, in which he surprised a little girl with a bouquet of ghostly moonlight flowers, steals the show. His performance makes the judges feel good and reinforces their belief that kindness and hope are the most amazing ghostly illusions. Sammy's win is a turning point for the Spooky Ghost School. It shows how important kind acts and spooky unity are. Sammy's friendly personality keeps drawing in the live people of Whispering Pines, making him the friendliest ghost in town. He goes back to the Spooky Ghost School often to share his

special skills and bring happiness to both the living and the dead. Sammy's story tells us that even though the world is full of ghosts and scary things, kindness and friendship are the best and most lasting magic of all. His memory lives on in the minds of everyone who knew him and brings love, laughter, and eternal joy to Whispering Pines. Here's how the story starts: Everyone knew that Sammy was a nice and helpful ghost who lived in Whispering Pines, a beautiful town that seemed to be stuck in twilight forever. Sammy wasn't like any other ghost. To say he was unique would be an insult. His ghostly nature gave off a nice feeling, which made him a respected figure among the people who lived in Whispering Pines. Sammy's ethereal life was focused on one positive goal: linking with the living and bringing happiness to them like stardust. Every night when there was a full moon, he would come out of the ethereal world, his translucent body shining with an extraordinary

light that made the night's chill seem like nothing. Sammy's eyes sparkled with mischief, and his constant grin was both peaceful and mysterious. On one of these lovely nights, as Sammy slid easily through Whispering Pines, fate told him something interesting. He heard older, more experienced ghosts meeting in secret while he was floating near the shady eaves of an old oak tree. Their voices sounded like they were coming from a long time ago because of how old and worn they sounded. Their ghostly figures moved softly, and the spiritual light that surrounded them danced to the beat of their stories. Their talk, which was full of ghostly secrets, was mostly about a place that made Sammy's spine shiver: the famous Spooky Ghost School. Even just mentioning this mysterious place seemed to bring up an uneasy feeling that hung in the air like a spell. Sammy was mesmerized as the older ghosts told stories and whispered secrets about the cool school. It was said to be a place where ghosts and other

magical things got together to work on their skills and figure out how to do their jobs. Sammy's spirit heart was both scared and excited about what was going to happen. How old are the walls of this Spooky Ghost School? What tales do they hold? What secrets and wonders did it hold for those who were brave enough to walk through its ghostly gates? As Sammy listened to every whispered word and story about the Spooky Ghost School, he felt a strong pull toward this land he had never seen. His never-ending spirit of adventure made him want to know more and more. This made his interest shine brighter than the moon, which was the only light on his path. He knew with all of his soul that he had to start on this wonderful journey. Sammy's life as a friendly ghost has always been marked by his never-ending thirst for knowledge and his never-ending need for company. It looked like fate had added a new thread to the fabric of his ghostly life, leading him into

the unknown. Sammy's trip to the Spooky Ghost School started under the watchful eyes of the moon and the bright stars. He didn't know that this way would lead him to a world beyond the veil of the living, where scary secrets and ghostly wonders awaited him. Every night, Sammy's transparent body floated closer to the school's huge gates. He could feel the tendrils of fate wrapping around him and tying him to the strange place that held the key to the world's haunting secrets. Sammy asked himself, "The Spooky Ghost School?" His ghostly voice was hard to hear over the rustling of the stars. His ghostly form floated in the stillness of the night, bathed in the pale, silvery light of the moon that ran through the canopy of Whispering Pines' whispering trees. As he thought about the mysterious word, a strange light danced in his ghostly eyes, like two circles of moonlight. His airy hand could only touch the threads of interest that entangled his own existence, but he reached out

as if to touch the idea that had formed in the night air. It was a name that was wrapped in mystery, a riddle that called with a strong pull. Sammy had a golden heart and was known for being very curious and always wanting to make friends with living people. He'd spent a lot of starry nights making people in Whispering Pines happy, his happy personality a bright spot in the town's creepy darkness. Still, just the thought of the Spooky Ghost School made him more interested than even his constant ghostly grin. Sammy couldn't help but wonder what secrets were behind the big gates of the Spooky Ghost School as he floated there, listening to the crickets and the wind. In its abstract form, the name made me think of a cold but exciting feeling, like the touch of cold air on a winter night. What was this place, and how come he had never heard of it? Thoughts like ghostly wraiths flew through his phantom mind, and the more he thought about it, the greater the pull toward the unknown

became. It was a pull on his spirit existence that made him want to go into parts of the otherworldly he hadn't seen yet. Sammy made a secret promise to himself at that moment, a promise that would lead him on an amazing trip into the heart of the Spooky Ghost School. He had no idea that this choice would lead him on an adventure that would show him not only the secrets of the ghost business, but also how good he was at being a ghost himself. The Spooky Ghost School was waiting for him, shrouded in mystery, and steeped in magic. While the moon continued to watch over Whispering Pines from the sky, Sammy's ghostly form began its trip into the unknown, led by whispers of the mysterious school's name. The Spooky Ghost School was a place with a lot of history and mystery. It was hidden somewhere in the ethereal areas, beyond the living world. Few ghosts knew it existed, and even the most experienced ghosts shivered when they heard its name whispered. The school's history

had been lost to time, and its beauty was covered by layers of phantom magic. The school was a large, impressive mansion made of moonlight and starlight. It was in a spectral dimension that linked to the mortal realm. Its design was a strange mix of Gothic towers and Victorian elegance, and the walls sparkled like mist. The huge gates were made of airy iron, and the beautiful writing on them seemed to move and change with every ghostly breeze.
